City of Rolla Mo

ORDINANCES RELATING TO CITY LIMITS.

ORDINANCE NO. 1.

AN ORDER OF THE COUNTY COURT, DATED NOVEMBER 13, 1890, INCORPORATING
ROLLA AS A CITY OF THE FOURTH CLASS.

Be it Ordained by the Board of Aldermen of the City of Rolla, as
Follows:

Section 1. Now at this day comes John Hardin, T. D. Smith, and
two hundred and thirty-one other inhabitants of the district of land
hereinafter described, and present to the Court the petition hereto-
fore filed in this behalf; which said petition sets forth, that
they are the inhabitants and reside in the following district of
land situated in Phelps County, Missouri, as follows:

Sec. 2. Beginning at the Northeast corner of Section Eleven
(11) in Township Thirty-seven (37) Range Eight (8) West, running
due South 741 feet to the Northwest corner of McEntee's Addition
to the City of Rolla, thence East 660 feet along the North line of
said addition to the Northeast corner thereof, thence South 1320
feet to the Southeast corner of Lot 49 of Railroad Addition to the
City of Rolla, thence West 660 feet along the South line of said
Lot 49 to the Section line between Sections Eleven and Twelve (11 &
12), Township Thirty-seven (37) Range Eight (8) West, thence due
South 660 feet along the said Section line to the quarter corner of
said Sections Eleven and Twelve (11 & 12), and thence West 2640 feet
to the center of Section Eleven (11) Township Thirty-seven (37)
Range Eight (8), West, thence due North to the South line of the
right-of-way of the St. Louis and San Francisco Railway Company,
thence West along said line 240 feet to the creek, thence with the
meandering of said creek to the Northwest corner of Block 49 in

Bishop's First Addition to the City of Rolla, Missouri, thence in a Northeasterly direction along the North line of said Block 49 to the West line of Spruce Street, thence North along the West line of Spruce Street to the North line of Seventh Street, thence East along the North line of Seventh Street to the West line of State Street, thence North 1824 feet to the North line of Thirteenth Street, thence East 514 feet along the North line of Thirteenth Street to the East line of Main Street, thence South 360 feet to the North line of Twelfth Street, thence East 576 feet along the North line of Twelfth Street to the East line of Pine Street, thence South 620 feet along the East line of Pine Street to the North line of Tenth Street, thence East along the North line of Tenth Street to the place of beginning. Said above described territory lying and being situated on the East half (1/2) of the Northwest Quarter (1/4) of Section Eleven (11), Northeast Quarter (1/4) of Section Eleven (11) and West half (1/2) of Northwest Quarter (1/4) of Section Twelve (12), and the Southwest Quarter (1/4) of the Southeast Quarter (1/4) of Section Two (2), all in Township Thirty-seven (37), Range Eight (8), West, Phelps County, Missouri.

Sec. 3. And praying that said district be organized and incorporated under the name of the City of Rolla, with all the powers granted under and by virtue of the general law of the State of Missouri for the government of cities of the fourth class; that a police be established for the local government of said incorporation and for the preservation and regulation of any commons appertaining to the same.

And further praying that the Court make an order that said City be incorporated according to the metes and bounds aforesaid, and to make all such orders touching the premises as will fully and effectually secure the organization and incorporation of said City as a city of the fourth class.

And said petition being submitted and the Court being satisfied from the evidence that there are now residing on the district of lands hereinbefore described and sought to be incorporated more than five hundred and less than three thousand inhabitants, and that a majority of the taxpaying inhabitants residing on the lands aforesaid have signed the said petition, and that the inhabitants residing on said lands are not the inhabitants of an incorporated city, town or village.

Sec. 4. It is therefore considered and declared by the Court that the inhabitants residing on the district of lands heretofore described, are and the same are hereby organized and incorporated under the name and style of the "City of Rolla," as a city of the fourth class, with all the power and authority granted them by the State of Missouri, under and by virtue of the provisions of the laws thereof relating to cities of the fourth class, and that a police be established for the local government and for the preservation and regulation of any commons appertaining to said city, and the Court, in order to carry out and effectuate said incorporation, designate and appoint E. Y. Mitchell as Mayor, and Jos. Campbell, John S. Livesay, Henry Dean, Chas. Strobach, Absolom Gordon and Granville Allen as Aldermen, and Thos. Madigan as Marshal and Collector of said city, who shall hold their office until the general election for such officers, and until their successors are duly elected and qualified as provided by law governing the cities of the fourth class.

Given under our hands this the 13th day of November, 1890.

ORDINANCE NO. 13.

AN ORDINANCE GOVERNING CITY ELECTIONS.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section 1 There shall be held on the first Tuesday in April of each year a general election for the election of city officers.

Sec. 2 At all general elections, polls shall be opened in each ward, at such place as the Board of Aldermen may provide, and no person shall be permitted to vote in any other ward than that in which he may reside at the time of voting. All special elections shall be held at such time as may be appointed, and at such places as may be provided by the Mayor and Board of Aldermen.

Sec. 3 The polls of all elections shall be opened at seven o'clock in the morning, and shall be closed at and not until sunset of the day on which the election shall be held, and the Mayor shall in all cases, give at least ten days' notice of the time, place and purpose of holding any election by at least five printed hand-bills, posted up in conspicuous places in each ward in which such election is to be held, or shall cause the same to be printed in some newspaper published in the City of Rolla.

Sec. 4 At a meeting held at least two days before the day of any election, the Mayor and Board of Aldermen shall appoint two suitable persons to act as judges, and two suitable persons to act as clerks of such election in the ward from which they shall have been appointed; and the said judges and clerks shall take the oaths, conduct the election, count the votes cast thereat, and make their returns of said election, duly certified to the City Clerk, in the manner required by the general laws of the State of Missouri, regulating State and County elections. The judges and clerks of

any election shall be entitled to receive the sum of one dollar and fifty cents per day for their services.

Sec. 5 Should any of the appointed judges or clerks fail to attend and qualify at the time for opening the polls, then the legal voters there assembled, may designate persons duly qualified to take the place of those failing to attend and qualify, who shall proceed in the same manner as if appointed by the Board of Aldermen.

Sec. ~~4~~ 6 It shall be the duty of the City Clerk to deliver to the judges of election, the poll-books for their respective wards, on or before the morning of the day of election.

Sec 7 The Board of Aldermen shall meet on the Thursday following such election, and the City Clerk shall, in the presence of the Board, open said election returns. Then the Board shall determine who have been elected to the various offices, and shall direct the City Clerk to issue certificates of election, attested by him, and cause the same to be delivered to the persons so declared elected. But if any question shall arise regarding the eligibility or legal qualification for office of any person receiving the highest number of votes for any office, or if the Board shall be notified of the ineligibility or disqualification of such person, the Board shall not order certificate of election to be issued to such person but shall as speedily as possible make due inquiry as to the eligibility or qualification of such person, and if such person be found, upon such inquiry to have been eligible and duly qualified, shall then direct a certificate of election to be issued to him; and if such person be found to have been not eligible, or not qualified for office, the Board shall at its regular meeting, on the first Monday in May after election, order an election to be held for the purpose of electing properly qualified person or persons to such office or offices.

Sec. ⁸~~7~~ The City Clerk shall not deliver certificates of election to the persons declared elected at any general or special election, until ten days after the day on which he shall be directed to issue such certificates, in order that any questions that may arise touching the eligibility or qualification for office of any persons declared elected, may be considered by the Board of Aldermen.

Sec. ⁹~~8~~ In all contested elections the Board of Aldermen shall order the City Clerk to withhold the certificate of election until such contest be decided.

Sec. ¹⁰~~9~~ If two or more persons, candidates for ^{either} ~~any~~ of the offices of Collector, ^{or} Marshal, ~~or Assessor~~, shall have an equal and the highest number of votes cast for such office, the Board shall at once order another election to be held.

Sec. ¹¹~~10~~ When any new ward shall be created or set off, and such new ward shall include the residence of any member of the Board of Aldermen, whose term of office shall not at the time of the formation of such new ward have expired, the office of such member shall not be considered vacant; but he shall be entitled to serve as Alderman for the remainder of the term for which he was elected.

¹²
 Sec. ~~11~~ ^{assessor} If the Mayor, City Marshal, Street Commissioner, or Collector, shall remove from the city, or any Alderman shall remove from the ward from which he was elected, ^{or appointed} the Board of Aldermen shall, after having ascertained the fact of such removal, declare such office vacant, and such vacancy shall be filled in the manner elsewhere provided by ordinance.

Sec. 4 The Board of Aldermen shall meet in regular session on the first Monday in each month, at the hour of seven (7)³⁰ o'clock P. M., at the City Hall.

Sec. 5 The Board of Aldermen may hold adjourned meetings at any time, which shall be to all intents and purposes a continuation of the meetings of which they are adjournments, and the same proceedings may be held at such adjourned meetings of which they are adjournments.

Sec. 6 The Mayor may notify the Board of Aldermen to hold special meetings, when in his judgment it is proper, at which meetings no other business shall be transacted except that mentioned in the call of the Mayor, unless two-thirds of all the members of the Board shall consent to the transaction of other business.

Sec. 7 At any meeting, upon the request of any two members, the City Clerk shall immediately call the names of the members in alphabetical order and note the names of those absent, and unless said absent members be excused by the members present, the Marshal shall proceed, at the direction of the presiding officer to bring the absent members before the Board at once, and the Marshal shall report his action on such order to the Board, and thereupon the Board shall hear and determine the case of each absentee as reported in the presence of the members thus brought before them, and decide whether his absence shall be excused. If he be not excused, the Board shall inflict such penalty as may seem proper, not to exceed a fine of one dollar; and until the fine thus imposed be paid the member fined shall be considered to be in contempt, and shall exercise none of the privileges and duties of a member of the Board.

Sec. 8 When any vacancy shall happen in the office of Mayor, by death, resignation, removal from the city, removal from office, refusal to qualify, or from any other cause whatever, the Board shall, by a vote of a majority of all the members present at any meeting of the Board, appoint one of their members Acting President of the Board of Aldermen, who shall for the time being, perform the duties of Mayor, with all the rights, privileges, power and jurisdiction of the Mayor, until such vacancy be filled, or such disability be removed; or in case of temporary absence, until the Mayor returns.

ORDINANCE NO. 17.

AN ORDINANCE PERTAINING TO THE DUTIES OF THE MAYOR.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section 1 The Mayor shall sign all warrants, bonds, or other forms of evidence of city indebtedness, the issue of which has been, or may be, legally authorized, previous to his signing the same. He shall sign and properly execute all deeds to sales of real estate, which the city may sell, when properly authorized to do so by the Board of Aldermen, and shall perform such other duties as may be by law or ordinance imposed upon him.

Sec. 2 If a vacancy occur in any elective office, the Mayor, or the person exercising the duties of the Mayor, shall cause a special election to be held to fill such vacancy, provided that when any such vacancy occurs within six months of a general municipal election, no election shall be called to fill such vacancy, but the same shall be filled by the Mayor or the person exercising the duties of mayor, by appointment.

Sec. 3 *mayor shall be the ex officio Police Judge*
The ~~Police Judge~~ shall possess all the qualifications of ~~Mayor~~ *of the City of Rolla* and shall have exclusive jurisdiction to hear and determine all offenses against the ordinances of the city: Provided that in case of absence, sickness or disability in any wise of such ~~Police Judge~~ *Mayor*, or in case of a vacancy in such office, the *President of the Board of Aldermen* ~~Mayor~~ shall perform all such duties, until the disability is removed or the vacancy filled. Such ~~Police Judge~~ *Mayor* shall be entitled to the fees prescribed by law for Justices of the Peace for similar services, and be taxed as costs in the cause.

Sec. 4 All prosecutions for violations of any ordinance of the City of Rolla shall be entitled "The City of Rolla against (naming the defendant)" and the docket shall show the name of the complainant, the nature and character of the offense, the date of the trial, the names of all witnesses sworn and examined, the finding of the court, the judgment of fine and costs, the date of payment, the date of issuing commitment, if any, and every other fact necessary to show the full proceedings in each case. The complaint when made by the Marshal, assistant Marshal, or regular policeman, need not be in writing, if the defendant be in court or in custody, and no fees shall be allowed for making such complaint, certifying thereto, or issuing a warrant thereon; but in every case ^{where} the complaint ^{is made by a private party the same} shall be in writing, and sworn to, before the warrant be issued for the arrest of the defendant; and if the defendant shall be discharged or acquitted upon trial, the complainant shall be adjudged to pay the costs of all proceedings in the case, and in no case shall the City be held liable to pay costs, except where a conviction is had.

Sec. 5 Whenever the city is liable for any costs incurred in the trial of any violation of its ordinances before the ^{Mayor} Judge of the ~~Police Court~~, it shall be the duty of such ^{Mayor} judge to make out, certify and return to the Clerk of the City a complete fee bill, specifying each item of service, and the fee therefor, together with all the papers and docket entries in the case; and it shall thereupon be the duty of the City Clerk to make out a proper fee bill of such costs, which shall be properly and legally charged against the city, so that the same shall be presented for allowance before the Board of Aldermen. But no fees in any case shall be allowed by the Board until the Marshal's return shows that the ordinance for the enforcement of fines has been enforced against the defendant, and the laws and the ordinances strictly complied with.

ORDINANCE NO. 18.

AN ORDINANCE PERTAINING TO THE DUTIES OF THE CITY MARSHAL.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section 1 It shall be the duty of the City Marshal to attend all meetings of the Board of Aldermen, unless other urgent duties shall require his presence elsewhere. He shall execute all orders, and serve all notices which may be necessary to be executed or served, when directed so to do by the Board of Aldermen. X He shall keep a diligent outlook for those violating or about to violate any of the city ordinances, suppress all disturbances and breaches of the peace that may come under his observation or be brought to his notice, shall arrest all persons engaged in the same and take them before the ^{Mayor} Police Judge and file complaints against such persons. He shall report all breaches of ordinances of which he may have information, with the names of material witnesses, to the Mayor, and make or file such complaints as is required by law or ordinance. He shall serve all processes and other orders to him directed and delivered, shall pay over monies by him collected on process, to the City Treasurer, and take receipts therefor, and return such receipts and processes to the Board.

Sec. 2 The City Marshal shall have power at all times when in his judgment it is necessary, to summon any person or persons to assist him in making any arrest or suppressing any riot or disturbance of the peace.

Sec. 3 The City Marshal and Night ^{Policeman} Watchmen of Rolla shall wear, while on duty, a uniform which shall consist of a sack coat with brass buttons of police regulation, with vest and trousers of a dark blue color. Such uniform shall be provided by the officer at his own expense. Regular policemen shall wear their badge of

office, a silver shield, of uniform size, bearing the inscription "Rolla Police". Special Policemen shall wear a star. All badges shall be worn in plain sight at all times while on duty.

Sec. 4 The Board of Aldermen may appoint one or more suitable persons to act as day or night policemen, who shall have power to serve and execute all warrants, subpoenas, writs, notices, or other process, and to make arrests in the same manner as the Marshal.

Sec. 5 To the person or persons so appointed by the vote of the Board, as provided in the foregoing section, the Clerk shall certify in writing, and said appointment shall thereupon be considered valid and binding from the date thereof, and shall be filed in the office of the City Clerk.

Sec. 6 If any policeman shall die, resign, or remove from the city, or shall fail, neglect, or refuse to discharge his official duties, or become intoxicated, the Board may, by resolution, declare his place vacant.

Sec. 7 Before entering upon his duties as Policeman, each and every person appointed as such, shall take and subscribe an oath to be endorsed upon said appointment, to support the Constitution of the State of Missouri, and the ordinances of the City of Rolla, and to faithfully and impartially discharge all duties of his office, and shall give bond therefor in such sum as the Board shall fix.

Sec. 8 The members of the Police force of the city shall obey all rules and regulations that shall be prescribed by the City Marshal, and shall do and perform all such other duties as are usually performed by Policemen of other cities, and which properly come within the sphere of their duties.

Sec. 9 No Policeman, or other person in the employ of the city as such, making an arrest, shall be allowed to take from the party arrested, any money or other property, except weapons, until such party arrested shall be taken before the ~~City Marshal, or the Police Judge~~, ^{Mayor} or some other responsible person, where a search of the person of the party arrested shall be made, and a list of his property made in a book kept by the Policeman for such purpose, and attested by the officer or person before whom the search was made.

Sec. 10 The City Marshal shall, when about to be absent from duty, ^{notify the Mayor of such fact who shall} appoint some suitable person to discharge the duties of the office during ^{the marshalls} absence, and in case of his failure to appoint such person, the Board of Aldermen, ~~or the Mayor~~, or the Chairman of the Committee on Police, may appoint some suitable person to discharge the duties of the office of Marshal, who shall receive the same compensation as is allowed the Marshal, and shall give bond for the faithful performance of his duties, and the amount paid such person for such services shall be deducted from the salary of the Marshal.

Sec. 11 The City Marshal each day shall enter upon the discharge of the duties of his office at the hour of seven o'clock A. M., and shall remain in the discharge of such duties upon the streets of the city, or at, or in such place within the city, as he shall be called to visit or frequent in the discharge of such duties, until the hour of ^{nine} ~~eleven~~ o'clock P. M., except during such time as may be necessarily occupied by taking meals, or by other necessary and excusable absences. And the Marshal shall not leave the city, except in the discharge of his official duties, without having first obtained the permission of the Board of Aldermen, or Committee on Police.

ORDINANCE NO. 19.

AN ORDINANCE PERTAINING TO THE DUTIES OF THE COLLECTOR.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section / The Collector shall collect all taxes on city licenses of all kinds, and all taxes due the city on real estate and personal property, and shall pay into the City Treasury, monthly all moneys, bonds, coupons and warrants collected by him, taking duplicate receipts therefor, one of which he shall forthwith file with the City Clerk.

Sec. 2 It shall be the duty of the Collector, immediately upon receiving the tax books from the City Clerk, to give not less than ten (10) days notice of the time and place at which he will meet the tax-payers of the city and receive their taxes. Said notice shall be given by publication for ten days in a newspaper published in the city, in which he shall notify said tax-payers to meet him at such place in the city as may be named by him, and the number of days (not less than thirty) that he will attend for the purpose aforesaid, and it shall be his duty to attend at the time and place aforesaid to receive such taxes.

Sec. 3 That the tax books shall be an execution in the hands of the Collector, from the date of their delivery to him, and the taxes shall be a lien upon the property against which they are levied thereon, and the Collector may at any time after receiving the tax book, seize and sell the personal property of any person in the city who is about to remove, or has removed, any of his personal property out of the city without first paying the taxes due thereon, or who has sold, or is about to sell, any of his personal property

upon which the tax has not been paid, and which is not by law exempt from taxation.

Sec. 4 If any taxes shall remain unpaid after the first day of January in any year for which the same is levied, it shall be the duty of the Collector to notify the owner or person against whom such tax is levied, in writing, or by printed notice, of the amount due, and upon what property levied, and demand payment within ten days after the service of such notice; it shall be the duty of the Collector, and he is hereby authorized and required to seize and levy upon any personal property not exempt from taxation of such owner or person, and to sell the same for the payment of such tax, and the costs of seizure and sale, whether such tax be due upon real estate or personal property, or both. If the owner or person against whom such tax is levied cannot be found in the city, he may be notified by mailing a notice to his address, if known, if not known, by depositing such notice in the post office at Rolla, addressed to him, or by serving the same on his agent, if he has one in the city known to the Collector.

X Sec. 5 Sales made under the foregoing section shall be in the following manner: It shall be the duty of the Collector, so soon as he has levied upon the personal property, to advertise the same for sale at the City Hall, which advertisement shall be either printed or written handbills, which shall contain a description of the property levied upon, for what purpose the levy was made, and the name of the person or persons whose property is seized, and at what hour and place the sale will be made; which notice shall be conspicuously posted in at least six public places in the City of Rolla. The sale shall be by auction and for cash in hand to the highest bidder; but no more property shall be sold than what is necessary to pay the taxes and costs of seizure and sale; and all

sales shall be made between the hours of ten o'clock A. M. and three o'clock P. M.

Sec. 6 It shall be the duty of the Collector to furnish all nonresident tax-payers with a statement of the amount of taxes assessed against any lot or tract of land in this city for any year for which he is Collector, and send the same by mail to the address of any person applying to him by letter for the same, and whenever any funds are remitted to the Collector for payment of any taxes appearing on the tax book to be due, it shall be his duty to receive the same and send a receipt therefor by mail to the person remitting such funds; Provided that he may charge all sums that he may have to pay for postage in the case as costs against the person applying or remitting to him, but no other costs.

Sec. 7 Whenever any person shall pay any taxes the Collector shall immediately enter such payment on the tax books, together with the date of payment, and the name of the person by whom and for whom paid, the amount and for what year paid, and shall give to the person paying such tax a receipt specifying the name of the person by whom and for whom paid, date, amount, for what year paid, and the property and assessed value thereof as described in the tax book. The Collector may receive taxes on part of any lot or tract of land charged with taxes: Provided, that the person paying such tax shall furnish a particular description of said part, which shall be entered on the tax book in red ink, and if the payment is made on an undivided share of real estate, he shall also enter the names of the owners of such shares, and of the share or shares unpaid.

Sec. 8 That there shall be, and there is hereby levied, a penalty by way of interest on all taxes remaining unpaid after the

first day of March of each year, one per cent per month, and all parts of a month shall be computed as a month, together with a penalty of twenty-five cents to be paid to the collector for the use of the city.

Sec. 9 That the Collector shall, annually, on the first Monday of April, or at the first regular or adjourned meeting of the Board thereafter, make out under oath, and return to the Board of Aldermen, a list of the delinquent taxes remaining due and uncollected on the tax books in his hands, to be known as the delinquent lists of the city, together with the interest and penalty, and shall certify the same as follows:

I, _____, Collector of the City of Rolla for the year _____, hereby certify that the foregoing is a true and correct list of the delinquent taxes for the City of Rolla remaining uncollected on this day for the year _____, and that I have been unable to collect the same, and have made the demand and have given the notice in each case as required by ordinance of said city.

Collector.

Sworn to and subscribed before me this _____ day of _____.

And in default of such report he shall be responsible on his bond for the taxes, interest and penalty remaining due and uncollected.

Sec. 10 That at the regular meeting of the Board of Aldermen on the first Monday of April, and if no such meeting shall be held, then at the first meeting thereof after the first Monday of April, the Board of Aldermen shall examine the delinquent list returned by the Collector, and the amount of such delinquent list, or so much thereof as shall be found properly returned delinquent shall be allowed him as a credit on his settlement for and on account of taxes.

But before allowing such credits the Board of Aldermen shall make special inquiry and be satisfied that he has used due diligence to collect the same.

Sec. 11 The Collector shall also make settlement with the Board of Aldermen whenever required by them to do so.

Sec. 12 The Collector, before entering upon the discharge of the duties of his office, shall give bond to the city in such sum, and with such good and sufficient securities, as shall be approved by the Board of Aldermen, conditioned for the faithful discharge of the duties of his office.

ORDINANCE NO. 20.

AN ORDINANCE GOVERNING THE CITY TREASURER.

Be it Ordained by the Board of Aldermen of the City of Kolla, as follows:

Section 1 It shall be the duty of the City Treasurer to receive and receipt for all books pertaining to his office, and them safely keep, and to receive and receipt for in duplicate all monies belonging to the city, and charge himself therewith in a book kept for that purpose, and designate on said receipt and in his book the funds to which said moneys belong, one of which receipts he shall deliver to the person paying the money, and the other to the clerk. He shall pay out money only upon warrants, or orders signed by the Mayor and attested by the City Clerk, out of the funds designated by said warrants or orders, and not otherwise. He shall, when any order shall be paid, note the same in his books, with the date of payment, to whom paid, and the amount of interest, if any.

Sec. 2 The Treasurer shall, on the first Monday in each Month, and at such other times as the Board may require, report the amount of money in the treasury, and to what accounts belonging.

Sec. 3 The Treasurer shall, unless otherwise directed, pay warrants in the order in which they are presented, and note the fact and date of presentation thereon.

Sec. 4 The Treasurer shall file all warrants paid by him, and shall in his settlements with the Board return the same to the Board and receive credit for the amount of all warrants legally paid, and the same shall be entered at large upon the journal. He shall, when any bill is referred to him, endorse upon it whether

there is money in the Treasury to pay the same and return the bill at once to the President of the Board.

Sec. ⁵ The Treasurer shall receive as compensation for his services ^{one} ~~two~~ per cent of all monies paid out by him.

Sec. ⁶ It shall be the duty of the Treasurer to have all of the moneys, books, papers, vouchers, and all other property of the city in his hands in proper condition to deliver to his successor in office, and as soon as his successor shall qualify as provided by ordinance, shall turn over the same to him, taking duplicate receipts therefor, one of which shall be filed in the office of the City Clerk.

Sec. ⁷ The City Treasurer shall perform such other duties as are usually performed by the City Treasurers, and not inconsistent with the Statutes of the State of Missouri concerning cities of the fourth class.

Sec. ⁸ The City Treasurer shall, before entering upon the discharge of the duties of his office, give bond to the city in such sum and with such good and sufficient securities as shall be approved by the Board of Aldermen, for the faithful performance of the duties of his office.

AN ORDINANCE GOVERNING THE CITY ENGINEER.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section 1 There is hereby created by the Board of Aldermen the office of City Engineer, and the officer appointed under this ordinance shall hold his office until the first Monday in May after his appointment, and until his successor is appointed and qualified.

Sec. 2 It shall be the duty of the City Engineer, whenever required, to prepare for the consideration of the Board of Aldermen, grades for streets and alleys, and other plans of public improvements, and to perform all duties pertaining to his office that may be required by the Board.

Sec. 3 The City Engineer shall, whenever requested by any owner of property within the city, furnish to such person, without charge therefor, proper information as to the elevation or grade of any street, alley or sidewalk lying along or in front of the property of such person, and such other information as he can properly and consistently with the duties of his office and the interest of the city furnish, and shall, upon ^{order of the Board of Aldermen or Vest Committee} ~~the request of any property owner in~~ the city, or ^{other person} ~~other person needing such service~~, indicate by means of stakes or other suitable marks at proper points, the elevation of the grade line of any street, alley or sidewalk along the property of such person, and for such service he shall be entitled to receive ^{therefor, the sum of three dollars per day} ~~from the city a reasonable fee.~~

Sec. 4 The City Engineer shall record in book or books kept in his office, all ordinances or parts of ordinances relating

to his duties or to any work or public improvement that may be passed, all grades of streets and alleys, all streets and alleys located, and extended or vacated, and shall prepare, exhibit and explain to the Board of Aldermen profiles, plats and plans of streets and alleys, and works of public improvement, upon being required so to do, and shall give bond ^{in the sum of Five Hundred Dollars} for the safe keeping of all articles ^{Instruments} and books, used by him and furnished by the city.

Sec. 5 The City Engineer shall be the custodian of all implements, tools, books ^{Instruments} and other articles used by him and furnished by the city, and shall receipt to the City Clerk for the same, and shall, at the expiration of his term of office, deliver all such articles to his successor.

Sec. 6 It shall be the duty of the City Engineer, whenever ordered by the Board of Aldermen, to make a careful examination of the condition of any street, lane, alley, avenue, gutter, curb or sidewalk in the city, or any portion thereof, and make a written report of the same, together with an estimate of the probable cost of constructing, building, grading, guttering, curbing or repairing the same.

Sec. 7 All profiles of the streets and alleys shall be recorded in a profile book, and shall be known as the office profile.

All measurements for street profiles shall on north and south streets begin at what is now the south end of such streets, and shall be continued to the north end of the same.

On east and west streets, the measurement shall begin at what is now the west end of such streets, and be continued to the east end of such streets. The measurements to all street crossings shall be recorded on the office profile. When any north and south street shall be extended southward, the measurement shall be commenced at what is now the south end of the street and continued

south to the new terminus. When any east and west street shall be extended westward, the measurements shall begin at what is now the west end of the street and be continued to the new terminus. When such measurements are made on streets extended either south or west, the capital letter "A" shall be placed in front of the recorded distances so as to designate these measurements from those made north and east. The basis of elevation shall be the sea level as obtained from the St. Louis and San Francisco Railway.

The office profiles shall be made on Plate A paper, on a scale of one inch vertical, equal ten feet difference in elevation, and one inch horizontal shall equal eight feet in distance, this making the spaces between the horizontal lines of the profile paper represent a difference in elevation of six inches, and the spaces between the vertical lines of the profile paper represent a difference of twenty feet.

Red ink shall be used to show the grade of streets, gutters, to show the elevations of grade points, and in notes relating to gutter grades. Where it shall become necessary to show sidewalk grades, they shall be shown in blue ink. Black ink shall be used in making surface profiles, in recording measurements, in making notes relative to the surface profiles, and for all purposes except for grades and grade notes.

The profiles of east and west streets shall be so platted that the east end of the street shall be toward the right hand end of the paper. The profiles of the north and south streets shall be so platted that the north end of the street shall be toward the right hand end of the paper.

Sec. No grade shall be inked in the office profiles, until those grades have been adopted by the Board of Aldermen.

ORDINANCE NO. 25.

AN ORDINANCE RELATING TO THE DUTIES OF THE CITY ASSESSOR.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section / That the City Assessor shall, jointly with the County Assessor, assess all property, real, personal and mixed, not exempted by law from taxation, within the corporate limits of the City of Rolla; and such assessment as shall be made by the City Assessor and County Assessor jointly, and after the same has been passed upon by the Board of Equalization, shall be taken as the basis from which the Board of Aldermen shall make the levy for City purposes. The assessment of property within the corporate limits of the City of Rolla, as made by the City and County Assessors, shall conform to each other, and after such Board of Equalization has passed upon such assessment and equalized the same, he shall have his book corrected in red ink in accordance with the changes made by the Board of Equalization, and so certified by said Board, and he shall then return the same to the Board of Aldermen at the next regular meeting thereafter.

Sec. 2 He shall be provided with two books, one to be called the "Real Estate Book," and the other to be called the "Personal Assessment Book". The "Real Estate Book" shall contain all lands subject to assessment. It shall be intabular form with suitable captions and separate columns. The "Personal Assessment Book" shall contain a list of the names of all persons liable to assessment, alphabetically arranged, with proper priority of vowels. The Assessor shall set opposite their names, the personal property respectively owned by them, and the assessed value thereof. It shall be intabular form, with suitable captions and proper columns.

Sec. 3 He shall value and assess all property on the Assessor's books, according to its true value in money at the time of the assessment; and all other personal property shall be valued at the cash price of such property at the time and place of listing the same for taxation. Each tract of land and town lot shall be assessed and valued separately, but all lots in a square or block owned by one person, which are contiguous, or which can be consolidated into one tract, lot or call, shall be valued as one lot or call.

Sec. 4 He shall be allowed as compensation for such services as are required under this ordinance, the sum of fifty dollars, to be paid on the acceptance by the Board of Aldermen, of his books properly certified, as required by the laws of the State of Missouri.

ORDINANCE NO. 27.

AN ORDINANCE GOVERNING THE REMOVAL OF OFFICERS.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section 1 The Board of Aldermen may suspend or remove any officer appointed by the Board or by the Mayor, and no further proceedings need be had than the order of suspension or removal.

Sec. 2 The Board of Aldermen may remove any elective officer in the manner hereinafter provided, who shall be charged before them with a willful violation of any official obligation, or with culpable negligence or dereliction of duty, or with incompetency, or with willful misconduct, or with abuse of authority in his official capacity, or under color of office, or with any acts inconsistent with his official duty or character.

Sec. 3 Such charge shall be made in writing, and shall be preferred only by the Mayor, or some member of the Board of Aldermen, If the Board shall deem it expedient to take action upon the charges so preferred, they shall make an order suspending the officer so charged from further exercising the functions of his office. Such charges and order shall be filed with the City Clerk, who shall forthwith make a copy thereof, and deliver the same, together with the original charge and order, to the City Marshal, or assistant or deputy marshal, who shall at once serve such copies on the accused by delivering the same to him, or by leaving them at his usual place of abode, and shall return the original charges and order to the clerk, with his return in writing, of the time, place and manner of such service endorsed thereon, and the officer so charged shall stand suspended from office from and after such

service, until duly acquitted of such charge, or otherwise ordered by the Board of Aldermen.

In case of suspension of the Mayor, as herein provided, the President of the Board of Aldermen shall be vested with the power and duties of Mayor until the disability of said Mayor be removed.

Sec. 4 Immediately upon the suspension of any elective officer, the Board of Aldermen shall fix a time for hearing the cause, and the Marshal shall serve the officer so charged with a written notice of the time and place of hearing said charge in the usual manner of serving summons, as provided by the Statutes of the State of Missouri. On the day set for the hearing of the case, the Board of Aldermen shall meet and proceed according to such rules as they may adopt, to hear the evidence against and in favor of the accused, and they may adjourn from time to time as may be necessary, until all the evidence shall have been taken.

The Board shall vote by ayes and noes upon the charges separately, and the question voted on shall be: "Is the accused guilty?" If the Board by a majority vote of all the members elected find the accused guilty on any charge or specification, such officer may, by resolution, be removed from office. Upon the adoption of such resolution, the office of the accused shall be vacant, and the Board shall order a special election to fill such vacancy, provided such vacancy shall occur more than six months before the next general election.

Sec. 5 The proceedings of the Board shall be entered at large upon the records of the city.

Sec. 6 Subpoenas for witnesses may be issued by the Mayor, or person acting as Mayor, and shall be served by the Marshal in the same manner as if issued from the Mayor's Court, and the Board of

-55-

Section 1 That any person or persons in this city who shall sell, barter, give away or offer for sale, any spirituous, malt or vinous liquors in any quantity less than one gallon within the limits of the City of Rolla, or within one mile thereof, without first obtaining a license as a dram-shop keeper in accordance with the provisions of this ordinance, shall be fined in a sum not less than ten nor more than one hundred dollars: Provided, that this section shall not apply to the sale for sacramental purposes, nor prescriptions made by registered physicians.

Sec. 2 A dram-shop keeper in the meaning of this ordinance is a person licensed according to the provisions of this ordinance to sell spirituous, vinous, or malt liquors, in any quantity within the city limits, or within one mile thereof.

Sec. 3 Any person desiring to obtain a license as a dram-shop keeper must make application in writing to the Board of Aldermen, which application must state the name of the street where the dram-shop is to be kept, and the full name of the applicant. If the Board of Aldermen be of the opinion that the applicant is a person of good moral character, and suitable to keep a dram-shop, they shall order a license to be issued to said applicant: Provided, said applicant enter into the bond hereafter mentioned, and conform to the regulations of this ordinance.

Sec. 4 No license to keep a dram-shop shall be issued for less than six months.

Sec. 5 Before a license can be issued, the party applying therefor must give bond to the city in the penal sum of five hundred dollars, to be approved by the Mayor, conditioned that he will at all times keep an orderly house, and not violate any of the sections of this ordinance.

Sec. 6 If any dram-shop keeper shall sell, barter or give away, or dispose of any intoxicating liquors, or suffer the same to be done on his premises, to any minors under the age of twenty-one years, ~~without the written consent of the parent, guardian or person under whose care such minor may for the time being be;~~ or, if any dram-shop keeper shall entice, harbor or permit any minor under said age of twenty-one years (~~unemployed~~) in or about or on his premises, or to loiter on his or her premises, such dram-shop keeper shall be fined in a sum not exceeding fifty dollars.

Sec. 7 That if any dram-shop keeper, licensed under the provisions of this ordinance, shall permit any kind of rioting, reveling, drunkenness, loud, lewd, or disorderly conduct in his or her house, or on his or her premises, or shall keep more than one bar or room for the sale of spirituous, vinous or malt liquors, or where the same may be drank, said dram-shop keeper shall be fined in a sum not exceeding fifty dollars.

Sec. 8 Any dram-shop keeper who shall keep open his or her dram-shop between the hours of twelve o'clock M. and four o'clock A. M. for any length of time whatever, shall be fined in a sum not exceeding twenty-five dollars.

Sec. 9 No license shall, on any pretext, be ordered by the Board of Aldermen for less than six months, and upon such order no license shall be issued until the bond, approved as herein provided, and the Collector's duplicate receipt for the license money for the

next ensuing six months are filed with the City Clerk. And no license issued under this ordinance shall be transferable.

Sec. 10 That all persons to whom a license shall be issued as a dram-shop keeper shall pay for each dram-shop the sum of five hundred dollars for each six months, to be paid to the City Collector, who shall give duplicate receipts for the money, one of which the licensee shall file with the City Clerk before receiving his license.

Sec. 11 Every person to whom any license may be issued in accordance with the above provisions, must pay to the City Clerk a fee of fifty cents for issuing the same.

Sec. 12 That every dram-shop keeper shall have on the outside of his building, in plain view, a sign or device which shall plainly indicate his business.

Sec. 13 Every owner or proprietor of a dram-shop, where spirituous liquors, wine, beer, or ale may be sold, or any one having the same in charge, shall keep such dram-shop where spirituous liquors are sold free from screens and obstructions, and open to view from the outside, at all hours when such place or places are required to be closed by law. Any one violating this section shall be deemed guilty of a misdemeanor, and upon conviction be fined in a sum not less than five nor more than fifty dollars.

ORDINANCE NO. 30.

AN ORDINANCE RELATING TO STREETS, SIDEWALKS AND ALLEYS.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section 1 The Street Commissioner shall have charge of the opening and repairing of all streets, unless otherwise directed by the Board of Aldermen, and shall see that the same are kept in good repair.

Sec. 2 That each year at the time the Board of Aldermen shall levy the annual city tax, they shall levy a poll tax not to exceed ~~two and a half~~ ^{three} days' labor on the streets and alleys of the city, or pay in lieu thereof the sum of two dollars (\$2.00), upon all able bodied male persons liable thereto, and upon failure to pay such poll tax when notified by the Street Commissioner to do so within five days thereafter, either in cash or labor, it shall be the duty of the City Collector to bring suit before some justice of the peace in Rolla Township, and no property shall be exempt from seizure and sale upon any execution issued upon any judgment for such poll tax.

The City Attorney shall prosecute all suits for delinquent poll tax, and shall receive as compensation ten per cent of the amount so collected.

Sec. 3 It is hereby made the duty of the Street Commissioner, as often as the streets and alleys may need repairing, unless specially directed, to call out a sufficient number of persons subject to work on the same, and cause the same to be repaired; provided, that no person shall be required to work on the same more than three days in any one year. A verbal notice to any party by

the Street Commissioner himself, or by any person having written authority from him, or a written notice left at the usual place of abode of the person to be notified, at least two days before the day such person is required to work, with any member of such person's family over the age of fifteen years, shall be sufficient notice.

It shall be the duty of the Street Commissioner, upon the payment of any money under this ordinance, to give receipts in duplicate to the person paying the same, deliver one receipt to such person, and return the other to the Board at its next meeting.

✓ Sec. 4 A year for the purpose of street work by persons liable thereto shall commence on the first Monday in May of each year.

Sec. 5 The Board of Aldermen, when they may deem it necessary, shall cause the construction, grading, paving, macadamizing, curbing, guttering and other improvements of streets, avenues, alleys, guttering, curbing and sidewalks. And the same, when ordered to be done at the cost of the city, shall be let to the lowest and best bidder therefor.

Sec. 6 For making and repairing sidewalks and sidewalk curbing, the cost thereof shall be levied as a special assessment on all lots and pieces of ground abutting on such improvements, in proportion to the front foot thereof: Provided, that corner lots shall be liable for the extension of curbs and sidewalks to the curb lines each way.

All construction of guttering, curbing, and repairing of any gutter, curb or sidewalk, shall be provided for by ordinance, and not otherwise, and shall be charged against the property along and in front of which the work and improvement is to be done, and the

same shall be under such ordinance duly enacted, which said ordinance shall set forth and describe the nature and extent of the improvement, and the manner in which it shall be done, at the owner or occupier's expense, and the cost and expense of such work of construction, guttering, curbing and repairing of any gutter, curb or sidewalk, shall be charged and taxed against the property in front and along which said work is done and said improvement made. When any work or improvement shall be completed, the City Engineer, or other officer having in charge the work, shall compute the cost thereof, and apportion the same among the several lots or parcels of land to be charged therewith, and charge each lot or parcel of property with its proper share of such costs, according to the frontage of the property. And the City Engineer, or the officer for the time being discharging the duties of that office, shall, after so apportioning or charging the cost of the work, make out and certify special tax bills according to such apportionment against the several portions of land charged with any such improvement, and the Board of Aldermen shall by ordinance levy the amount of such costs so apportioned against the several pieces of land to be charged therewith, and along and in front of which said improvement was made, and the Board shall cause to be made out a certified bill of such assessment against each lot or piece of ground along and in front of which said improvement has been made, and said special tax bill shall be issued by order of the Board, signed by the Mayor, and certified to by the City Clerk.

Commence here

*

Sec. 7 All special tax bills for improvements or repairs shall be placed in the hands of the City Collector, who shall forthwith proceed to collect the same from the owner or occupiers of the property against which such tax bill shall have been issued, and if the owner of any such property is a non-resident of the

Commence here

city, or cannot be found within the city limits, such owner shall be notified by notice published in some newspaper published in the city that such tax is due and must be paid within thirty days from the first publication of such notice, and it shall be sufficient to specify in the notice the property on which the special tax is levied and against which the special tax bill has been issued, the amount of the tax, for what purpose the tax has been levied, the time within which the same must be paid, and that the cost, together with all accrued and accruing costs, and all penalties provided by the law, will be added to the amount of the tax, and any number of lots or divisions of land may be included in one notice, and upon the failure of the owner or owners legally notified by the collector, either by personal demand or publication, as hereinbefore specified, to pay the tax due on such property within the time specified in such notice, the Collector shall proceed forthwith to collect the same by suit.

All suits for the enforcement of special tax shall be brought in the name of the City of Rolla, at the relation and to the use of the City Collector, or the legal holder of any such special tax bill.

Sec. 8 On each side of all streets, there shall be set apart for sidewalks, the space of seven feet from the building line of such streets, and when any street shall have been graded, and ~~stepping stones placed at the crossings by the city,~~ it shall be the duty of the Street Commissioner to notify in writing the owner or owners of any lot or part of lot, fronting or abutting on the street, that they are forthwith required to gutter, curb and pave the sidewalk along such street or such part of street, and in front of their respective lots, lot, or part of lot. The paving used for sidewalks on any graded street shall be either ~~hard-burned~~ flag stone with smooth surface and full width of side-walk, and straight parallel sides, or concrete composition pavement. 76

Width of sidewalk to be hereafter constructed on Pine Street between 6th street and 9th street. Between Pine Street and the St. Louis & San Francisco Railroad tracks on 9th street, and on 6th street, between Rolla Street and the St. Louis & San Francisco Railroad tracks, and 7th street, between Rolla Street and the St. Louis & San Francisco Railroad tracks and 8th street, between Rolla Street and the St. Louis & San Francisco Railroad tracks, shall be seven feet wide; in all other parts of the City of Rolla, the sidewalks shall be not less than four feet six inches in width and if constructed four feet and six inches in width, the same shall be placed in the center of the seven feet allowed for sidewalk, in this district with 15 inches of gravel or sod on each side fully protecting the curbing.

All sidewalks that are at present not conforming with this section are declared no sidewalks.

Sec. 9 When any number of persons owning the greater part of the frontage on any ungraded street or any ungraded portion of street shall petition the Board of Aldermen, asking that a temporary sidewalk be built along the side of such street or such portion of street, the Board of Aldermen shall cause stepping stones to be placed at such crossings, and order such temporary sidewalk built, and all the owners along such street or such portion of street shall build a temporary walk in front of their respective lots or lot. Such sidewalk shall be of either gravel, stone or plank, of a width of not less than five feet if of gravel, and not less than four feet if of stone or plank.

Sec. 10 Whenever the Board of Aldermen shall, by ordinance, provide for the building of any sidewalk, curbing or guttering in this city, it shall be the duty of the Street Commissioner, within ten days thereafter, to notify the owner or owners, or their agent, commanding them to build or cause to be built such sidewalk within thirty days after receiving such notice.

Sec. 11 At the end of thirty days it shall be the duty of the Street Commissioner to make a list containing the names of owners of property or lots who have failed, neglected or refused to build such sidewalks, which list shall be filed with the City Clerk. Provided, that if the names of the owners of any lot or lots cannot be ascertained, such property shall be entered on said list by discription, and the worn unknown placed opposite the same, and the Clerk, upon receipt of such list, shall record the same in a book kept for that purpose, and when such list shall have been returned to the City Clerk and recorded in the book kept for that purpose, the Board of Aldermen shall by ordinance have the Street Commissioner cause such sidewalk to be built, and the cost of such construction shall be levied a special tax against the property in front of which such sidewalk was built as provided for in this ordinance.

Sec. 12 It shall be the duty of the property owners within the City of Rolla to keep the sidewalks and guttering in front of their property, without regard to the time they may have been built, in good repair at all times, and in case they fail to do so after being notified, such sidewalk and guttering shall be repaired by the city, and the cost thereof shall be placed on the tax book as a special tax, and be proceeded with in the manner as provided for in this ordinance.

Sec. ³ Whenever the Street Commissioner shall find or be notified that any sidewalk or gutter is out of repair he shall immediately notify the owner, owners or agent of the property in front of which repairs are needed, to repair such sidewalks within five days after the service of such notice.

Sec. ¹⁸ Such notice shall be written or printed, and two copies shall be made in each case, one to be delivered to the party, and the other shall be used by the Street Commissioner to make return in writing and file with the City Clerk. Such notice shall state the repairs needed, the length of time the owners will have to cause the same to be repaired, and that if such repairs are not made within the specified time the city will proceed to have such repairs made, and that the cost thereof will be placed on the tax book as special tax.

Sec. ¹⁷ In all cases where such sidewalk or gutter notice cannot be served on the owner, owners or agent of the property in front of which the sidewalk so ordered is to be built or repaired, then such notice shall be published in some newspaper in the city, such notice to be at least thirty days before such building is done or repairs made by the city.

Sec. ⁶ That all sidewalks hereafter built shall be constructed under the direction of the Street Commissioner so as to conform to the established grade of the street, lane or avenue, and shall conform to the ordinances of the city in width, material, and construction; and unless so constructed by the owner or occupier of the property fronting thereon when said owner or occupier shall build the said sidewalk, the Street Commissioner shall cause the same, by order of the City Council, to be changed or reconstructed at the expense of the owner or owners of said lot or lots fronting on said sidewalk, and shall return the amount of such

expense to the City Council, to be levied as a special tax upon such property.

Sec. 17 That all streets and alleys within the present city limits heretofore dedicated to the public, excepting such as have been legally vacated and abolished, are hereby declared to be the streets and alleys of the City of Rolla, to be designated by the same names as shown by the plats on file in the County Clerk's office of Phelps County.

ORDINANCE NO. 36 82

AN ORDINANCE PROVIDING FOR THE CONSTRUCTION AND REPAIRING OF SIDE-WALKS.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section 1 Construction, etc., governed by ordinance.- The construction and repairing of side-walks shall be governed by the provisions of this ordinance, except where different provisions for such purpose may be hereafter made by special ordinance.

Sec. 2 Direction of work.- All side-walk construction by contract or otherwise shall be carried on under the direction of the city engineer or street commissioner as the council may direct, and the work shall be done in a thorough and workmanlike manner and to the satisfaction of the officer in charge. Upon all questions concerning the execution of the work, the decision of such officer shall be final, and he shall have power to discharge careless or incompetent workmen.

Sec. 3 Material to be inspected.- All material which may be used in construction of side-walks shall be carefully inspected by the officer in charge of the work as it is being used, and if any such material does not in quality or dimensions conform to the specifications of the ordinance and contract under which the work is being done, the same shall be rejected; and if at any time during the progress of the work, any rejected or inferior material shall be found in a side-walk being built under contract, or if any portion of the work be found improperly done, such material shall be removed and such work rejected, and replaced by proper material and work at the expense of the contractor.

83

(BETWEEN - 6th STREET + 9th STREET

Sec. 4 Width of sidewalk to be hereafter constructed on Pine Street ^{PINE STREET +} between the St. Louis & San Francisco Railroad tracks on 9th, street, and on 6th, street between Rolla Street and the St. Louis & San Francisco Railroad tracks, and 7th, street, between Rolla Street and the St. Louis & San Francisco Railroad Tracks and 8th, Street between Rolla Street and the St. Louis & San Francisco Railroad Tracks, shall be ^{seven} ~~eight~~ feet wide; in all other parts of the City of Rolla, the side-walks shall be not less than four feet six inches in width, and if constructed four feet and six inches in width, the same shall be placed in the center of the seven feet allowed for a sidewalk, in this district, with 15 inches of gravel or sod on each side fully protecting the curbing

Sec. 5 Specifications for concrete and granitoid side-walks.-

The concrete shall not be less than four inches in thickness, and shall rest upon a bed of well compacted cinders ^{or gravel} not less than four inches in thickness. The concrete to be mixed in the following proportions: Portland cement, one measure; clean, sharp sand, two measures; and stone or gravel, five measures. It shall be mixed from time to time as required for use, the whole to be thoroughly mixed in a box, dry, and water to be added to only so much of the material as can be used at once. It shall be immediately laid in place to a thickness, less by one-half inch than that required by the specifications. As soon as this is done, and before the cement has had time to set, the surface shall be roughened by scratching, and the top layer composed of one part of Portland cement and one part clean, sharp sand, shall be spread over it to uniform thickness of one-half of an inch; it shall then be thoroughly smoothed with a mason's trowel. The concrete shall be laid in sections, not less than three feet ^{by 4 ft 6 inches} ~~by 4 ft 6 inches~~ except as may be otherwise specially provided.

Sec. 6 Construction of side-walks under supervision of whom.-

All side-walks of all kinds shall be laid to the established grade of the street upon which such side-walk or side-walks are to be constructed, and shall be constructed under the supervision of the committee on streets, alleys, side-walks and sewers.

84

Sec. 7. Location of side-walks, how fixed.- The location of new side-walks shall be fixed from time to time by special ordinance, and each ordinance providing for the construction of a side-walk shall specify the kinds of material to be used.

Sec. 8. Estimate, ~~plans and specifications~~ and notice.- Upon the passage of any ordinance requiring the construction of any side-walk, with or without curbing, it shall be the duty of the city engineer ^{street commissioner} or such other officer as the council may direct, to forthwith prepare and submit to the council an estimate of the cost thereof, and also ~~plans and specifications for the work~~, which estimate ~~plans and specifications~~. He shall file with the city clerk, and thereupon said clerk shall give not less than ten days public notice, in some newspaper published in the City of Rolla, of the day appointed on which the proposals are to be received, and shall state the nature of the work to be done, ~~plans and specifications thereof~~, the time up to which such proposals will be received, and the hour and place of opening the same. ~~Each such proposal shall be made upon blanks furnished by the city clerk for that purpose, and signed by the bidder and shall be accompanied by a check made payable to the order of the mayor, certified by some bank of said city, and equal in amount to ten per cent. of the amount of such bid. It shall be stipulated in each such proposal that the check accompanying the same shall become the property of said city in case such work shall be awarded by the council to such bidder and he shall fail, neglect or refuse for the space of ten days thereafter to enter into a written contract to do the work bid for according to the terms of his bid and the provisions of the ordinances of said city governing such work and prescribing the manner of payment therefor, or if he shall fail to execute to said city a good and sufficient bond as hereinafter provided for the faithful performance of his contract. Each such proposal and the check accompanying the same shall be placed in a sealed envelop,~~

85

addressed to the president of the council, and on or across said envelope shall be written the words, "Proposal for public work." Each such proposal so received shall be opened by the president of the council at a regular or special meeting thereof, at the time and place which shall have been specified in said notice as aforesaid, and shall be duly considered by and in open session of the council. Each such proposal shall be taken and considered to all provisions and requirements of the ordinances of the city governing such improvements.

Sec. 9 Contracts, how awarded.-- All contracts shall be awarded to the lowest responsible bidder who shall comply with the provisions and requirements of the preceding section: Provided, the amount bid does not exceed the estimated cost of said work; and provided further, that the council shall be authorized to reject all bids if, in their judgment, the best interest of the city shall require such action. If, in any case, all the bids received shall be rejected, the council may, by resolution, instruct the city clerk to again advertise for bids as in the first instance; provided, that if no bid shall have been received or none as low as the estimate, the council may proceed to re-advertise for new bids, or may proceed at once to construct such side-walk ~~under and in pursuance of the provisions of section~~, ~~as the council may deem best.~~

Sec. 10 Terms of contract.-- Upon the award of any work by the city council, as aforesaid, the ~~president~~ ^{mayor} of the city ~~council~~ ^{of Rolla} shall enter into a written contract with the successful bidder for the faithful performance of the work awarded to him in accordance with the conditions, requirements and specifications respecting the same. Every contract made for any such work shall contain a clause that the same is entered into subject to the provisions of the laws of the State of Missouri and to the existing ordinances of the city, and that all questions arising as to the proper performance of such work shall be decided by the city officer in charge thereof, and that,

86

in case of improper construction, the city reserves the right at any time to suspend, re-let or order an entire re-construction of the work, or to declare the same forfeited for failure to ~~to~~ perform the same within the time required by the contract or in the manner required thereby, but such suspension, forfeiture or other action of the council shall not affect the right of the city to recover damages and penalties accruing or due it by reason of such contractor's non-compliance with his contract. The board of aldermen may also, for sufficient cause, by resolution or otherwise, extend the time for completing any work done under such contract.

Sec. 1 | Bond of contractor.-- Within ten days after any public work shall have been awarded, the contractor therefor shall execute to the city of Rolla a bond in double the amount bid for such work, with at least two good and sufficient sureties, conditioned for the faithful performance of his contract, in accordance with the plans and specifications of the work to be done and the conditions and requirements respecting the same, and for the payment of all materials used in such work, and all labor performed on such work, whether by sub-contract or otherwise, said bond to be approved by the mayor, and with his approval endorsed thereon shall be filed in the office of the city clerk.

Sec. 2 | City not liable for certain contracts.-- Any person who shall make any contract with the city for any such work, and who agrees to be paid by special tax-bills for the work done by him, shall have no claim upon the city in any event or contingency, and no work, the payment for which is to be made by special assessments, shall be awarded to any contractor who will not so agree.

Sec. 3 | Contractor paid in tax-bills.-- Payment for all work done and materials furnished in the construction of side-walks under contract, shall be paid for in special tax-bills in conformity to the provisions of this ordinance and of the statutes in such cases made and provided, and not otherwise.

87

Sec. 14 Cost of new walks, now assessed.-- The cost of making any new side-walks, with or without curbing, whether upon petition or in place of side-walks condemned, where the same are constructed by contract awarded by the board of aldermen after due advertisement, or when constructed by the city after due advertisement and a failure to receive bids therefor, shall be levied as a special assessment on all lots and pieces of ground abutting on such improvements in proportion to the front feet thereof: Provided, that the corner lots at each intersection or other places shall be liable for and shall be assessed for the extension of side-walks to the curb line each way.

Sec. 15 Officer in charge to compute cost.-- All side-walks constructed by any contractor shall be paid for as hereinbefore provided, and as soon as completed and accepted by the board of aldermen, the officer in charge of the work shall compute the cost thereof and return said computation to the board of aldermen, who shall by ordinance assess a special tax against the lots or tracts of land as herein provided, and the city clerk shall make out a certified bill of such assessment against each lot or tract of land in the name of the owner thereof; said certified tax-bills shall be delivered to the contractor, who shall receive and receipt for the same in full for all claims against the city of Rolla for all work done and materials furnished under his contract.

Sec. 16 Tax-bills prima facie evidence, etc.-- Such special tax-bills shall in any action thereon be prima facie evidence of the regularity of the proceedings for such special assessment, of the validity of the bill, of the doing of the work, and furnishing the material charged for, and the liability of the property to the charge stated in the bill, and shall be a lien upon the property charged therewith, and may be collected by suit against the owner of the land in the name of the city of Rolla to the use of the holder thereof, as any other claim, and in no event will the city of Rolla be

86

liable in any manner whatever for or on account of any work or material furnished or the cost thereof or costs of any such suit.

This section shall apply to all tax-bills for special assessments issued for work done by the city as well as that done by contract.

Sec. 17 City tax-bills, how collected.-- As soon as tax-bills assessed for sidewalk construction, with or without curbing, done directly by the city, or for side-walk repairs, have been made out by the city clerk and recorded as hereinafter required, said clerk shall deliver the same to the city collector, charging him therewith and taking his receipt therefor, and the city collector shall immediately proceed to collect or sell and assign the same for not less than their face value. All such tax-bills not so collected or sold within thirty days from date of issue shall be turned over to the city attorney, who shall proceed to sue for the collection of the same.

Sec. 18 Preparation and recording of tax-bills.-- It shall be the duty of the city clerk to prepare all such special tax bills and before delivery thereof he shall enter an abstract of the same in a book kept for that purpose; but a failure of the clerk to comply with the requirements of this section shall not in any manner affect the validity of such tax-bills.

Sec. 19 Special tax-bills, interest and penalty.-- All special tax-bills assessed for the construction or repair of any side-walks shall be at once due and payable, and all such bills assessed for the construction of side-walks shall bear interest at the rate of eight per cent. per annum from date of issue, except in cases where said tax-bills are assessed for the construction by the city itself of new side-walks, or of new side-walks in place of side-walks condemned, in which cases said tax-bills shall bear interest at the rate of ten per cent. per annum from thirty days after the date of the issue of the same; and for a failure to pay any tax-bill assessed for repairs of side-walks upon presentation of the same and

89

demand of payment thereof after the lapse of thirty days from the date of issue, any such tax-bill shall have added thereto as a penalty, one-fourth of the original amount thereof.

Sec. 20 Cellar doors, etc.-- Cellar doors and hinges thereon and boxes for water cut-offs, shall be of even grade with the side-walk in which the same are located. Whenever the owner, agent or occupant of any lot abutting on any side-walk, shall, after due notice, fail to reduce any cellar door or box for cut-off in front of such lot to the proper grade, the board of aldermen may, in its discretion, by ordinance, direct the street commissioner to so reduce the same. No such person shall permit any ventilation holes or other excavations to be or remain within the limits of any side-walk unless the same are properly covered and protected by grating bars or otherwise so as to be safe for public travel. The street commissioner shall, in case of any violation of the last preceding clause, notify the owner of the abutting premises or his agent or the occupant, to properly cover or protect said ventilation holes or other excavations, and in case of a failure so to do without delay, the board of aldermen may, by ordinance, direct the street commissioner to properly cover or protect the same. In doing any work required by this section, the street commissioner shall keep an accurate account of the cost of the same, including the materials used, and shall report the same to the board of aldermen, and the board of aldermen shall assess such cost by ordinance against the abutting lot as a special tax, and a special tax-bill shall be issued therefor.

Sec. 21 Personal actions for repairs.-- The city may also recover by personal action against the owner or occupant of the abutting property, in any court of competent jurisdiction, for the cost of work authorized and performed under the last preceding section, and the mayor may, in his discretion, direct the city

90

attorney to institute such personal action at any time after the completion of the work and the refusal of the person owing therefor to pay for the same on demand.

Sec. 22 Property owners liable to city for accidents.-- In any case where the city of Rolla shall be compelled to pay damages for any injury resulting from the defective covering of any ventilation hole or other excavation, or from lack of or failure to provide for a safe and sufficient covering of any such hole or excavation, or from any defective cellar, door, conduit, drain-pipe or gutter constructed or maintained in violation of this ordinance, or from any other obstruction or defect whatever, maintained or permitted by the abutting property owner or the occupant of such property, said owner and occupant shall be held jointly and severally liable to the city of Rolla for the amount of damages and costs which said city shall have been compelled to pay for such injury, and that, without regard to whether or not said owner or occupant or agent shall have been notified to remedy the defect.

Sec. 23 Notices, how served.-- All notices required by the provisions of this ordinance shall be served on the person to be notified, either personally by delivery of a copy, or by leaving such copy at his usual place of abode with some member of his family over fifteen years of age, or the same may be served by registered letter, mailed to the proper post-office of such person, if a non-resident of the city.

~~Sec. Conflicting ordinances repealed.-- All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.~~

Sec. 24 To take effect when.-- This ordinance shall take effect and be in force from and after its passage.

ORDINANCE NO. 27

AN ORDINANCE providing for the improvement of streets, avenues, alleys and other highways, or parts thereof, within the city of Rolla, Missouri.

Be it ordained by the Board of Aldermen of the City of Rolla, as follows:

Section (Streets, etc., improvement.-- The cost of paving, macadamizing, guttering and curbing (where such curbing is set out in the street beyond the side-walk), or otherwise improving all streets, avenues, alleys and other highways within the city of Rolla, or any part thereof, or any connection therewith, and repairing the same, and for doing all excavating and grading necessary for the same after said streets, avenues, alleys and other highways, or parts thereof, or connections therewith, have been first brought to the established grade, shall be levied as a special assessment upon all lots and pieces of ground upon either side of such street, avenue, alley or other highway, or part thereof, or connection therewith, abutting thereon, along the distance improved in proportion to the front foot. Said improvement shall be made for each block separately, and shall be contracted for and special tax-bills issued as hereinafter provided.

Sec. 2 Bringing streets to grade at expense of property owner.-- The board of aldermen may, by ~~the~~ ordinance, include in the special assessment the cost of bringing to the established grade any street, avenue, alley or other highway or square or area formed by the intersection or meeting of streets or other highways, or part thereof, proposed to be improved as herein provided, when in its judgment or opinion the general revenue fund of the city is not in a condition to warrant an expenditure therefrom for bringing the same to the established grade: Provided, that the resolution declaring such work necessary to be done and published in some

92

newspaper published in the city, shall, in addition to the other work of improvement therein provided for, include and describe the work of bringing such street, avenue, alley or other highway, or square, or part thereof, to the established grade. In all such cases where such work is authorized by virtue of such a resolution, and is contracted for in pursuance thereof, the bringing to grade as above described shall be included in the same contract with the other work provided for therein, and tax-bills shall be issued in payment for all said work as may be provided for by ordinance.

Sec. 3 Resolution of board of aldermen-- its publication required.-- Before any improvement shall be made for which a special tax is to be levied, as provided in the preceding sections, it shall be the duty of the board of aldermen to declare, by resolution, that such work or improvement is necessary to be done, and the board of aldermen shall cause such resolution to be published in some newspaper in the city, for at least two consecutive weeks. If a majority of the resident owners of the property liable for taxation for such proposed improvement, shall not, within ten days after the publication of said resolution, file with the city clerk their protest against such proposed improvement, then the board of aldermen shall have power and are hereby authorized to cause the same to be made, and to levy such special tax as may be necessary to pay for the same: Provided, that this section shall not be so construed as to require such notice when the board of aldermen shall order any side-walk to be constructed or repaired.

Sec. 4 Estimates to be made.-- No contract shall be awarded by the Board of Aldermen for paving, macadamizing, grading, curbing or guttering any street, avenue, alley or other highway, or for the construction of any bridge or culvert, until an estimate of the cost thereof shall have been made by the city engineer, or some person acting in his stead, and submitted to the board of aldermen; nor shall any contract be entered into for any such work or improvement for a price exceeding such estimate: Provided, that no such estimate shall be required for the making of any local or special

93

repairs.

Sec. *5* Contracts to be advertised and bids received.---

Whenever the board of aldermen shall, by ordinance, order the construction of any paving, macadamizing, curbing, guttering, or other improvement of any street, avenue, alley or other public highway, or part thereof, the city clerk shall give public notice in some newspaper published in this city, that sealed proposals will be received by the council for the construction and completion of the same. Said notice shall be published for at least ^{2 con. weeks - 97} ten days before the day appointed on which the proposals are to be received, and shall state the nature of the work to be done, the place where the plans and specifications therefor may be seen, the time up to which such proposals will be received, and the hour and place of opening the same. Each such sealed proposal shall be made upon blanks furnished by the city clerk for that purpose, and signed by the bidder, and shall be accompanied by a certified check made payable to the order of the mayor, and equal in amount to ten per centum of the amount bid for such work. And it shall be expressly stipulated in each such proposal that the check accompanying the same shall become the property of the city of Rolla, in case such work shall be awarded by the board of aldermen to such bidder and he shall fail, neglect, or refuse for the space of ten days thereafter to enter into a written contract to do the work bid for according to the terms of his bid and the provisions of the ordinances of said city governing such work and prescribing the manner of payment therefor, or if he shall fail to execute to the city of Rolla a good and sufficient bond as hereinafter provided, for the faithful compliance with the terms and conditions of such contract. Each such proposal and the check accompanying the same shall be placed in a sealed envelope, addressed to the mayor, and on or across said envelope shall be written the words "Proposal for public work." Each such proposal so received shall be opened by the president of the board of aldermen at a regular or special meeting thereof, at

- 94

the time and place which shall have been specified in said notice, as aforesaid, and shall be duly considered by and in open session of the board of aldermen. Each such proposal shall be taken and considered as subject to all provisions and requirements of the ordinances of this city governing such improvements.

Sec. 6. Contracts, how awarded.-- All contracts shall be awarded to the lowest and best bidder or bidders who shall comply with the provisions and requirements of the preceding section: Provided, the amount bid does not exceed the estimated cost of such work as ascertained and determined by the city engineer: and provided, further, that the board of aldermen shall be authorized to reject all bids if, in their judgment, the best interest of the city shall require such action. If, in any case, all the bids received shall be rejected, the board of aldermen may, by resolution, instruct the city clerk to again advertise for bids as in the first instance.

Sec. Terms of contract.-- Upon the award of any work by the board of aldermen, as aforesaid, the mayor shall enter into a written contract with the successful bidder for the faithful performance of the work awarded to him in accordance with the conditions, requirements and specifications respecting the same. Every contract made for public work shall contain a clause that the same is entered into subject to the laws of the State of Missouri in reference thereto and to the existing ordinances of the city, and that all questions arising as to the proper performance of such work shall be decided by the officer in charge of the work, and that, in case of improper construction, the city reserves the right at any time to suspend, re-let or order an entire reconstruction of the work or to declare the same forfeited for failure to perform the same within the time required by the contract or in the manner required by the contract, but such suspension, forfeiture or other action of the board of aldermen shall not affect the right of the

95

city to recover all damages and penalties accruing or due it by reason of such contractor's non-compliance with his contract. The board of aldermen may also, for sufficient cause, by resolution or ordinance, extend the time for completing any work done under such contract.

Sec. 8 Bond of contractor.-- Within ten days after any public work shall have been awarded, the contractor therefor shall execute to the city of Rolla a bond in double the sum bid for such work, and with at least two good and sufficient sureties, conditioned for the faithful performance of his contract, in accordance with the plans and specifications of the work to be done and the conditions and requirements respecting the same and for payment by the contractor for all material used in such work and all labor performed on such work whether by sub-contract or otherwise; said bond to be approved by the mayor, and with his approval endorsed thereon shall be filed in the office of the city clerk.

Sec. 9 City not liable for certain contracts.-- Any person who shall make any contract with the city, and who agrees to be paid from special assessments for the work done by him, shall have no claim upon the city in any event or contingency, and no work, the payment for which is to be made by special assessments, shall be awarded to any contractor who will not so agree.

Sec. 10 Certain work to be paid for by the city.-- Whenever the board of aldermen shall determine by ordinance to open, widen or bring to grade any street, avenue, alley or other public highway, or shall order the construction of any bridge, culvert or public sewer, or any foot-walk across any street, avenue or alley, the cost of making such improvement shall be paid out of the city treasury in like manner as other city expenses are paid, unless otherwise ordered by the board of aldermen.

Sec. 11 Work to be done by whom-- mode of procedure.-- For making any improvement or doing any work named in the preceding section it shall be the duty of the city engineer to prepare plans

96

and specifications therefor and to furnish the board of aldermen with an estimate of its cost, as provided in section three of this ordinance. When such plans, specifications and estimates are prepared and furnished as aforesaid, the board of aldermen shall then determine in what manner or by whom such work shall be done, whether under the supervision and direction of the street commissioner or city engineer, or by contract to be let to the lowest bidder. If the board of aldermen determine that the work shall be done by contract, then the city clerk shall give public notice in some newspaper, published in the city, that sealed proposals will be received for executing the same, and such notice shall in all respects, conform to the requirements of section five of this ordinance. Contracts for such work shall be awarded in the same manner and under the same terms, conditions and restrictions as are provided in sections five, six, seven, eight and nine of this ordinance.

Sec. 17 Acceptance of contract work.-- Whenever any contract for street improvement or other public work shall have been executed, it shall be the duty of the city engineer, street commissioner or other person authorized by the city to supervise such work, to make a written report to the board of aldermen as to the character of the work, whether or not the same was performed in strict compliance with the terms, conditions and requirements of the contract. Upon receiving such report, and on being satisfied that the contract for such work has been strictly complied with, the ^{paraphrase} council shall, by resolution, declare their acceptance of the same.

Sec. 13 Conditions of contract not changed.-- No change shall be made in the plans or specifications of any work contracted to be done, or in the materials to be furnished, or in the manner of executing the work, unless the board of aldermen shall, by ordinance, authorize such change, and the same shall be agreed to by the contractor. The city engineer, street commissioner or other officer who shall have charge of or superintend such work is hereby

97

expressly prohibited from directing, consenting to or permitting the same to be done in any manner different from the specifications and requirements of the contract.

Sec. 14 Supervision of the city work.-- All city work, whether done by contract or otherwise, shall be carried on under the supervision of such officer or officers as the board of aldermen may direct, who shall see that the same is executed in strict accordance with the ordinances of said city, or with the specifications or requirements of the contract under which the same is let.

Sec. 15 Squares and areas.-- The cost of paving or macadamizing the squares and areas as formed by the crossing or meeting of streets and other highways or parts thereof, or connections therewith, shall be levied as a special assessment and shall be included in the tax-bill issued for the street improvements, and shall be paid for as follows: Such area shall be divided into parts or portions by lines drawn lengthwise along the middle of each of said streets or highways so intersecting or meeting, and the cost of said parts or portions shall be levied as a special assessment against the block or square contiguous to each, and pro-rated against the lots or pieces of ground in such block or square abutting on the street improved.

Sec. 16 Special assessments, how made, report of city engineer.-- As soon as any work, contracted for street improvement for the cost of which a special tax-bill is to be levied and issued to any contractor or contractors, as hereinbefore provided, shall have been completed in accordance with the contract, plans and specifications therefor, and shall have been accepted by the board of aldermen as hereinbefore provided, the city engineer shall ascertain and submit in a written report to the board of aldermen the following information:

First-- The name of each and every person owning any lot or piece of ground fronting on either side of any street or avenue, or

98

abutting on any alley improved according to the provisions of such contract.

Second-- The number of front feet owned by each and every person in any lot or piece of ground fronting or abutting on either side of such street, avenue or alley, and a description of such property.

Third-- The distance improved under the provisions of such contract.

Fourth-- The number of feet in each block fronting or abutting on the street, avenue or alley improved.

Fifth-- The cost of such work for each block, separately.

Sixth-- The cost of improving each separate square or area formed by the crossing of streets.

Sec. 17 Special assessments, how levied.-- Whenever the improvement or work shall have been reported by the engineer to the board of aldermen, and accepted as hereinbefore provided, the board of aldermen shall, by ordinance, levy a special assessment on each block separately against each lot or piece of ground fronting or abutting on either side of the street or avenue or alley or other highway or part thereof, embraced in such contract upon which said improvement has been done or accepted as aforesaid. Said levy shall include the cost of any improvement adjacent to any square or area thereon up to the center or middle thereof, and shall be made against the owner or owners of each lot or piece of ground fronting or abutting on either side of such street, avenue or alley, that proportion of the whole cost of such improvement or work assessed against each block, as aforesaid, which the number of feet each property owner may own, as aforesaid, bears to the whole number of feet fronting or abutting on such street, avenue or alley:

Provided, that when any owner of property fronting on any street, avenue or alley, where such improvements are made, shall have previously with the permission of the board of aldermen or engineer, constructed guttering and curbing in front of such property in the manner provided in the contract or ordinance providing for such

99

improvements, and in manner approved by the city engineer and street commissioner, the cost of such curbing and guttering estimated at the same price per foot as that done under the contract in the other portion of the block shall be added to the total cost of the work done under the contract, and on the tax-bill issued against any such owner, he shall be credited with the amount so ascertained. Such ordinance shall set forth the name or names of the person or persons owning each lot or parcel of ground assessed, an accurate description of each lot or piece of ground, the number of feet fronting or abutting on the street, avenue or alley improved, the total cost of the improvement or work done assessed against each block, separately, and the amount of special tax levied against each lot or piece of ground, and for the payment of which each property owner is liable.

Sec. 18 Special tax-bills, how issued.-- After such special assessment shall have been levied as provided in the preceding section, the city clerk shall issue special tax-bills against each property owner assessed with special taxes. Such special tax-bills shall be issued in numerical order, and shall contain the name of the property owner against whom taxes are levied, the name of the contractor, an accurate description of the lot or piece of ground assessed, the number of front feet in the same which front or abut on the street, avenue or alley improved, the cost per front foot for such improvement, and the amount of special tax assessed and levied against the owner. Each tax-bill shall be approved by the mayor and signed by the city clerk, who shall affix thereto the seal of the city.

Sec. 19 Shall bear interest and be a lien on property assessed.-- Each special tax-bill shall bear interest after thirty days from the date of issue and presentation of the same at the rate of eight per cent per annum, and every such special tax-bill shall be a lien on the lot or piece of ground described therein until

100

the same is paid. The city clerk shall on the issuance of said tax-bills notify by mail or in person the property owner of the rate of interest payable thereon and the amount of such tax-bill.

Sec. 20 Special tax-bills assignable-- how collected.-- All special tax-bills issued as hereinbefore provided for special assessments for paving, macadamizing, curbing, guttering and excavating, shall be assignable and may be collected by suit in any court of competent jurisdiction. Suits brought to enforce the collection of special tax-bills shall be instituted in the name of the city of Rolla, to the use of the holder thereof, but the city shall in no event be liable for any costs that may accrue in such suits. Such special tax-bills shall, in any suit brought to enforce the collection thereof, be prima facie evidence of the regularity of the proceedings for such special assessments, of the validity of the bills, of the doing of the work and of the furnishing of the materials charged for, and of the liability of the lot or piece of ground for the amount of the tax stated in said special tax-bills.

Sec. 21 Streets, etc., improvement directly by the city; tax-bills, etc.-- Whenever the board of aldermen shall be of the opinion that a necessity exists for the repairing of streets, avenues, alleys or other public highways, or other paving, curbing, guttering, macadamizing, or part thereof, or reconstructing the same, and making assessments therefor, and that such work shall be done directly by the city, said board of aldermen may, by ordinance, require the city engineer or street commissioner, or either of them, to do the necessary work therefor. The said officer or officers having charge of said work shall keep an accurate account of the cost thereof and report the same to the board of aldermen for assessment against each lot or piece of ground abutting on such street or side-walk or other improvement, and each lot or piece of ground shall be liable for its proportionate cost according to the running front foot for such work so made along or in front thereof as reported to the board of aldermen, and special tax-bills in favor

101

of the city shall be issued therefor which shall constitute a lien upon the property against which they are assessed, and the same shall be collected by suit thereon in the name of the city in its own behalf in any court of competent jurisdiction. Said special tax-bills shall be made out by the city clerk, in accordance with the levy therefor on the abutting property, made by the board of aldermen, shall be signed by the city clerk, who shall affix thereto the seal of the city, and shall be approved by the mayor, and shall in actions thereon constitute prima facie evidence of the doing of the work and the furnishing of the material charged for and of the liability of the property to the charge therein stated. Said tax-bills shall contain the name of the owner of the property against which it is levied, a description of the property, the number of front feet abutting on the improvement, the cost per front foot, and the amount of special tax levied against the property. Each tax-bill shall bear interest at the rate of eight per cent. per annum after thirty days from its date and notice of its issuance, until paid, provided same is paid within six months; if not, it shall bear interest after six months at the rate of fifteen per cent. until paid. Such notice shall be delivered or mailed to each owner against whose property the tax-bill may be issued and shall state the amount of such tax-bill and of the rate of interest provided therein. Each tax-bill shall constitute a lien against the property liable thereto until paid. Such tax-bills shall, in all suits thereon, be subject to any valid defense for mistake or error in any respect therein, or for the reason that the work was not done in a good and workmanlike manner. Section _____ of this ordinance, relating to the payment of special tax-bills by installments, shall apply to tax-bills issued under this section, on compliance by the property owner with the requirements relating thereto, of said section _____.

Sec. 22 Tax-bills, amendments and abstracts of, etc.-- The Board of aldermen shall have full authority, after issuance, to

102

amend or correct any tax-bills provided for by this ordinance for any defect or imperfection of form or substance therein, and in actions thereon no omissions or errors made by the board of aldermen, city clerk or other officers in any of the proceedings on such tax-bills, or relating to the improvements for which they were issued, and not affecting the substantial merits of action thereon, shall constitute a defense thereto. The clerk shall, after their issuance, enter in a book kept for that purpose, an abstract of all the tax-bills authorized by this ordinance; said abstract shall state the date and amount of the tax-bill, number of running front feet of the property levied on, and block and street, name of the owner and rate of interest, and also name of contractor, where the work is done under contract; but the omission of the clerk to make such abstract or any defect therein shall not in anywise effect or impair the validity of such tax-bills.

Sec. 23 Grading, how performed.-- Whenever the mayor and board of aldermen shall order any street, avenue or alley to be prepared for macadamizing, curbing and guttering, such portions of the same as are found to be above grade shall be excavated and those below grade shall be filled up, under the direction and supervision of the city engineer or street commissioner. The grading of the street, avenue or alley for a distance of each block shall be fully completed before any macadam shall be placed thereon.

Sec. 24 Macadamizing done, in what manner.-- The macadamizing of any street, avenue or alley shall not be commenced until the road bed shall become thoroughly settled or rolled so as to have a compact and uniform surface. The material for macadamizing shall consist of clean, sound stone, broken to a size sufficiently small that each stone may pass through a ring three inches in diameter. Such material so broken in pieces, shall be placed upon the street in the closest and most compact manner possible and shall be in such depth as may be required by the specifications furnished by the city engineer. Upon this bed of macadam after the same shall

103

have been thoroughly rolled, to the satisfaction of the city engineer, or other officer in charge, there shall be placed a surface of loam sand or rock screenings as required by said specifications of the engineer, not more than two inches in depth, which shall be washed in and thoroughly rolled. A layer of gravel free from earth or other foreign substance, as required by said specifications of the engineer, not more than three inches in depth, and thoroughly rolled, shall be placed on the layer of sand or screenings. The bed of macadam and layer of sand or screenings and gravel as above described shall, when completed, describe as near as may be the segment of a circle in its upper surface, thereby affording drainage from the center of the roadway to the gutter on either side thereof. Nothing in this section shall be so construed as to prevent the board of aldermen by ordinance or resolution from substituting other and different material for street construction, or to prevent them from specifying a smaller or greater quantity of macadam to be used, if from the circumstances of the case, or the nature and character of the street or alley to be improved, the best interest of the city shall require such substitution or change in quantity.

Sec. 25 Granitoid curb and gutter combined-- first class.--

The material for curbing and guttering (first-class) must be of granitoid curbing and guttering combined and the excavation therefor shall be of the depth and width shown on the plans, and the sub-grade shall be suitably prepared; all surplus earth shall be removed to places directed; a foundation of cinders, eight inches in thickness, shall be placed on the sub-grade; the cinders to be used must be clean and free from refuse, and must be wetted and rammed; upon this bed the bottom course of granitoid shall be placed to a thickness of five inches or more, and shall be rammed until all interstices are filled thoroughly. The surface shall be one-half inch thick. The work shall be in blocks eight feet in length, sep-

104

arated by one-fourth inch joints; the width of the gutters shall be twenty-four inches or more.

Sec. 26 Removing, etc., curbing and guttering--misdemeanor.-- No person shall remove any curbing or guttering, or make, reconstruct or repair the same, without the permission of the board of aldermen or of the city engineer, and any violation of this section shall constitute a misdemeanor, punishable by a fine of not less than one dollar and not exceeding fifty dollars.

Sec. 27 Cost of street crossings and repairs, how paid.-- The cost of making all street crossings and the expense of keeping streets, avenues and alleys in repair after the same have been constructed, shall, unless otherwise provided for by the board of aldermen, be paid out of the general revenue fund of the city, and all such work shall be done under the direct supervision of the street commissioner or the committee on streets, alleys, sidewalks and sewers.

~~Sec. Conflicting ordinances repealed.-- All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.~~

Sec. 28 To take effect, when.-- This ordinance shall take effect and be in force from and after its passage.

Read three times and passed March 11 1908.

Approved March 11 1908.

ORDINANCE NO. 36.

AN ORDINANCE RELATING TO THE HEALTH DEPARTMENT.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section 1 The Board of Health shall be composed of the Health Committee, and shall meet in the City Hall on the first Monday in each month. A majority of said board shall constitute a quorum at any meeting of the Board. At the first meeting of the Board of Health in each year, said Board shall elect by ballot a President.

Sec. 2 Said Board shall exercise a general supervision over the health of the city, with full power to take all measures necessary to promote the cleanliness and salubrity thereof; to abate nuisances of every discription on public or prigate property; to prevent the introduction into the city of malignant, contagious or infectious diseases, and to remove and otherwise dispose of every person attacked by such disease, and to adopt in reference thereto such regulations, restrictions, or measures deemed advisable; and to establish rules and regulations for the government of the small pox hospital, and to prevent the introduction or spreading of small pox wi thin the city.

AMENDED
by ord. no. 842

Sec. 3 It shall be the duty of the City Marshal to attend the meetings of the Board of Health in the City Hall, and to serve all precepts and notices issued by said Board, signed by the President, and attested by the Clerk thereof; to execute all orders of said Board directed to him, to attend to the abatement and removal of nuisances, and to perform such other duties in relation to nuisances as said Board may direct, and as often and in such manner

107

as may be required by them; to examine the condition of all streets, lanes, avenues, alleys, market places, and all public squares of the city, and report to said Board all nuisances found therein; to notify persons upon whose premises, or premises occupied by them, any nuisances which may exist, to remove the same, and if it be not removed forthwith to make report thereof in writing to said Board; to visit at least once a week, and oftener when required by said Board, every part of the city; to arrest any person found violating any city ordinance which relates to the sanitary regulations of the city; and to watch for and arrest persons throwing, or permitting to be thrown, conducting or allowing to be conducted from their premises into the streets and alleys, any filth or other matter prohibited by this ordinance, and in other respects to exercise the utmost diligence in enforcing the ordinances in regard to the Health Department.

Sec. ⁴ The City Marshal shall keep a correct and full account, in a suitable book, of all expenses incurred, with whom and what account, whether payable by the city or individuals, and a like account of all monies expended, to whom paid, and on what account, and shall, at the end of every month, render to the Board of health an account of all expenses that may have accrued under their authority, and upon the Board certifying the correctness of the same, the Board of Aldermen of the City shall issue their warrant therefor, payable out of the appropriations for the Health Department.

AMENDED
by ord. no. P42

Sec. ⁵ Said City Marshal is authorized to enter in the day time and examine all cellars, privies, outhouses, yards, enclosures and tenements, within the city; and wherever nuisances exist or filth is suffered to accumulate, or water is found in any cellar or basement under any building, to direct the owner or occupier of

-84-

108

the premises forthwith to remove the same; and if such removal be not so made, the fact shall be reported to the Board of Health, and permits may be granted by any member of the Board of Health for cleansing privies or the removal of nuisances.

Sec. 6 The Board of Health may employ such other officers, agents, servants or assistants, and establish temporary hospitals, and provide the necessary furniture, medicine, medical attendance, and nurses therefor, whenever, in the opinion of said Board of Health, the health of the city shall require it.

Sec. 7 It shall be the duty of the physicians in the city to report to the Board of Health, every case of contagious disease, which he or she may be called on to attend within one mile of the same, within twelve hours after he or she shall have examined the patient, with the place of residence and name of occupant, under penalty for failure to do so of fifty dollars.

Sec. 8 Whenever it shall appear to said Board that any person has been attacked by any contagious disease, said Board shall cause such person to be removed immediately to the small pox hospital or some other retired place; but if such person refuses to be removed, or his or her condition is such that in the opinion of the Board of Health removal would be attended with danger, said Board shall take such means as may be deemed advisable to prevent the spread of the contagion or infection, and to cause the diseased person to receive proper and humane attention.

Sec. 9 All persons having small-pox or other contagious or infectious diseases in the city, who refuses to go or who cannot be taken therefrom to the small-pox hospital or other places which may be designated by the Board of Health, are hereby required to be kept confined within their respective dwellings or places of abode;

and the Board of Health shall cause suitable notices with the name or character of the disease printed or written in large letters thereon to be posted upon the most conspicuous place on or near such dwelling or place of abode in which such contagious or infectious disease exists, and require of the occupant thereof to maintain such notice there until, in the opinion of the Board of Health, they may safely be discontinued; and any person failing to comply with the requirements of this section shall forfeit and pay a fine of not less than ten nor more than one hundred dollars.

Sec. / 0 Any person or any parent who shall willfully leave his or her place of abode in the city, or permit their children to do so, or be found going about the city after any contagious or infectious disease has made its appearance in said city, and after the Board of Health has ordered his or her place of abode quarantined, without the order of said Board permitting them to do so, shall forfeit and pay to the city not less than ten nor more than one hundred dollars. This section shall not be construed to prevent physicians ^{or their} who are attending upon parties whose abode has been quarantined from visiting such places.

Sec. // Any person who shall visit, and the parents of children who shall allow their children to visit (physicians excepted) any place that has been quarantined, without the consent in writing of the Board of Health, and all persons who shall not obey the ordinances, orders, precepts, regulations and requirements of the Board of Health made respecting contagious or infectious diseases in said city, shall forfeit and pay to the city not less than ten nor more than one hundred dollars.

AMENDED
by ord. no. 842

Sec. / 2 Said Board shall examine all accounts for expenses incurred by its authority, and such as are approved shall be certified by the President and attested by the Clerk thereof, and when

86-

110

so certified and attested, the Board of Aldermen shall draw their warrant on the Treasurer for the amount.

Sec. 13 Said Board shall keep in proper books, full and accurate accounts of all expenses incurred by its authority, specifying the time when, the amount, the purpose to which applied, and the person through whom the same was incurred, and designate such items as are to be refunded by the owners of property, and shall on the first day of each stated session of the Board of Aldermen, report to that body a specific account of all such expenses incurred since the preceding report.

Sec. 14 All expenses incurred by order of said Board of Health in the abatement of nuisances on private property shall be a special tax on the property on which said nuisance existed; and so soon as the work or labor is performed, the contractor or person doing the work, shall present his bill therefor to the said Board, which shall be by them first examined, and if found correct shall so certify thereon, and immediately cause the same to be placed in the hands of the City Marshal, who shall receipt for the same, and shall immediately notify the owner of the said property that the account for abating the nuisance is in his hands for collection, and if the same is not paid within thirty days from the date of said notice, he shall proceed to collect the same as provided by ordinance for the collection of other delinquent taxes, and when the same is collected it shall be paid into the City Treasury, and placed to the appropriation of the Board of Health.

Sec. 15 The amount of any account so placed in the hands of the City Marshal may be collected in all respects as any general or special tax or taxes authorized to be levied and collected by the city, but said Board may, in their discretion, order suit to be brought thereon instead of proceeding against the property.

ORDINANCE NO. 59. ¹¹⁸

AN ORDINANCE RELATING TO THE CEMETERY.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section / That there is hereby created the office of Supervisor, whose duties are defined as follows:

First- To exercise a supervisory control over the City Cemetery, and the lots and blocks connected with the same.

Second- He shall execute a bond payable to the city, with approved security, for the sum of one hundred dollars, conditional for the faithful discharge of his duties as such Supervisor, and to account for all moneys coming into his hands, and make due report of the same to the Board of Aldermen at their regular monthly meeting. The Supervisor shall be allowed as compensation a commission of ten per cent upon all sales made by him, but no commission shall be allowed or paid to him unless the purchase money is paid to him without any deduction, into the City Treasury, and the Treasurer's receipts therefor filed in the Clerk's office.

Sec. 2 Hereafter, no person shall be allowed to bury in the Rolla Cemetery, unless they purchase a burying ground and obtain a certificate of purchase therefor from the Supervisor.

Sec. 3 The Supervisor of said Cemetery shall furnish a burial place free of charge for the burial of any pauper citizen of the City of Rolla (excepting County paupers), upon the presentation of a certificate from the Mayor to that effect, in a section of said cemetery set aside for that purpose and known as pauper ground.

Sec. 4 Block One, Seven, and Ninety-eight in every section are hereby reserved for future ornament to the Cemetery, and Section Four of said Cemetery is hereby reserved as pauper ground.

Sec. 5 Whoever shall violate the section of this ordinance relating to the purchasing of a burying ground, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than five nor more than fifty dollars.

Sec. 6 Any person who may purchase two or more adjoining blocks in the City Cemetery, shall have the right to fence in the four-foot walk between said blocks, so as to enable the purchaser to fence all the blocks in one enclosure.

Sec. 7 All the blocks in the City Cemetery shall hereafter be divided into eight lots in the place of twelve as heretofore; each block to be sold at twenty dollars, half blocks at ten dollars, and each grave lot at three dollars.

Sec. 8 Duplicate plats of the City Cemetery shall be prepared, showing burial lots numbered from One (1) up. One of said plats shall be filed in the Recorder's Office of Phelps County, Missouri, the other to be kept in the office of the City Clerk. A stub deed book shall be procured, and said stubs and deeds shall be numbered to correspond with the number on said plat. Stubs shall be filled out, giving name of all persons now buried in the Cemetery as far as the same can be ascertained.

And the accompanying deed furnished to family or friends, or such person when required. The deed book shall remain in the possession of the City Clerk, and hereafter when the Supervisor of the Cemetery shall sell a lot, he shall procure a deed, to be furnished the person purchasing it, to be signed by the Mayor and Clerk.

120

Sec. 9 The Clerk shall keep an account with the Supervisor of the Cemetery, and charge him with the amounts hereafter received. The City Clerk shall keep an alphabetical register of all persons hereafter buried; which register shall give opposite the name, the number of lot where buried, said number to correspond with the number on the plat and stub of deed book.

Sec. 10 All persons cleaning their private lots will be required to dispose of the rubbish so made in a place in the Cemetery known as the Big Fill, and not upon the streets or walks; and whoever shall violate this section of this ordinance shall be deemed guilty of a misdemeanor, and shall be punished by a fine of from one to five dollars for such offense.

Sec. 11 It shall be the duty of the Supervisor to keep the fencing around the Cemetery in good repair, and keep the gates closed, and he shall be allowed such compensation therefor as shall be fixed by the Board of Aldermen.

And it shall be his duty, when requested, to dig graves, and superintend the burial of all persons buried there, as well as paupers of the city, and for burying such paupers he shall receive such compensation as the Board of Aldermen may determine; and for burying other parties, such compensation as may be agreed upon by the friends of the deceased.

Sec. 12 The plats, records and register of the Cemetery heretofore made by the City of Rolla, is declared to be the Plats, Records and Register of the City of Rolla.

or indecent behavior, or by profane discourse within their place of worship, or so near to the same as to disturb the order and solemnity of the meeting, or menace, threaten or assault any person there being, shall be punished by a fine not exceeding fifty dollars nor less than five dollars.

Sec. 6 Any person who shall throw any stones, bricks, pieces of wood, or other hard substances, in or across any street or alley of this city, or within any public place, or at or against any house, building or vehicle, shall, on conviction, be fined not less than three nor more than twenty--five dollars.

Sec. 7 Any person who shall draw any pistol or other weapon on any street, lane, alley or other place in this city, on any person, shall be fined not less than five nor more than fifty dollars. Nothing in this section shall apply to police officers of the city or state.

Sec. 8 It shall be unlawful for any person in the city to carry concealed weapons upon or about his person; or who shall go into any church, or a place where people are assembled for educational, literary or social purposes; or to any election precinct on any election day; or into any court room during the sitting of court; or into any other assemblage of people met for any lawful purpose, having upon or about his person any kind of fire-arms, bowie knife, dirk, dagger, slung shot, metallic knuckles, or other deadly weapon; or shall in the presence of one or more persons exhibit any such weapon in a rude, angry, or threatening manner; or who shall have or carry any such weapon upon or about his person when under the influence of intoxicating liquors, or shall directly or indirectly sell, deliver, loan or barter to any minor any such weapon without the written consent, or in the presence of, the

115-

137

parent or guardian of such minor. Any person violating this ordinance, shall, on conviction, be fined not less than fifty dollars nor more than one hundred dollars.

Sec. 9 The preceding section shall not apply to officers of the United States, State, County, or police officers, nor to soldiers of the United States, nor to persons moving or travelling through the state of Missouri.

Sec. 10 That whoever shall loiter, assemble or gather around or in the vestibule of any church to the annoyance or disturbance of any person or persons, either entering or leaving the same, where any form of religious worship, moral, literary, scientific instruction or entertainment is being conducted or carried on therein, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than five nor more than twenty dollars.

Sec. 11 Whoever shall loiter, gather or assemble upon the sidewalk about any saloon or about the building in which any saloon is located, or who shall loiter, gather or sit along or upon such sidewalk, or the curbing, or in or upon any window or window sill, or door or door sill, or entrance to such saloon or building or other place of of business on Eighth Street, east of Pine Street, shall be guilty of a misdemeanor and shall, on conviction, be fined in the sum of not less than one and not more than five dollars.

Sec. 12 Whoever shall gather, loiter or assemble along and upon the sidewalk about any hotel upon Eighth Street, after the hour of nightfall, and shall at such time, by singing, playing on any musical instrument, or loud conversation or other loud noise, annoy and disturb any person or persons in or about said hotels, shall be deemed guilty of a misdemeanor, and shall, on conviction,

be fined in a sum of not less than one dollar and not more than five dollars.

AN ORDINANCE RELATING TO THE TRIAL OF DEFENDANTS.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section / The defendant in all cases tried before the Police Judge may demand that the cause be tried by a jury, which jury shall be composed of six good and lawful men having the qualifications of jurors in the Circuit Courts.

Sec. 2 When any defendant shall demand that his cause be tried by a jury as provided in the preceding section, before his cause shall have been submitted to the Police Judge, the Police Judge shall issue a venire directed to the City Marshal, commanding him to summon twelve good and lawful men of the city, having the qualifications of jurors in the circuit court, who shall be in no wise of kin to the defendant, nor interested in the determination of said suit, to appear before the Police Judge at the time and place to be named therein, to make a jury for the trial of the cause mentioned in the venire.

Sec. 3 The Marshal shall execute such venire fairly and impartially, and shall not summon any person whom he has reason to believe is biased or prejudiced for or against the party.

Sec. 4 The qualifications of said jurors shall be ascertained or proved as required of jurors in the circuit court, and the Police Judge shall in summary manner decide upon the competency objected to by either party. A list of qualified jurors to the number of twelve shall be furnished to the parties, and the city shall first strike off three names, then the defendant shall strike off three, and the remaining six or first six remaining on the list shall be sworn as the jury to try the cause.

148

Sec. 5 If a sufficient number of competent jurors cannot be obtained from the panel returned, the Marshal shall immediately summon others to serve in their places.

Sec. 6 The Police Judge shall administer an oath to the jury well and truly to try the cause and a true verdict render according to the law and the evidence.

Sec. 7 After the jury are sworn to try the cause they shall sit together and hear the evidence; after hearing the same they shall be kept together under the charge of the Marshal until they have agreed upon their verdict or shall be discharged by the Police Judge.

Sec. 8 When they have agreed upon their verdict, they shall deliver it to the Police Judge, who shall enter it upon his docket; the verdict shall be in writing and signed by the foreman who shall have been chosen by said jury.

Sec. 9 Each juror who shall sit as a juror in the trial of any cause shall receive as compensation therefor a fee of fifty cents, to be taxed as costs in the cause; but in no case shall the city be charged with any such fee by reason of a failure to sustain its cause.

ORDINANCE NO. 54.

AN ORDINANCE RELATING TO THE ENFORCEMENT OF FINES.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section / That when any person shall fail to pay, or in such failure shall fail to secure to be paid, within fifteen days, any fine that may be adjudged against him under any ordinance of the city, together with the costs which may have accrued in his case, he shall be immediately, on the rendition of the fine against him, committed to the city calaboose for safe keeping.

Sec. 2 Every able bodied person committed to the City Calaboose, who shall stubbornly refuse to perform manual labor in accordance with the provisions of this ordinance, may be kept by the keeper of said calaboose, under the direction of the Marshal of the City, on a short allowance of bread and water until said person shall be willing to conform to the requirements of this ordinance in regard to performing manual labor, or until he be discharged by law.

Sec. 3 For every twenty-four hours that any person who is sick and unable to perform manual labor be committed and confined in the calaboose of this city, he shall be allowed one dollar towards the payment of the fine and cost, in default of the payment of which he was committed.

Sec. 4 Any person who has been convicted before the Police Judge and sentenced for violation of any ordinance of the city, whether the punishment be by fine or imprisonment, or by both, may be put to work and required to perform labor on the public streets, highways and alleys, or other public works or buildings of the city; and the Marshal, Street Commissioner, or other proper officers of

AN ORDINANCE AUTHORIZING THE CONSTRUCTION AND MAINTENANCE OF
A TELEPHONE SYSTEM UPON, ALONG AND ACROSS THE
STREETS AND ALLEYS IN THE CITY OF ROLLA.

Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section 1 That N. A. Kinney, of Rolla, Phelps County, Missouri, be and is hereby authorized and granted the privilege to construct, maintain and operate, a telephone system upon, along and across all of the several streets and alleys of the City of Rolla.

Sec. 2 That in constructing and perfecting said telephone system the said N. A. Kinney is hereby granted the right and privilege to erect telephone poles along each and every street of the City of Rolla, as the said streets are now laid out and platted in said city; and he is hereby granted the right and privilege to erect telephone poles along each and every alley of said City of Rolla, as the said alleys are laid out and platted. And he is further authorized and granted the privilege to string telephone wires upon the poles herein authorized to be erected by him, along and across all of the several streets and alleys of the said City of Rolla as the same are now laid out and platted in said city. Provided, that he shall use, so far as possible, the electric light poles of the City of Rolla which are now erected along the several streets of said city, on which to string the wires of said telephone system, instead of erecting poles for that purpose, but in all cases where it is impossible for him to use the electric light poles of the City of Rolla, then he is to have the right and privilege as hereinbefore granted to erect telephone poles as herein authorized by this ordinance.

157

Sec. 3 The telephone poles used in the construction, maintenance and operation of the telephone system herein referred to and authorized by this ordinance, shall be of the length that will suspend the wires at least eighteen feet above the ground, said poles to be of cedar. The poles shall be set so as not to interfere with the gutters of streets of said city, and are not to be set over two feet from the curb line of the street, and no poles shall be set directly in front of any gate or door, nor shall any pole be set between the building line of any street; the erection of said poles to be under the direction of the Street Committee of the said City of Rolla, Missouri.

Sec. 4 That said N. A. Kinney shall, as a compensation for the privilege herein granted, put up and maintain one 'phone as a part of said telephone system, to be placed in the City Electric Light plant of the said City of Rolla, for the use and benefit of said city; said 'phone to be used by said city free of charge, and the further sum of twenty-five dollars per annum.

Sec. 5 That the said City of Rolla shall have the right to use the poles erected by said N. A. Kinney free of charge for said telephone service, on which to string the electric light wires of said City of Rolla, Missouri.

Sec. 6 This ordinance shall be and remain in force from and after its passage for a period of twenty years.

THE 3RD DAY OF FEBRUARY, 1902.

A bill for an ordinance declaring the result of the special election held in the City of Rolla, Missouri, on Monday the 3rd day of February, 1902, for the purpose set forth in Ordinance No. 47, entitled "An Ordinance to Borrow Money and Issue Bonds in Payment Thereof," and ordering a special election of the legal voters of the City of Rolla, Missouri, with a view to test the sense of the legal voters thereof on an increase of indebtedness of the said City of Rolla, Missouri, in the sum of Three Thousand Dollars (\$3000.) passed and approved on the 10th day of January, 1902. Said amount, or as much thereof as may be deemed necessary by the Board of Aldermen of said city, to be expended in repairing and enlarging the Electric Light Plant of the City of Rolla, as the Electric Light Committee of said City may deem advisable; and notice of which said election was duly published in the "Herald-Democrat," a weekly newspaper printed and published in the City of Rolla, Phelps County, Missouri, the first insertion of which was at least fifteen days before the 3rd day of February, 1902.

Now, therefore, for the purpose aforesaid,
Be it Ordained by the Board of Aldermen of the City of Rolla, as follows:

Section / That at the special election held in the City of Rolla, Missouri, on Monday, the 3rd day of February, 1902, to test the sense of the legal voters on the proposition to borrow Three Thousand Dollars (\$3,000.) in money, and to issue bonds in payment thereof, we find as duly certified to us by the Judges of such election, that there was a total number of one hundred and

ORDINANCE NO. 102

An Ordinance defining ~~plans and~~ specifications for first class brick paving.

Be it ordained by the Board of Aldermen of the City of Rolla, Mo., as follows:

SUB-GRADE

That portion of the roadway indicated by the resolution to be paved shall be excavated from the present surface thereof to a sub-grade, which, when properly prepared shall be ten (10) inches below and parallel with the surface of the completed pavement; said complete surface shall conform to the general cross section of the streets as indicated upon the plans, except at such points where there exists a difference in the level between the opposite curbs or where proper drainage may require it, then the surface of the pavement may be lowered or raised within a range of six (6) inches as the Engineer may direct.

The sub-grade shall be thoroughly rolled with roller weighing not less than five (5) tons or tamped with tamper weighing not less than 100 #, should such rolling or tamping develop any soft or spongy ground the same shall be removed and such excavations and such depressions as may appear shall be refilled with a material acceptable to the City Engineer, and the entire sub-grade be brought to an even and compact surface by rolling or ramming.

Of the material excavated the contractor shall remove and dispose of all at his own expense, excepting such macadam, or rock, or gravel, or dirt as the Engineer may direct to be turned over to the Street Commissioner, for use elsewhere, such material to be deposited by the contractor at the place designated by the Engineer, provided said place is within two thousand (2000) feet of the excavation. For each cubic yard of material hauled in excess of the above distance an allowance of one (1) cent per cubic yard per hundred feet of excess shall be made.

The contractor must allow proper opportunity to the City or property owners for repairing or relaying pipes, or conduits of all kinds, and he will be held responsible for all damage done to them during the execution of his work.

FOUNDATION.

Upon the sub-grade prepared as above described Portland cement concrete, composed of Portland cement, clean, sharp sand, and broken stone, or clean gravel, will be laid to an average thickness of five (5) inches. The cement shall be of the best quality of American manufacture and shall be submitted to the City Engineer for inspection at least ten (10) days before it is used. It shall conform to the following tests, and shall set in not less than one (1) hour. When mixed in the proportions of (1) part cement by weight and three (3) parts of standard sand it shall have a tensile strength after exposure of one (1) day in air and six (6) days in water of at least 500 pounds to the square inch; at least ninety-eight (98) per cent of the cement by weight, shall pass through No. 50 sieve, with 2500 meshes to the square inch, and eighty-six (86) per cent shall pass through No. 100 sieve or 10,000 meshes to the square inch. The cement shall have a tensile strength of at least of at least 175 pounds to the square inch in twenty-four (24) hours, and 350 pounds to the square inch when mixed neat and exposed one (1) day in the air and six (6) days in the water. A cement that cracks or checks when made in thin cakes or that begins to set in less than thirty minutes will not be accepted. All cement must be delivered on the work in original packages, bearing name, brand or stamp of the manufacturer.

The sand shall be clean, sharp river sand, free from loam adherent to the sand grains, and shall be screened when deemed necessary by the City Engineer.

The broken stone shall consist of clean hard limestone, or gravel, crushed to such a size that will pass a screen having perforations two and one-half (2-1/2) inches in diameter and retained by a screen having perforations one half (1/2) inch in diameter.

The concrete shall be composed of one (1) volume of cement, 3 volumes of sand and 7 volumes of clean, broken stone or gravel.

The foundation shall be constructed as above specified, except when so specified in the resolution declaring such improvements necessary and under the same is constructed, the foundation shall be constructed of Portland cement and chats in the proportion of one volume of chats free from foreign matter. of cement to 6 volumes

The concrete shall be prepared in suitable boxes and shall be formed by first thoroughly mixing the proper proportion of cement and sand together dry, to which only sufficient amount of clean water shall be added to produce a mortar of proper consistency when thoroughly worked, to this mortar the proper proportion of wet stone shall be added and mortar and stone quickly and thoroughly mixed until each stone is completely covered with mortar. The concrete shall be promptly deposited in place and rammed until mortar flushes to the surface, which surface shall conform to a plane parallel with and five (5) inches below the finished surface of the pavement. The concrete shall be properly protected, until, in the opinion of the City Engineer, it is sufficiently set, and not until such time a pavement be laid thereon. Concrete shall not be laid when the temperature is such as in the opinion of the City Engineer, will injure the quality of the concrete.

The concrete shall extend close up to all openings, projections, or irregularities and be finished about the same in a neat and workmanlike manner.

If a machine is used for mixing the concrete the above operation may be varied as may be required. No concrete shall be used that has been mixed more than one-half hour.

Between the curb lines of an intersecting street or alley, the concrete and pavement shall be finished against a white oak plank three (3) inches thick and 10 inches deep, and of such length as the Engineer may designate. The upper edge of the plank to be neatly adzed off to conform to the finished surface of the pavement. Where the work adjoins any pavement already laid the Engineer may require the contractor to remove and relay a sufficient amount of the old pavement to form a satisfactory connection of the two pavements.

Upon the foundation shall be laid a bed of course screened sharp sand of one (1) inch thickness when compacted. Upon the base of sand is to be laid a pavement of the best quality of vitrified paving bricks or brick blocks.

3

VITRIFIED BRICK, OR BRICK BLOCK PAVEMENT.

The paving must be of the best quality brick or brick blocks, of uniform dimensions and true in form especially made for street paving purposes. The vitrified brick shall be not less in size than 2-3/8 inches by 3-3/4 inches by 8 eight inches, with rounded edges with a radius of three-eighths of an inch, and the vitrified brick blocks shall not be less than 3-1/2 inches thick by 4 inches deep and 8 inches long, but only one size and make shall be used on the street in the improvement of the district being paved.

The brick or brick blocks shall be free from lime and other impurities, and shall be as nearly uniform in every respect as possible and shall be burned so as to secure the maximum hardness. So annealed as to reach the ultimate degree of the toughness and thoroughly vitrified so as to make a homogeneous mass.

The brick and brick blocks shall be free from all laminations caused by the process of manufacture and free from fire cracks or check of more than superficial character or extent. All brick so distorted in burning or with such prominent kiln marks as to produce an uneven pavement, shall be rejected.

To secure uniformity in vitrified paving bricks and paving brick blocks delivered for use, the following tests as recommended by the National Brick Manufacturers' association shall be made:

Specimen vitrified paving brick and vitrified paving blocks shall be placed in a machine known as a rattler 20 inches long, 28 inches in diameter, making 30 revolutions per minute, if deemed necessary by the City Engineer. Nine to twelve bricks shall constitute a charge for a single test. In addition 300 pounds of cast iron foundry shot shall be placed in the rattler. These shot will be of two sizes, viz: One and one-half inch cubes and oblong pieces 2-1/2 inches square section and 4-1/2 inches long. The number of revolutions for standard test shall be 1800 and if the loss of weight by abrasion or impact during such test shall exceed 20 per cent of the original weight of the brick tested, or 18 per cent of the original weight of the brick blocks, then the brick blocks shall be rejected. All pieces one pound in weight, or less shall be counted as loss. An efficient test shall be the average of two of the above tests. The City Engineer may at any time during the progress of the street work take any number of brick or brick blocks for testing purposes, and should they not meet the requirements, other satisfactory brick or brick blocks shall be substituted at once.

The brick or blocks shall not absorb, when whole or in fragments, more than two and one-half per cent of their weight of water, which immersed in water forty-eight hours.

They must be set vertically on edge in close contact with each other, in straight rows across the street, except at street intersections, which shall be paved at an angle of forty-five (45) degrees to the line of intersecting streets, so as in no case to be parallel to the line of travel, and those in adjoining rows set so as to regularly break joints.

No bats or broken bricks or blocks, can be used except at curbs where half paving brick or blocks must be used to break joints. The brick or brick blocks having been set for distance of sixty (60) feet, the first fifty (50) feet must be lightly rammed, after which the joints must be grouted as indicated on plans, or where not required to be grouted, a covering of clean sand sufficient to fill the interstices, must be spread over the surface and broomed in, after which the whole must be rammed with a rammer weighing not less than fifty (50) pounds. Plank must be used under rammers.

For the purpose of final inspection the contractor, when directed by the Engineer, shall clean and thoroughly water each section put down before putting on the final layer of sand, grout or filler in order, to assist in detecting soft or unburned bricks that may have passed previous inspection, and the contractor must immediately replace with good brick such as the engineer may designate. The pavement must be surfaced by using a long straight edge and by a thorough rolling of the pavement with a roller weighing not less than 150 pounds, nor more than 250 pounds per lineal inch, or tamped with a tamper weighing not less than 100 pounds, and when completed to conform to the true grade and cross section of the roadway.

When laid along street railway tracks the special construction shown on plans must be followed.

FILLING THE JOINTS.

Where sand filler is specified by the resolution deeming such improvements necessary and under which same is made, clean, coarse grained sand must be thoroughly broomed in between all of the bricks on the street paved for a space of eighteen (18) inches wide on either side of the street and next to the curb. This eighteen inches must be grouted with grout filler composed of equal part by measure of clean sharp sand and Portland cement, with enough water added to produce a liquid mixture of the consistency of rich cream. This grout is floated upon the pavement and swept into the crevices between the bricks with brooms by skilled men until the joints are completely filled. The Portland cement used must be of the best American manufacture and such as will pass the requirement of Portland cement as specified here tofore. When sand filler is specified in the resolution deeming such improveing necessary, and under which same is made, in paving alleys, the joints between the bricks must be completely filled with sand as above specified and the grouting on either edge is to be omitted. Where Portland cement grout is specified by the resolution deeming such improvement necessary and under which same is made, equal parts by measure of sand and cement shall be thoroughly mixed dry in a suitable box of demensions specified by the City Engineer, enough water to produce a liquid mixture of the consistency of rich cream shall then be added and the liquid shall then be constantly stirred with hoes until the entire batch has been spread upon the pavement. The liquid thus prepared shall be applied in two course, the second course being a trifle thicker than the first. As fast as the grout is floated upon the pavement, it shall be well broomed into the joints by sufficient number of skilled men. The second course shall follow immediately upon the first. After an area, as determined by the City Engineer, shall have been grouted in this manner, the sweeper shall be turned back, accompanied by a man with a large sprinkling can, having the nose punctured with very small holes. He shall sprinkle the pavement just a little ahead of the sweeper, who will then fill up all the low places in the joints. When finished every joint must be entirely filled with grout except that adjoining the curb stone on each side of the street, a joint across the street running from curb line to curb line, which shall be at intervals of 50 feet. These joints shall be at least one-half inch in width, shall be filled with an asphalt filler to provide for the changes due to the expansion and contraction of the pavement. The filler for expansion joints shall be genuine asphalt filler the same as specified here in under the head of asphalt filler. It shall remain ductile at all temperatures. It shall firmly adhere to the brick and yet be plyable, thus providing for expansion and contraction. The filler shall be heated to a temperature of 350 degrees Fahrenheit, or until it will run from a dipper without stringing. It shall then be poured into the spaces left for expansion joints and until the filler is flushed with the top of the bricks. If necessary these joints shall be gone over a second time. Where alleys are to paved and grouted, the groutin is to be done, as above specified, but not expansion joints are to be provided. The pavement shall not be open for public travel for at least five days after grouting, or until the grout has completely set.

ASPHALT FILLER.

When the resolution deeming such improvement necessary and under which same is made, specifies asphalt filler to be used, it shall be as follows. After the bricks have been satisfactorily rolled and inspected the joints between the bricks shall be filled with asphaltic cement the combined constituents of which to contain not less than nine-five per cent pure asphaltic bitumen as determined by its solubility in carbon bisulphide at seventy-eight degrees fahr, and composed of refined asphalt and heavy petroleum oil. The asphalt shall be a natural vitumem liquid or solid which upon the application of heat, is adhesive, viscous and elastic, and refined until the product is homogeneous and free from water not less than fifty-four per cent of the pure bituminous matter of the refined asphalt shall be soluble in eighty-eight degrees Pennsylvania Naptha at seventy-eight degrees Phar.

The heavy Petroleum Oil shall be a Petroleum residuum from which the lighter oil has been removed by distillation, until it has a specific gravity of not less than 0.95 and have the following properties.

Flushed test not less than 325 degrees Fathr, as taken in the New York State closed oil tester. (2) not more than seven per cent of the matter vilatile at 350 Farh , in seven hours. (3) It shall be free from coke and coal tar or other adulterations.

The asphaltic cement shall be prepared by flushing the refined asphalt with heavy petroleum oil, at a temperature between 250 degrees and 350 degrees Fahr., or until it runs from a dipper without stringing in such proportions as to produce a cement of such consistency that, when placed in the pavement, shall be stable compound, adhesive elastic, and an absolute water proofing at all air temperatures.

If the Engineer desires he shall have anylisis made of the asphaltic filler, such anyalsis at the expense of the contractor. The filler shall be applied from dippers or other apparatus , in such manner that the interstices of the brick pavement shall be entirely filled with it, and shall be flushed with the serface of the pavement.

Sec.2. The above specifitations are here by adopted and defined as the specifications for first class brick paving in the City of Rolla Missouri, and first class brick paving shall be constructed according to above specifications.

Sec.3. This Ordinance shall be enforced from and after its approval by the Mayor.

Approved this 27th day of Feb. 1909.

ORDINANCE NO 193.

AN ORDINANCE DECLARING THE RESULT OF THE SPECIAL ELECTION
HELD IN THE CITY OF ROLLA, MISSOURI, ON TUESDAY, THE
29TH DAY OF SEPTEMBER, 1914.

A bill for an Ordinance declaring the result of the special election held in the City of Rolla, Missouri, on Tuesday, the 29th day of September, 1914, for the purpose set forth in Ordinance No. 192, entitled "An Ordinance to borrow money and issue bonds in payment thereof, for the purpose of improving the water works plant in the City of Rolla, Missouri, by erecting a steel water tower, purchasing water meters and an air compressor and repairing power house," and ordering a special election of the legal voters of the City of Rolla, Missouri, with a view to test the sense of the legal voters thereof on a proposition to borrow Twelve Thousand Dollars (\$12,000), and to issue bonds in payment thereof, which said money is to be used for the purpose of paying the cost of improving the water works plant in the City of Rolla, Missouri, by erecting a steel water tower, purchasing water meters and repairing power house, passed and approved on the 7th day of September, 1914; and notice of which said election was duly published in the "New Era", a weekly newspaper printed and published in the City of Rolla, Phelps County, Missouri, the first insertion of which was at least fifteen days before the 29th day of September, 1914.

an act to amend

Now, therefore, for the purposes aforesaid,
Be it Ordained by the Board of Aldermen of the City of Rolla,
Missouri, as follows:

Section 1. That at the said special election held in the City of Rolla, Missouri, on Tuesday, the 29th day of September, 1914, to test the sense of the legal voters of said City on the proposition to borrow Twelve Thousand Dollars, and to issue bonds in payment thereof, which said money is to be used for the purpose of improving the water works plant in the City of Rolla, Missouri, by erecting a steel water tower, purchasing water meters and an air compressor and repairing power house, we find, as duly certified to us by the judges and clerks of such election, that there was a total number of One Hundred and Ninety-three votes cast, of which One Hundred and Fifty-three votes were cast "For Increase of Debt"--Yes, and Forty votes "For Increase of Debt"--No,

And we do further find that said One Hundred and Fifty three votes cast "For Increase of Debts"--Yes, were more than two-thirds majority of the legal voters of said City of Rolla, Missouri, voting at said election, held for that purpose; and so finding we declare as the result of said election that the said proposition so submitted in said Ordinance No. 192, of the Ordinances of the said City of Rolla, Missouri, as aforesaid, and entitled as above, was duly submitted to the qualified voters of the said City of Rolla, Missouri, and due notice thereof given, and was duly carried by a two-thirds vote of the legal voters of said City of Rolla, Missouri, voting at said election.

Passed by the Board of Aldermen of the City of Rolla,
Missouri, September 30, 1914.

ORDINANCE NO. 200

OK
 A Bill for an Ordinance levying and assessing a special tax and authorizing the issue of a special tax bill against the real estate of the United States abutting on Pine Street, in the City of Rolla, Missouri, for its proportion of the cost of constructing first class brick paving on Pine Street from the center of Sixth Street to the center of Tenth Street by J. C. Likes under contract with the City of Rolla, Missouri.

WHEREAS, Under contract duly entered into with the City of Rolla, Missouri, J. C. Likes constructed first class brick paving on the roadway of Pine Street between the center of Sixth Street and the center of Tenth Street in said City, all in accordance with his contract and the plans and specifications provided therefor by said City of Rolla; and

WHEREAS, Said paving was completed and duly accepted by the Mayor and Board of Alderman of said City of Rolla on September 7th, 1910; and

WHEREAS, The total cost of said completed paving in accordance with the contract of J. C. Likes and his bid of \$2.34 per square yard therefor, is and was thirteen thousand and thirty-five and 50/100 dollars (\$13,035.50), which amount, less the proportion due against the real estate of the United States, has been heretofore, on October 12, 1910, apportioned against all the other lots and real estate abutting on said Pine Street and paving, according to the frontage of each on said Pine Street, and special tax bills issued therefor against said lots for their respective portions of said entire cost of paving the Street between the points mentioned; and

WHEREAS, the amount that was due against the said real estate of the United States on October 12, 1910, as its proper and lawful portion of the entire cost of paving said Pine Street is and was seven hundred and sixty-six and 87/100 dollars (\$766.87), no part of which has ever been paid to J. C. Likes, the contractor; and

THE OFFICE OF THE CITY CLERK OF THE CITY OF ROLLA, MISSOURI, HAS THE HONOR TO ACKNOWLEDGE THE RECEIPT OF THE ABOVE DESCRIBED INSTRUMENT AND TO CERTIFY THAT THE SAME IS A TRUE AND CORRECT COPY OF THE ORIGINAL AS FILED IN HIS OFFICE ON THE DATE HEREIN SPECIFIED.

WHEREAS, the United States became the owner of said real estate, where its Post Office Building is now located, before the contract for said street paving was entered into and before the work was done; and on account of a misunderstanding and misconception of the law at the time, no special tax bill has ever been issued against the United States for its portion of the cost of said paving. And in order that J. C. Likes, the Contractor may have a proper and accurate means of presenting his claim therefor to the proper authorities of the United States for adjustment and payment, an official and correct special tax bill should be issued against said real estate for its proper and lawful share and proportion of the cost of paving said Pine Street, special tax bills having been on October 10, 1910, issued against all the other lots on the Street, bearing interest at the rate of eight (8) per cent per annum as provided by law. Therefore,

BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF ROLLA, MISSOURI, AS FOLLOWS:

Section 1. There is hereby levied and assessed a special tax against the tract of ground hereinafter described to pay J. C. Likes its proper and lawful share of the cost of constructing first class brick paving on Pine Street in the City of Rolla, Missouri, from the center of Sixth Street to the center of Tenth Street. The amount herein levied, assessed and charged against said tract of land being its proper and lawful share of the cost of the street paving, the balance of such entire cost having been heretofore, on October 12, 1910, levied, assessed, charged and apportioned among the several lots, blocks and pieces of ground abutting on said Pine Street and improvement, each of said lots, blocks and pieces of ground having been charged with its proper and lawful share of the amount due the contractor for said work according to the front feet thereof respectively abutting on said Pine Street and improvement.

Against a lot and tract of land situated in the City of
Rolla, Missouri, described as follows:

"All of lots numbered five (5) and six (6), and a fractional part of lots numbered two (2), three (3), four (4) and seven (7), all in Block numbered Fifty-two (52), County Addition to the City of Rolla, Missouri, described as follows to-wit: Beginning at the Southwest corner of lot numbered five (5) in said Block, on the north line of Ninth Street, thence East along the south line of lots numbered five (5), six (6) and seven (7), One hundred and thirty (130) feet, thence north parallel with the west line of lot numbered seven (7) One Hundred and twenty (120) feet; thence west parallel with Ninth Street, One Hundred and thirty (130) feet, to the East line of Pine Street; thence south along the east line of Pine Street One Hundred and twenty (120) feet to the place of beginning," belonging to the United States, and upon which tract of land its Post Office Building is located, there is hereby levied and assessed the sum of Seven hundred and Sixty-six and 87/100 dollars (\$766.87), the said tract of ground having a frontage of One hundred and twenty (120) feet on the ~~west~~^{East} side of Pine Street and being liable for the cost of 327.72 square yards of said street paving as its proper and lawful share of the cost of the entire paving improvement from the center of Sixth Street to the center of Tenth Street.

Section 2. The Mayor and City Clerk are hereby authorized and directed to issue a special tax bill against the above described lot and tract of ground for the amount herein levied and assessed against it for its proportion and share of the cost of the construction of first-class brick paving on Pine Street between the center of Sixth Street and the center of Tenth Street and deliver the same to J. C. Likes, the Contractor, who is entitled to the same. The said special tax bill shall bear interest at the rate of eight (8) per cent per annum from and after thirty (30) days after its issue.

RESOLUTION ⁶

Be it resolved by the board of Aldermen of the city of Rolla, Missouri, as follows:

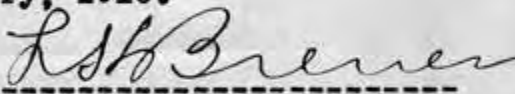

Whereas it has been called to the attention of the Board of Aldermen that the limits of the city or indefinite and uncertain, and much confusion has arisen as to whether a large number of persons are in or out of the city;

And whereas, we believe that the city has outgrown its present limits and that they should be extended to include a large number of persons residing in close proximity to the city;

Therefore be it resolved by the board of Aldermen now assembled, that the Mayor of the city of Rolla, be Authorized and empowered to appoint a committee of three citizens of said city, One from each ward, to act in conjunction with the city surveyor, and that they survey, mark out and define a new proposed limits and boundaries for said city of Rolla, which said new limits shall be submitted to the voters of the city at the coming annual election for their approval or rejection.

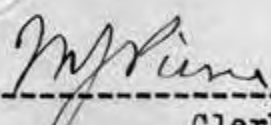

The Mayor shall make his appointment of said committee within five days after this date and said committee shall complete their work and make report to this council at its next regular meeting.

Resolution No. 13

Whereas, the Public Service Commission of Missouri has, by its order made on March 30, 1917, denied the application of the City of Rolla for permission to extend Ninth Street across the railroad and right-of-way of the St. Louis and San Francisco Railroad Company, and,

Whereas, the convenience of the public and the proper and orderly conduct of the business of said City and the progress and general welfare of its citizens demand speedy and immediate relief from the present congested condition of traffic and travel for want of a crossing over and across the said railroad and right-of-way between 8th and 12th Streets, therefore,

Be it resolved, that the Mayor and City Attorney be and they are hereby authorized and empowered to again call the attention of the proper officials of said railroad company to these conditions and to endeavor to induce said company to relieve these unjust and burdensome conditions by providing a crossing at 10th street or in some other way to relieve such conditions.

ORDINANCE NO. 250.

A BILL FOR AN ORDINANCE TO BORROW MONEY AND ISSUE BONDS IN PAYMENT THEREOF, FOR THE PURPOSE OF IMPROVING THE MUNICIPAL ELECTRIC LIGHT PLANT OF THE CITY OF ROLLA, MISSOURI, BY PURCHASING AND INSTALLING A STEAM BOILER AND REPAIRS TO ENGINES AND OTHER MACHINERY OF SAID ELECTRIC LIGHT PLANT.

Whereas, the Board of Aldermen of the City of Rolla, believing it is for the best interests of the said City of Rolla that the Municipal Electric Light Plant, owned and operated by the said City, be improved by purchasing and installing a steam boiler and repairs to engines and other machinery of said Electric Light Plant; and

Whereas, it is estimated that the costs of said improvements will be Thirteen Thousand Dollars (\$13,000.00).

Therefore, be it ordained by the Board of Aldermen of the City of Rolla, Missouri, as follows:

Section 1. That a special election be held in the said City of Rolla, on Tuesday, the 11th day of January, 1921, to test the sense of the qualified voters of said City of Rolla, on a proposition to borrow Thirteen Thousand Dollars (\$13,000.00), and to issue bonds in payment thereof, which said money is to be used for the purpose of improving the Municipal Electric Light Plant of the City of Rolla, by purchasing and installing a steam boiler and repairs to engines and other machinery of said Electric Light Plant.

Section 2. That the polling places of said election shall be as follows: First Ward, at the City Hall; Second Ward, at the Southern Hotel; Third Ward, at the County Court House; that notice of said special election shall be given by publication in some newspaper printed and published in said City of Rolla,

for at least fifteen days previous to the time of holding said election; that the polls of said election shall be opened at six o'clock A. M. and shall remain open until seven o'clock P. M. if the sun shall set before seven o'clock, but if not then until sundown; that the form of the ballot to be used at said election shall be:

For increase of debt, Yes.

For increase of debt, No.

The former of which shall be taken as a vote assenting to increase of debt, and the latter as a vote dissenting therefrom, and the Board of Alderman of said City of Rolla shall meet on Wednesday, the 12th day of January, 1921, at the hour of eight o'clock P. M., at the City Hall, to canvass the vote cast at said election and to declare the result thereof.

Section 3. That the bonds so authorized to be issued shall be paid within twenty (20) years from the date of their issue, and that a rate of interest on said bonds shall not exceed six per cent per annum, and that the annual rate of taxation shall not be increased, other than as provided by Section 12A of Article Ten (10) of the Constitution of the State of Missouri, adopted at the General Election held in Missouri on the 4th day of November, 1902.

Section 4. That this Ordinance shall be in force and effect from and after its passage and approval by the Mayor.

Passed December 17, 1920.

Approved December 17, 1920.

ORDINANCE NO. 252.

A BILL FOR AN ORDINANCE DECLARING THE RESULT OF THE SPECIAL ELECTION HELD IN THE CITY OF ROLLA, MISSOURI, ON TUESDAY, THE 11TH DAY OF JANUARY, 1921.

A Bill for an Ordinance declaring the result of the special election held in the City of Rolla, Missouri, on Tuesday, the 11th day of January, 1921, for the purpose set forth in Ordinance No. 250, entitled "A Bill for an Ordinance to borrow money and issue bonds in payment thereof, for the purpose of improving the Municipal Electric Light Plant of the City of Rolla, Missouri, by purchasing and installing a steam boiler and repairs to engines and other machinery of said electric light plant," and ordering a special election of the qualified voters of the City of Rolla, Missouri, with a view to test the sense of the qualified voters thereof on a proposition to borrow Thirteen Thousand Dollars (\$13,000.00), and to issue bonds in payment thereof, which said money is to be used for the purpose of improving the Municipal Electric Light Plant of the City of Rolla, by purchasing and installing a steam boiler and repairs to engines and other machinery of said Electric Light Plant, passed and approved on the 17th day of December, 1920; and notice of which said election was duly published in "The Rolla Herald" and "The New Era", both weekly newspapers printed and published in the City of Rolla, Missouri, the first insertion of which was at least fifteen days before the 11th day of January, 1921.

Now, therefore, for the purposes aforesaid,
Be it ordained by the Board of Aldermen of the City of Rolla, Missouri, as follows:

Section 1. That at the said special election held in the City of Rolla, Missouri, on Tuesday, the 11th day of January, 1921, to test the sense of the qualified voters of said City on

the proposition to borrow Thirteen Thousand Dollars, and to issue bonds in payment thereof, which said money is to be used for the purpose of improving the Municipal Electric Light Plant of the City of Rolla, by purchasing and installing a steam boiler and repairs to engines and other machinery of said Electric Light Plant; we find, as duly certified to us by the judges and clerks of such election, that there was a total number of 499 votes cast, of which 473 were cast "For increase of debt"--Yes, and 26 were cast "For increase of debt"--No.

And we do further find that said 473 votes cast "For increase of debt"--Yes, were more than two-thirds majority of the qualified voters of said City of Rolla, Missouri, voting at said election, held for that purpose; and so finding we declare as the result of said election that the said proposition so submitted in said Ordinance No. 250, of the Ordinances of the said City of Rolla, Missouri, as aforesaid, and entitled as above, was duly submitted to the qualified voters of the said City of Rolla, Missouri, and due notice thereof given, and was duly carried by a two-thirds vote of the qualified voters of said City of Rolla, Missouri, voting at said election.

AN ORDINANCE AUTHORIZING AND DIRECTING THE ISSUE OF BONDS OF THE CITY OF ROLLA, IN THE COUNTY OF PHELPS AND STATE OF MISSOURI, IN THE SUM OF \$13,000 FOR THE PURPOSE OF IMPROVING AND REPAIRING THE MUNICIPAL ELECTRIC LIGHT PLANT OF THE CITY OF ROLLA.

* * * * *

BE IT ORDAINED by the Board of Aldermen of the City of Rolla, Missouri, as follows:

SECTION 1. That there are hereby authorized and directed to be issued bonds of the City of Rolla, in the County of Phelps, and State of Missouri, to the amount of \$13,000, for the purpose of improving and repairing the municipal electric light plant of said city, said bonds to be known as "Electric Light Plant Bonds of the City of Rolla, Missouri". Said bonds shall be dated February 1, 1921 of the denomination of \$500 each. They shall bear interest at the rate of 6% per annum, payable semi-annually on the first day of February and August of each year, such accruing interest to be evidenced by proper coupons attached to said bonds. Both principal and interest of said bonds shall be payable at the American Trust Company in the City of St. Louis, Missouri. Said bonds shall be numbered consecutively from one (1) to twenty-six (26) and shall mature February first as follows: \$500 each year from 1922 to 1935 inclusive, and \$1,000 each year from 1936 to 1941 inclusive, without any option on the part of said City of Rolla for the retirement of any of said bonds prior to the date of maturity thereof.

SECTION 2. Said bonds shall be executed by the Mayor of the City of Rolla, and attested by the City Clerk thereof, with the seal of said City affixed, and the coupons attached to said bonds, representing the interest to accrue thereon, shall bear the fac simile signature of said City Clerk.

SECTION 3. Said bonds and coupons evidencing interest to accrue thereon, shall be in substantially the following form, to-wit:

No. _____ \$500

UNITED STATES OF AMERICA
STATE OF MISSOURI
COUNTY OF PHELPS
CITY OF ROLLA, 6% ELECTRIC LIGHT PLANT IMPROVEMENT BOND

KNOW ALL MEN BY THESE PRESENTS: That the City of Rolla, in the County of Phelps and State of Missouri, acknowledges itself to owe and for value received hereby promises to pay to bearer

FIVE HUNDRED DOLLARS

in lawful money of the United States of America on the first day of February, 19____, with interest thereon from the date hereof at the rate of six (6%) per centum per annum, payable semi-annually on the first day of February and August of each year, on presentation and surrender of the annexed interest coupons as they severally become due.

Both principal and interest of this bond are hereby made payable at the American Trust Company in the City of St. Louis and State of Missouri, and for the prompt payment of this bond and the interest thereon, the full faith, credit and resources of the City of Rolla, in the County of Phelps and State of Missouri, are hereby irrevocably pledged.

- 2 -

This bond is one of a series of like tenor and effect consecutively numbered from one (1) to twenty-six (26) inclusive, aggregating the sum of \$13,000, and issued by the City of Rolla, in the County of Phelps and State of Missouri, for the purpose of improving and repairing the municipal electric light plant of said City, to be owned exclusively by said City, and is issued pursuant to and in full compliance with the Constitution and Laws of the State of Missouri, among others, Articles 4 and 7, Chapter 84 of the Revised Statutes of Missouri for 1909, and pursuant to the authority conferred by the vote of the qualified voters of said City at a special election duly called and held therein on the 11th day of January, 1921, whereat more than two-thirds of the qualified voters voting at said special election voted in favor of the issue of said bonds, and by further authority of ordinance duly passed by the Board of Aldermen of said City.

It is hereby certified and recited that all acts, conditions and things required to be done precedent to and in the issuing of this bond have been done, have happened and have been performed in regular and due form as required by law, that a direct annual tax upon all the taxable property in said City of Rolla has been levied for the payment of the principal and interest of this bond and that the total indebtedness of said City, including this bond and the issue of which it is one, does not exceed any constitutional or statutory limitation.

IN TESTIMONY WHEREOF, the City of Rolla, in the County of Phelps and State of Missouri, has executed this bond by causing it to be signed by the Mayor and attested by the City Clerk thereof with the seal of the City affixed, and has caused the annexed interest coupons to be executed with the fac simile signatures of the said City Clerk and this bond to be dated the first day of February, 1921.

SECTION 5. Said taxes shall be extended upon the tax rolls in each of the several years respectively, shall be levied and collected at the same time and in the same manner that other City taxes are levied and collected, and the proceeds derived from said taxes shall be used exclusively for the payment of bonds herein authorized and the interest thereon.

SECTION 6. It being apparent at this time that no money will be available for the taxes herein levied for the payment of interest in the sum of \$390, due August 1, 1921, it is therefore ordered that there shall be appropriated out of the general revenues of the City of Rolla, the sum of \$390 for the payment of said interest, which sum shall be used for no other purpose whatsoever than the payment of that interest. When the taxes herein levied for the year 1921 have been collected, the general revenues of said City shall be reimbursed therefrom in the sum of \$390.

SECTION 7. When the bonds herein authorized have been executed they shall be presented to the State Auditor of the State of Missouri at Jefferson City, Missouri, for registration; and after their registration shall be delivered to the City Treasurer of said City of Rolla, and by him delivered to the purchasers thereof upon payment of the contract purchase price.

SECTION 8. All ordinances or parts of ordinances heretofore passed that in any way conflict with any of the provisions of this ordinance are hereby repealed and declared void.

SECTION 5. Said taxes shall be extended upon the tax rolls in each of the several years respectively, shall be levied and collected at the same time and in the same manner that other city taxes are levied and collected, and the proceeds derived from said taxes shall be used exclusively for the payment of bonds herein authorized and the interest thereon.

SECTION 6. It being apparent at this time that no money will be available for the taxes herein levied for the payment of interest in the sum of \$360, due August 1, 1921, it is therefore ordered that there shall be appropriated out of the general revenues of the City of Rolla, the sum of \$360 for the payment of said interest, which sum shall be used for no other purpose whatsoever than the payment of that interest. When the taxes herein levied for the year 1921 have been collected, the general revenues of said City shall be reimbursed therefrom in the sum of \$360.

SECTION 7. When the bonds herein authorized have been executed they shall be presented to the State Auditor of the State of Missouri, at Jefferson City, Missouri, for registration; and after their registration shall be delivered to the City Treasurer of said City of Rolla and by him delivered to the purchaser thereof upon payment of the contract purchase price.

SECTION 8. All ordinances or parts of ordinances heretofore passed that in any way conflict with any of the provisions of this ordinance are hereby repealed and declared void.

SECTION 9. This ordinance shall be in effect from and after its passage and approval.

Passed and approved this 1st day of April, 19 21.

ORDINANCE NO. 260

A BILL FOR AN ORDINANCE PROVIDING FOR THE SALE OF THE
ELECTRIC LIGHT PLANT AND WATER SYSTEM OF THE CITY OF ROLLA,
MISSOURI.

Whereas, the City of Rolla, Missouri, on the 16
day of March, 1922, entered into a certain contract and agreement
with one A.E. Martin, which said contract and agreement is in
words and figures as follows:

This contract and agreement entered into by and between
A.E. Martin of the County of Phelps, and the State of Missouri,
party of the first part; and the City of Rolla, Missouri, a muni-
cipal corporation duly organized and existing under the laws of
the State of Missouri, as a city of the fourth class, and herein-
after designated as the city, party of the second part, witnesseth:

That the party of the first party hereby purchases from
the party of the second part, the electric light and power plant,
and water system, with all the appurtenances thereto belonging,
together with the lot and building thereto belonging, the same
being lot No. in Block No. City of Rolla, Miss-
ouri, upon the following terms and conditions:

That the party of the first part pay to the party of the
second part, the full sum of sixty-six thousand dollars (\$66,000)
as follows:

The sum of thirty thousand dollars (\$30,000) to be paid
in monthly instalments of two hundred and fifty dollars (\$250)
each, to be paid on the 15th day of each and every month after
the taking effect of this contract, until the full sum of thirty
thousand dollars (\$30,000) is paid. The sum of thirty-six thous-
and dollars (\$36,000) to be paid in service furnished by the
party of the first part to the party of the second part as follows;

The sum of two hundred and fifty dollars (\$250) to be paid in service each and every month for a period of twelve years; said service to consist of street lights as now established on Eighth & Pine Street, same to be all night service. The remainder of streets to be lighted, as now established or as extended on what is commonly called a moonlight schedule. Said services are to further consist of pumping water for the city fountain located on Sixth & Pine Street, and water ample for fire purposes and for flushing and cleaning sewers. In addition to the conveyance of the property hereinbefore mentioned by the party of the second part to the party of the first part, the party of the second part hereby grants to the party of the first part a franchise to use all the streets, public allies and other places for the use of poles, wires and other equipment necessary for the conduct of said electric light and water system, for a period of twenty years from the taking effect of this agreement.

It is further mutually agreed by the parties hereto, that upon the taking effect of this contract, that the party of the second part shall make, execute and deliver in escrow good and sufficient deeds and conveyances, conveying to first party all the property herein purchased from the second party, and that said deeds and conveyances shall so remain in escrow until the first party has fully complied with all the terms of this agreement.

It is further mutually agreed by the parties hereto, that in addition to the sums herein specified to be paid by the party of the first part to the party of the second part as a consideration for the property herein purchased, the second party shall have the right to use the present room now used by the second party as a City Hall for its Council meetings, and as offices shall be in the following form:

for the City Collector, and City Marshal, and the jail as now used, and room for its fire department as now used. And to the use of all cinders from said power house, provided same is hauled and distributed by the second party at its own expense, the uses of said property to continue during the term of the franchise herein granted to the first party.

The party of the first part accepts the property herein sold to him by the second party in its present condition; and is to pay all expenses for the repairs of motors, now being repaired in the City of St. Louis. The water system herein sold and conveyed shall at the expiration of the franchise herein granted revert to the second party.

The party of the first part is to give to the party of the second part a good and sufficient bond to be approved by the Mayor and Board of Aldermen of the second party, conditioned that the first party shall make the payments and furnish the services as herein provided.

And whereas, it is provided by section 10173 of R.S. 1919 that said contract and agreement shall have no legal form until the same shall be submitted to a vote of the qualified voters of the City at a general or a special election or the City and ratified by a majority of two thirds of the votes polled at such election.

Therefore, be it ordained by the Board of Aldermen of the City of Rolla, as follows:

Section 1. That said contract be and is hereby submitted to the qualified voters of the City of Rolla for their approval or rejection, at the general election to be held in the City of Rolla, on Tuesday, the 4th day of April, 1922.

Section 2. The ballots to be used at said election, shall be in the following form:

1. For the ratification of the contract entered into between the City of Rolla and A.E. Martin for the sale of the electric light plant and water system of the City of Rolla. Yes.

2. For the ratification of the contract entered into between the City of Rolla, and A.E. Martin for the sale of the electric light plant and water system of the City of Rolla, Mo. No.

3. Said election shall be conducted under provisions of the ordinances of the City of Rolla, pertaining to general elections, except that the ballots cast and the returns thereof, shall be made up separate and apart from all other propositions voted on at said election.

Approved March Mar 16 1922.

ORDINANCE NUMBER 262

An Ordinance defining Specifications for first class concrete paving.

Be it ordained by the Board of Aldermen of the City of Rolla, Missouri, as follows:

GENERAL PROVISIONS

1. LAWS TO BE OBSERVED. The contractor at all times shall observe and comply with all local-by-laws, ordinances and regulations in any manner affecting the conduct of the work, and all such orders or decrees as exist at present and those which may be enacted later by bodies or tribunals having any jurisdiction or authorities over the work. The contractor shall, procure all permits and licences, pay all charges and fees necessary and incident to the due and lawful prosecution of the work.

2. ALTERATION OF PLANS. The right is reserved by the Engineer to make from time to time such alterations in the plans or in the character of the work as may be considered necessary or desirable to complete fully and perfectly the proposed construction, provided such alterations do not change in the general features the original plans and specifications, and such alterations shall not be considered as a waiver of any conditions of the contract or bond nor to invalidate any of the provisions thereof. Should such alterations in the plans result in an increase or decrease not to exceed twenty-five per cent (25%) of the quantity of work to be performed, the Contractor shall accept payment in full at the contract unit prices for the actual quantities of work done. No allowance will be made for anticipated profits.

3. INTERPRETATION OF PLANS, ETC. On all plans, drawings, etc., the figured dimensions shall govern in the case of discrepancy between the scales and figures. The Contractor shall take no advantage of any error or omission in the plans or of any discrepancy between the plans and specifications, and the Engineer shall make such corrections and interpretations as may be deemed necessary for the fulfillment of the intent of the specifications and of the plans as construed by him, and his decision shall be final.

4. MEASUREMENTS OF QUANTITIES. All work completed under contract shall be measured by the Engineer according to the United States Standard Measures.

5. SPECIAL WORK REQUIREMENTS. Should any construction or conditions which are not covered by the standard specifications be anticipated on any proposed work, "Special Provisions" for such work will be stated on or attached to the proposal form and shall be considered a part of these specifications the same as though contained fully herein. Should any such Special Provisions or requirements conflict with these specifications the "Special Provisions" shall govern.

6. EXTRA WORK AND FORCE ACCOUNT. The contractor shall perform extra work for which there is no quantity and price included in the contract or where increases or decreases in quantities beyond the limits set out in Estimate of Quantities are made or whenever, to complete fully the work as contemplated, it is deemed necessary or desirable and such extra work shall be done in accordance with the specifications therefor or in the best workmanlike manner as directed. This extra work will be paid for at a unit price or lump sum to be agreed upon previously in writing by the parties to this contract, or where such a price or sum cannot be agreed upon by both parties or where this method of payment is impracticable, the Engineer may order the Contractor to do such work on a "Force account" basis.

All extra work done on a "Force Account" basis will be paid for in the following manner:

(a) For all labor, teams and foremen in direct charge of the specific operation, the Contractor shall receive the current local rate of wage, to be agreed upon in writing before starting such work for each and every hour that said labor teams and foremen are actually engaged in such work, to which shall be added an amount equal to fifteen per centum (15%) of the sum thereof. No charge shall be made by the Contractor for organization, overhead expense, nor shall any charge for superintendence be made except when there shall be necessarily employed on the proposed extra work at any one time and in one place six (6) laborers or more in which case a foreman may be employed and his actual expense to the Contractor charged to the extra work for the actual time employed.

(b) For all materials used, the Contractor shall receive the actual cost of such materials, including freight charges, as shown by original receipted bills, to which cost shall be added a sum equal to fifteen per centum (15%) thereof.

(c) For any machine power, tools or equipment, including fuel and lubricants, which it may be deemed necessary or desirable to use, the Engineer shall allow the Contractor a reasonable rental price to be agreed upon in writing before such work is begun, for each and every hour that said tools or equipment are in use on such work and to which sum no percentage shall be added.

(d) The compensation as herein provided shall be received by the Contractor as payment in full for extra work done on a force account basis, and shall include superintendence, use of tools and equipment for which no rental is allowed and profit. The Contractor's representative and the Inspector shall compare records of extra work done on a force account basis at the end of each day. Copies of these records shall be made upon suitable forms provided for this purpose, by the Inspector and signed by both the Inspector and the Contractor's representative, one copy being forwarded, respectively, to the Engineer and one to the Contractor. All claims for extra work done on a force account basis shall be submitted to the Engineer by the Contractor upon certified statements to which shall be attached original receipted bills covering the cost of and the freight charges on all materials used in such work, and said statements shall be filed not later than the tenth (10th) day of the month following that in which the work was actually performed and shall include all labor charges, etc., and material charges in so far as they can be verified.

(e) For all employees' liability insurance, the Contractor shall be allowed full cost, to which sum no percentage will be added.

7. UNAUTHORIZED WORK. Work done without lines and grades being given, work done beyond the lines and grades shown on the plans or as given, except as herein provided, or any extra work done without written authority will be considered as unauthorized and at the expense of the Contractor and will not be measured or paid for. Work so done may be ordered removed and replaced at the Contractor's expense.

8. PROSECUTION OF THE WORK. The contractor shall give his constant personal attention to the work while it is in progress, or shall place it in charge of a competent and reliable superintendent who shall have full authority to act for him, and who shall be acceptable to the Engineer, and shall prosecute the work at such points and in such order as the Engineer may from time to time direct. If at any time during the work, progress satisfactory to the Engineer shall not have been made, the Contractor shall increase the force, tools, equipment as directed by the Engineer, but the failure of the Engineer to give such directions shall not relieve the Contractor of his obligations to complete the work at the time and in the manner specified in this contract. Should the prosecution of work for any reason be discontinued by the Contractor with the consent of the Engineer, he shall notify the Engineer at least twenty-four (24) hours before again resuming operations.

9. CHARACTER OF WORKMEN AND EQUIPMENT. The Contractor shall employ such superintendents, foremen and workmen as are careful and competent, and the Engineer may demand the dismissal of any person or persons employed by the Contractor in, about or upon the work who shall misconduct himself or be incompetent or negligent in the due and proper performance of his or their duties or any of them, or neglects or refuses to comply with the directions given, and such person or persons shall not be employed again thereon without the written consent of the Engineer. Should the Contractor continue to employ or again employ such person or persons, the Engineer may withhold all estimates which are or may become due, or the Engineer may suspend the work until such orders are complied with. The Contractor shall furnish such equipment as is considered necessary for the prosecution of the work in an acceptable manner and at a satisfactory rate of progress. Equipment used on any portion of the work shall be such that no injury to the roadway, adjacent property or other highways will result from its use.

10. CO-OPERATION OF CONTRACTOR REQUIRED. The Contractor will be supplied by the City with two copies of the plans and of the specifications, and he shall have available on the work at all times during the prosecution of the work, one copy each of said plans and specifications. He shall give the work his constant attention to facilitate the progress thereof and shall cooperate with the Engineer in every way possible. He shall have at all times a competent and reliable English-speaking representative on the work, authorized to receive orders and to act for him.

11. PUBLIC CONVENIENCE AND SAFETY. The Contractor at all times shall conduct the work in such a manner as to ensure the least obstruction to traffic practicable. The convenience of the general public and of the residents along and adjacent to the street shall be provided for in an adequate and satisfactory manner.

SPECIFICATIONS
 ONE-COURSE CONCRETE PAVEMENT
 AT

DESCRIPTION. This pavement shall consist of Portland Cement Concrete, laid in one course, ~~with~~ without reinforcement, constructed on the prepared subgrade, in accordance with these specifications. Unless otherwise shown in the plans, it shall be uniformly 7 inches in thickness.

1. MATERIALS

1. PORTLAND CEMENT: The Portland Cement must meet the requirements of the Standard Specifications and Tests for Portland Cement, adopted by the American Society for Testing Materials, under requirements specified in A.S.T.M. Standards 1918, Serial Designation C 9-17, with all subsequent amendments and additions thereto adopted by said Society and by this Institute (Standard No. 1).

2. AGGREGATES: Before delivery on the job, the contractor shall submit to the engineer a twenty-five (25) pound sample of each of the fine and coarse aggregates proposed for use. These samples shall be tested and if found to pass the requirements of the specifications similar material shall be considered as acceptable for the work. Aggregates containing frost or lumps of frozen material shall not be used. Approval of source of supply of material by the engineer is necessary before delivery of materials shall be started.

FINE AGGREGATE. The fine aggregate shall consist of clean, hard, durable, uncoated particles of sand preferably of a siliceous nature, free from lumps of clay and organic matter. Where approved by the Engineer, a combination of washed or dustless screenings and sand, containing not more than fifty (50) per cent by volume of screenings may be used for the fine aggregate.

(a) Washed or Dustless Screenings. The washed or dustless screenings used as fine aggregate shall consist of material obtained by crushing hard, durable rock or gravel and shall be free from lumps of clay or of crusts of hardened material at the time of use. If the screenings are produced from rock, the rock shall show a French coefficient of wear of not less than 7.

(b) Impurities. Fine aggregate containing appreciable quantities of mica, shale, slate, ochre or other soft grains shall not be used. It shall not contain over three (3) per cent by weight of organic matter and clay combined, not to exceed one-half of one per cent by weight of organic matter. In no case shall fine aggregate containing lumps of frozen material be used.

(c) Grading. Fine aggregate shall be well graded from coarse to fine and when tested by means of laboratory screens and sieves shall meet the following requirements, unless otherwise specified by the engineer.

Passing 1/4 inch screen.....	not less than 95%
Passing Standard No. 20 mesh sieve.....	30% to 60%
Passing " " 50 " "	not more than 20%
Passing " " 100 " "	not more than 5%

(d) Mortar Strength Test. When the fine aggregate is mixed with Portland Cement in the proportions of one (1) part of cement to three (3) parts of fine aggregate by weight, according to standard methods of making 1 to 3 mortar briquettes, the resulting mortar at the ages of seven (7) and twenty-eight (28) days shall have a tensile strength of at least 100 per cent of that developed, in the same time, by mortar of the same proportions and consistency, made of the same cement and standard Ottawa sand.

COARSE AGGREGATE. The coarse aggregate shall consist of particles of clean, hard, tough, durable rock in the form of either gravel or crushed material. It shall contain no shale, slate, coal, ochre or other materials which easily disintegrate. It shall be free from vegetable or other deleterious matter, and shall contain no soft, thin or elongated pieces. In no case shall coarse aggregate containing lumps of frozen or partly cemented material be used.

(a) Crushed Stone. When crushed stone is used, it shall be obtained from rock of fairly uniform quality, having a French coefficient of wear of not less than 6.

(b) Gravel. Gravel used for coarse aggregate shall show high resistance to abrasion, and no gravel which in the opinion of the Engineer does not show wearing qualities at least equal to crushed stone having a French coefficient of wear of 6 shall be used.

(c) Grading. All stone and gravel used as coarse aggregate shall be well graded, and shall range from $2\frac{1}{2}$ " down to $\frac{1}{4}$ " inch unless otherwise specified by the Engineer.

3. MIXED AGGREGATE: Crusher-run stone, bank-run gravel or artificial prepared mixtures of fine and coarse aggregate shall not be used.

4. WATER: The water used for this work shall be subject to the approval of the engineer. It shall be clean, free from oil, acid, alkali, or vegetable matter, and neither brackish nor salty.

5. REINFORCING MATERIALS: The reinforcement shall consist of flat sheets of steel fabric. The materials shall be manufactured from steel which shall develop an ultimate tensile strength of not less than sixty thousand (60,000) pounds per square inch, and shall bend one hundred and eighty (180) degrees around one (1) diameter and straighten without fracture; all reinforcement shall be free from excess rust, scale, paint or coating of any character, which will tend to prevent its bond with the concrete.

Fabric reinforcement shall consist of members rigidly attached at all joints or points of intersection, and shall have an effective weight of not less than (....) pounds per one hundred (100) square feet. The main members shall be spaced not more than six (6) inches apart and the secondary member shall be spaced not more than twelve (12) inches apart. The fabric shall be furnished in flat sheets of a length equal to four (4) inches less than the width of the pavement, unless otherwise permitted by the City Engineer.

6. DOWEL PINS: $5/8$ inch round deformed steel tie bars shall be used at transverse and longitudinal joints.

7. JOINT FILLER: The filler for all transverse joints shall consist of prepared strips of fibre matrix and bitumen, or similar material of approved quality ($1/2$) inch in thickness. The filler for longitudinal joints along the curb shall, at the discretion of the engineer, consist of the same material as specified for the transverse joints or of bitumen which will not become soft enough to flow in hot weather or brittle in cold weather. The thickness of longitudinal joints filled with bitumen shall be ($1/4$) inch.

8. All materials furnished shall be subject to the approval of the City Engineer, and the contractor shall furnish all facilities for inspecting them when required, which inspection shall take place before said materials, or any part thereof, are in any manner used in the construction of said improvements by the contractor.

The delivery of both fine and coarse aggregate on the sub-grade shall be at the discretion of the City Engineer.

II. GRADING

9. All grading will be classified and paid for as earth, and no extras will be allowed in case the contractor encounters a rock or other materials, unless rock excavation is specifically included in the proposal and estimates.

10. GRADING: The earth roadbed on which the pavement is to rest shall be graded, as directed by the City Engineer, to the required depths below the intended surface of the street, in accordance with stakes set by him. The surface of such roadbed shall be parallel to, and conform to the cross-section of the pavement when finished. The rough grading shall first be done by plowing and scraping, or in any manner the contractor may choose, but the earth shall be left sufficiently above the proposed sub-grade to allow for rolling. After this is done the contractor shall construct the curb and gutter and then properly roll the sub-grade with as little delay as practicable, after the curb is set with a roller weighing not less than five (5) tons. The contractor shall then place templates from gutter to gutter as directed by the Engineer, and then proceed to dress down to a true surface, or else fill up, as may be required by the Engineer. Then it shall be rolled again and the contractor shall again place templates, and the surface shall be again dressed down, or filled up, when it shall again be rolled. This shall be repeated until the surface of the roadbed shall be true to surface and the ground thoroughly compacted to the proper sub-grade. The rolling shall be done under the direction of the City Engineer and to his satisfaction. Such portions of the roadbed as cannot be reached by the roller shall be made solid by ramming, and all soft, spongy places, not affording a firm foundation, shall be dug out by the contractor, and all trenches shall be filled with good rock, as the Engineer may direct. In all places where filling is required to bring the road to the required height, it shall be done in layers not to exceed eight (8) inches in depth, and rolled as often as the City Engineer may require. After final rolling street shall be carefully checked and no material shall be placed upon it until sub-grade is correct. Any material placed upon a sub-grade which the template shows not to be correct shall be removed. No dressing or trimming immediately in front of the mixer will be permitted under any circumstances.

11. CONNECTING APPROACHES: All approaches connecting streets to be paved with other streets and driveways, or alleys, intersecting, shall be cut or filled as they may be, so that the same shall conform to stakes set by the Engineer.

12. HAUL, DUMPING, ETC.: All surplus material taken from the street shall be hauled by the contractor to any place the City Engineer may direct, and when hauled more than 1,000 feet the contractor shall be allowed cents per cubic yard for each 100 feet in excess of 1,000 feet. The contractor will be required to do all the dumping and spreading of the dirt at the place or destination at the time the material is dumped, and to finish dump to gradestakes if required by the City Engineer.

13. NO PLOWING BELOW SUB-GRADE: In case the contractor plows below said sub-grade, he will be required to fill the same material as has been removed with rock, or with other material approved by the Engineer without extra cost to the city.

14. PRICE TO INCLUDE ALL TRIMMINGS, SHAPING OF PARKS AND DRIVEWAYS, ETC.: Grading will be paid for by the cubic yard at the price named in the contract; it will be estimated in excavation only. The price per cubic yard shall include all the grading and trimming of parks and sidewalks, and all intersecting streets and alleys, the trimming, shaping, refilling, picking down, and surfacing to bring the surface of completed roadbed, after it has been rolled or rerolled, to the exact surface required by the City Engineer, and shall include all and every expense of carefully stretching lines and placing templates as directed by the Engineer, and all other expenses, direct or indirect, connected with the proper performance of one work, and maintaining the same in perfect condition, until the same is received by the Engineer.

15. SOFT MATERIAL: When the Engineer shall order an excavation made below sub-grade for the purpose of removing mud, clay or other soft material, work so ordered shall be done by the contractor.

and the same filled up with dry earth obtained where the Engineer may direct, or with rock or concrete, if the Engineer so directs, and all tamped thoroughly and made firm and secure. The excavation and filling shall be paid for at the price per cubic yard stated in the contract for material used.

16. CROSSWALKS AND INTERSECTIONS: The contractor shall do all necessary grading, as required by the City Engineer, on the sidewalks, burms, parks, crossings or in the street intersections contiguous to the block under contract, at the price per cubic yard named in the contract for street grading before receiving final estimate.

17. MAINTAINING SUBGRADE: It is especially understood that the contractor shall maintain the surface of the roadbed in perfect condition until the same is received by the City Engineer.

18. EXERCISE CARE IN HAULING MATERIAL: The contractor must exercise care in hauling earth or other material, so that the same shall not be scattered along the street, and where the same is hauled over paved streets the contractor shall be required to remove any earth, or other material, scattered on the pavement; and if he fails to do so within a reasonable time the debris shall be removed by the Street Commissioner and the cost of removing same deducted from the final estimates.

19. ROLLING: All rolling shall be done under the supervision of the City Engineer, and in strict conformity with his instructions, and at such times and places as he may direct, and so as to cause as little delay as practicable. The city reserves the right to postpone or omit the rolling at any time or place when in the judgment of the City Engineer, rolling is impracticable or unsafe, on account of wet weather or other cause; or to order a preliminary coating of sand, or a temporary planking of the earth surface during the first rolling.

20. CONTRACTOR RESPONSIBLE FOR ANY DAMAGES: The contractor shall be responsible, both personally and on his bond, for any damage done to property or person by reason of the use of the steam roller on the public streets, and he must exercise great care in moving the roller from one location on to another, so as not to frighten horses or damage pavements, sidewalks, crossings, etc.

21. ACCEPTANCE: No concrete shall be deposited until the sub-grade is checked and accepted by the engineer.

III. FORMS

22. MATERIALS: Where forms are required, they shall be free from warp and of sufficient strength to resist springing out of shape. Wood-forms shall be of not less than two (2) inch stock.

23. SETTING: The forms shall be well staked or otherwise held to the established line and grade.

24. TREATMENT: All mortar and dirt shall be removed from forms before they are used.

IV. CURBING

25. The curb shall be made in forms, its dimensions shall beinches at the bottom,inches at the top andinches in depth, and built in sections.....feet in length. Crushed lime stone ^{or gravel} shall be used, in which case the stone shall be crushed to uniform size; the greater dimensions of which shall not exceed three-fourths (3/4) of an inch and shall be free from dirt or dust or other foreign material. The stone and cement together with the sand, shall be thoroughly mixed in the proportion 1:2:4 by volume afterwards adding water enough to give it proper working consistency. Not more than thirty minutes shall elapse

after mixing before the concrete is placed in the forms. Concrete is to be placed in layers not over five inches in depth and to be thoroughly tamped to secure compactness. Top of curb must not be finished with a neat cement coat; finish shall be accomplished by troweling.

26. All curbs shall be set to lines and grades given by the City Engineer. City Engineer has right to reject and cause to be removed any sections of all curbing now in that are broken or does not come up to grade.

27. Measurements for payment of curb shall be made on outer face after same is set. Corners will be paid for on their actual linear measurement same as straight curb.

28. At the cross streets, alleys and driveways, as may be indicated by the City Engineer, the curb will be returned to the property line according to the plans of the City Engineer, and the spaces between the curbs in said streets and alleys are to be paved under this contract.

29. INTEGRAL CURB: An integral curb may be required at the discretion of the City Engineer.

30. CONSTRUCTION: A concrete integral curb shall be constructed, as shown on the plans, to the established grade and in a continuous line on each side of the street.....(....) feet from and parallel with the center line thereof, except at all intersections of streets, alleys, and driveways where it shall be returned to the street line, and at these intersections it shall be rounded to such a radius as the engineer may direct.

The concrete for integral curbs shall be of the same materials and proportions as that required for the pavement.

When integral concrete curbs are required the curb shall be built monolithic with the base course or pavement.

The top and inside surface of integral curb shall be given a smooth finish and completed with the pavement to the point of stopping each day's work.

31. CURING. The concrete protection curb shall be cured by covering completely with approximately three inches of earth or eight inches of straw. The covering shall be applied as soon as the concrete has set sufficiently to prevent marring of the surface. The covering shall remain in place for at least one week.

V. PAVEMENT SECTION

32. WIDTH, THICKNESS OF CONCRETE AND CROWN: The pavement shall be ~~forty~~ ^{forty}.....(40) feet wide from face to face of curb;(7) inches in depth at the center and(7) inches in depth at the sides. The finished surface shall conform to the lines as shown on the plans attached hereto.

33. CROWN: The crown shall be uniformly(7) inches

34. LOCATION OF JOINTS: Transverse joints shall be placed across the pavement and shall be in width and distance apart as shown on the plans. Spacing between transverse joints shall be not less than fifty (50) feet. (Current practice has favored increasing the distance between transverse joints and results have proven the practice advisable). A longitudinal joint(7) inches wide shall be constructed between the curb and the pavement, if straight curb is used. All joints shall extend through the entire pavement where a separate curb is used. All joints shall extend through the entire thickness of the pavement and shall be perpendicular to the surface of the pavement. Contractor shall endeavor to complete the concrete slab up to a specified transverse joint each evening.

If, at the discretion of the City Engineer a center longitudinal joint is advisable the same rules as for transverse joints shall govern.

35. JOINTS: At the close of each day's work unless a regular joint is reached, and also when the process of depositing concrete is stopped for a length of time such that, in the opinion of the Engineer, the concrete has taken its initial set, a butt construction joint shall be made perpendicular to the center line of the pavement. Section less than ten feet in length between header boards shall not be permitted.

For this joint there shall be used a clean plank having a thickness of not less than two (2) inches, a width not less than the thickness of the pavement and a length not less than the width of the pavement. The plank shall be cut true to the crown of the finished pavement and shall be accurately set and held to place in a plane at right angles to the longitudinal surface of the pavement.

The top surface of the header shall be protected with steel. On the face along the center of the header there shall be fastened a trapezoidal, rectangular or circular piece of metal or wood the full length of the header two and three-fourths inches wide and at least three-fourths inches in depth, to form a grooved joint.

When the header board is removed care shall be taken so as not to break down the edges of the finished pavement. When work is resumed the fresh concrete shall be spaded into the groove so as to form an interlocking joint. After the concrete has become partially set the edge of the slab along the construction joint shall be slightly rounded with an edging tool.

Upon the resumption of work any surplus concrete remaining upon the subgrade shall be removed. The plank shall then be carefully removed and the fresh concrete deposited against the old in such a manner as to avoid interference with the edge of the old concrete.

All catch basins, manhole tops, poles or other fixed objects which project through the pavement shall be separated from the concrete by a joint filler, similar in requirements to that used for transverse and longitudinal joints.

36. JOINT FILLER: All transverse joints shall be formed by inserting during construction and leaving in place the required thickness of prepared strips of fibre matrix and bitumen or similar material of approved quality which shall extend through the entire thickness.

VI. MEASURING MATERIALS AND MIXING CONCRETE

37. MEASURING: The materials for each batch of concrete shall be measured in a definite measure, such that a uniform proportion of each ingredient, including water, will be assured. One (1) bag of cement, as packed by the manufacturer and containing ninety-four (94) pounds net shall be considered as one (1) cubic foot. Fine and coarse aggregate shall be measured loose.

38. CONSISTENCY: There shall be used such an amount of water that the consistency of all the batches of concrete will be the same. There will not be permitted a consistency that would tend to separate the fine particles from the coarse.

The consistency of the concrete shall be determined by the following test; A frustum of a cone, four (4) and eight (8) inches in diameter, top and bottom, respectively, and twelve (12) inches in length shall be filled with concrete which shall be tamped until all voids are filled and slight film of mortar appears on the surface. The cylinder shall then be removed and the vertical settlement or "slump" of the concrete noted. This settlement shall not exceed one (1) inch when the mechanical finishing machine is to be used and shall not exceed two inches when the finishing is to be done by other methods permitted by the Engineer.

39. MIXING CONDITIONS: No concrete shall be mixed while the air temperature is at or lower than thirty-five (35) degrees F., and no materials containing frost shall be used. Bags of cement or fine aggregate containing lumps or crusts of hardened material shall not be used. The concrete shall be mixed only in such quantities as is required for immediate use and any which has developed initial set or has been mixed longer than thirty (30) minutes shall not be used.

All concrete shall be effectively protected from the action of frost for a period of at least five (5) days after it is deposited in the work. All concrete which has not been properly protected as above specified and concrete which may have become damaged by frost shall be replaced at the Contractor's expense upon written notice from the Engineer.

Concrete shall not be placed upon a frozen subgrade.

40. MIXING CONCRETE: Concrete shall be mixed in a batch mixer of a type approved by the Engineer. No mixer shall be used which requires less than one (1) sack of cement per batch.

The mixer shall be equipped with an attachment for automatically timing each batch of concrete so that all the materials will be mixed together for the minimum time required. The timing device shall consist of an automatic arrangement for locking the discharge chute or it shall consist of a device which will warn the operator when all the materials have been mixed together the required period. In case the timing or locking device becomes broken or fails to operate, the Contractor shall immediately place before the mixer operator a clock or watch having a second hand. In case the timing or locking device is not repaired or made effective within three (3) days from the time it became unserviceable, the mixer shall be shut down until the proper repairs are made.

The type of mixer shall insure uniform distribution of the materials throughout the mass until the mixture is uniform in color and smooth in appearance. All of the materials, including the water for each batch of concrete, shall be mixed at least one (1) minute while the drum revolves at the speed for which it was designed, but between fourteen (14) and twenty (20) revolutions per minute. If a thorough mixing of the concrete, in the opinion of the Engineer, is not affected by this process, a sufficient number of additional revolutions at the same rate shall be given until a thorough mixing of each batch of concrete is secured. Any concrete mixed less than one minute as specified herein shall be dumped outside of the forms and removed from the road at the entire expense of the Contractor. The volume of material mixed per batch shall not exceed the manufacturer's rated capacity of the drum.

No material for a batch of concrete shall be placed in the drum of the mixer until all of the previous batch has been discharged therefrom. Water shall be added at the time the materials are being run into the mixer.

(a) Central Mixing Plants. The use of central mixing plants and the transportation of mixed concrete to the road will be permitted, provided that there is no segregation of the concrete when it arrives at the point where it is to be deposited in the street, and provided that the period of time elapsing from the time the concrete is mixed until it is deposited in the road does not exceed thirty (30) minutes.

(b) Retempering. Mortar or concrete which has partially set shall not be retempered by mixing the mortar or concrete with additional materials or water.

41. PROPORTIONS: The concrete shall be mixed in the proportions of one (1) sack of portland cement to not more than two (2) cubic feet of fine aggregate and not more than three (3) cubic feet of coarse aggregate, and in no case shall the volume of the fine aggregate be less than one-half ($\frac{1}{2}$) of the volume of the coarse aggregate.

A cubic yard of concrete in place, shall contain not less than one and six-tenths (1.6) barrels of cement.

The Engineer shall compare the calculated amount of cement required according to these specifications and plans attached hereto with the amounts actually used in each section of concrete between successive transverse joints, as determined by actual count of the number of sacks of cement used in each section. If the amount of cement used in any three (3) adjacent sections (between transverse joints) is less by more than two (2) per cent, or if the amount of cement used in any one section is less by more than five (5) per cent of the amount hereinbefore required, the contractor shall remove all such sections and replace the same with new materials, according to these specifications, at his expense.

The belt shall be of canvas or canvas rubber composition from two (2) to four (4) ply and shall have width not less than six (6) inches, and a length at least two (2) feet longer than the width of the pavement. Preferably two (2) belts of different weights shall be used, the lighter one being used for the final belting.

The roller shall be of smooth steel approximately twelve (12) inches in diameter, and shall have a total length of six (6) feet. The weight shall not exceed one pound per inch of length of roller. The roller shall be operated by means of ropes.

(c) Surface Finish General. A suitable bridge, no part of which will come in contact with the concrete surface shall be provided on all work.

Wood floats shall be provided and used to correct defective spots that may appear in the finished surface. All foreign or defective materials that may rise to the surface during the finishing process shall be removed.

Long handled wood floats shall be provided and used to remove defective spots and uneven surfaces. The blade of the long handled float shall be at least three feet in length and eight inches wide.

Hand tampers and belts suitable for finishing the concrete shall be provided on all work for emergency use.

At least two ten foot straight edge timbers shall be provided and kept on the work at all times. The straight edge timbers shall be made light and of material that will not readily warp.

As an alternate to the Roller and Belt finish the Longitudinal Surface Float may be used at the discretion of the City Engineer. (This method of surface finish which is of recent adoption has proven extremely effective in obtaining a smooth riding surface.)

After the concrete has been deposited on the subgrade it shall be levelled off from one-half ($\frac{1}{2}$) to three quarters ($\frac{3}{4}$) of an inch higher than the finished pavement by means of a tamping template to bring the surface to an approximate crown. Immediately after striking off it shall be tamped longitudinally with a wooden longitudinal tamping float, operated by two workmen from two parallel wooden bridges spanning the width of the pavement. This tamping shall be continued until the concrete is thoroughly tamped and the excess of water is brought to the surface. After tamping thorough the two men operating from the bridges shall finish the surface of the pavement, with a wooden longitudinal float. This operation with a wooden longitudinal float, shall consist of an easy motion forward and back in direction parallel to the center line of the street combined with a slight transverse motion and extending from one side of the pavement to the other.

The wooden longitudinal tamper shall be built by securing a two by six piece of lumber on edge to a two by four piece of lumber both the same length and not to exceed twelve feet in length. The four inch side of the two by four shall be used for the tamping edge. Secured to each end of the two by six shall be a handle somewhat similar to a plow handle so that the operator on each bridge shall have an efficient means to operate the tool.

The longitudinal float shall be built by securing a two by six piece of lumber on edge to a one by eight piece of lumber both the same length and not to exceed twelve (12) feet. The eight (8) inch side of the one by eight shall be used for the finishing surface. Secured to each end of the two by six shall be a handle somewhat similar to a plow handle in order that the two men operating this tool shall have an efficient means of handling it.

After the surface has been finished with the longitudinal float it may be given a final transverse belting with a light canvas belt at the discretion of the City Engineer.

(d) Uneven Surface to be Remedied. Within the first six hours after the concrete is finished, or before the concrete has taken its final set, the entire surface of the pavement shall be tested for irregularities or waves by means of a ten foot straight edge. Should there appear at a joint or other point on the concrete

any unevenness amounting to one-quarter ($\frac{1}{4}$) of an inch or over, above or below the general contour of the surface of the concrete as determined above, then the Contractor shall at once take means as will be effective to remove such unevenness and produce a true and uniform surface. On steep grades and super-elevated curves there is a strong tendency for the concrete to flow and the surface to become uneven after the concrete has apparently been finished. Under such conditions the Contractor shall continuously use the straight edge and long handled float to keep the surface smooth until the concrete has hardened sufficiently to become stable.

Should any portion of the surface of the concrete pavement when finished have a wavy effect, which produces a disagreeable effect to traffic even though the depressions may not be as much as one-quarter ($\frac{1}{4}$) of an inch, such portion of the pavement shall be entirely removed and replaced by a new slab of concrete.

46. PROTECTION AND CURING OF CONCRETE PAVEMENT. After the concrete pavement has been finished as above described, it shall be protected from the sun and wind with burlap or canvas. In case the pavement dries too rapidly, resulting in hair cracks or checking, the surface shall be kept wet by means of a fine spray or mist of water. In case there is no checking of the surface it shall be covered with the burlap or canvas after the initial set and then sprinkled several times during the day.

In no case shall canvas be used to protect the surface of concrete that has not set sufficiently to prevent marring of the surface. Burlap, when carefully laid, may be used to protect the fresh concrete surface from rainfall or light frost. The use of canvas or burlap covered frames to protect the freshly finished concrete surface is recommended.

As soon as practicable after the concrete has taken its final set and not later than ten (10) A.M. of the day following the placing of the concrete, all burlap and canvas shall be removed and the entire pavement shall be covered with earth or straw and thoroughly saturated with water, or flooded with water held upon the surface of the pavement by means of earth dikes.

The protection of the surface by means of water held in place by dikes known as the "lake" or "ponding" method is recommended as preferable to earth covering. When the "ponding" method of covering is used, the surface of the pavement shall be kept covered with water for a period of two (2) weeks.

If an earth covering is used, the edges of the pavement shall be banked with earth and the surface of the pavement shall be covered with at least two (2) inches of earth, said thickness being determined after the earth has been thoroughly saturated with water. The earth covering shall be thoroughly saturated with water twice each day at intervals of about twelve (12) hours for two weeks, and the covering shall remain upon the road for at least fourteen (14) days from the time of its application and for a longer period of time, if weather conditions, in the opinion of the Engineer make this desirable.

When straw is used, it shall be at least six (6) inches after having been saturated with water, and shall be kept wet in the same manner as specified for the earth covering.

Before final acceptance of the work and before traffic is permitted on the pavement, the earth covering or straw shall be removed from the pavement by the contractor and disposed of so as to leave the road in a sightly condition.

When the average daily temperature is below 50 degrees F., sprinkling or ponding may be omitted at the discretion of the Engineer, but the edges of the pavement shall be thoroughly banked with earth and the entire surface of the pavement covered with at least two (2) inches of earth for a period of two (2) weeks.

The pavement shall be kept closed to traffic for twenty-one (21) days, or if, in the opinion of the Engineer, the weather conditions make it advisable, the pavement shall be kept closed to traffic a longer period of time. In no event, however, shall there be any hauling on the concrete surface and metal shoulders until the pavement has been cleaned of all earth and other foreign material.

ORDINANCE NO. 263

A bill for an ordinance fixing the rate to be levied for taxes for the year 1923.

Be it ordained by the Board of Aldermen of the City of Rolla, Missouri, as follows:

SECTION 1 : That there be and is hereby levied as a tax upon each and every one hundred dollars of the assessed valuation of all property within the corporate limits of the City of Rolla, made taxable by law, the following sums and amounts:

- A. For general municipal purposes the sum of thirty-three and one-third cents. (33 1/3)
- B. To pay interest on water works bonds and to create a sinking fund to pay said bonds, the sum of twenty-five cents (25).
- C. To pay interest on sewer bonds and to create a sinking fund to pay said bonds, the sum of ten cents (10).
- D. To pay interest on water works improvement bonds and to create a sinking fund to pay said bonds, the sum of sixteen and two-thirds cents (16 2/3).
- E. To pay interest on judgment funding bonds and create a sinking fund, the sum of twelve and one half cents (12 1/2).
- F. To pay interest and create a sinking fund on water works improvement bonds series 1921, twelve and one half cents (12 1/2).

SECTION 2. That there be and there is hereby levied a poll tax for the year 1923, the sum of three dollars (\$3.00), or in lieu thereof three days labor, at the option of the tax payer, upon every able bodied male person between the ages of twenty one and fifty years, residing within the corporate limits of the City of Rolla thirty days preceding this levy.

Ordinance No. 264.

An ordinance leasing to Charles Line certain unoccupied portions of 5th Street, and commons adjacent thereto, for a term of twenty years, said lease being based upon the fact that said commons and a portion of 5th Street are unfit for further public use.

BE IT ORDAINED BY THE CITY OF ROLLA, as follows:

809
SECTION 1. That the City of Rolla has and by this ordinance does lease to Charles Line, his administrators, executors and assigns, for a term of twenty years, the following described tracts and parcels of land, lying and being situate in Rolla, Phelps County, Missouri, to-wit: All that part of 5th Street lying east of Rolla Street and south of the Rolla Creamery, and west of the right-of-way of the St. Louis-San Francisco Railway Company, the said portion of said street being inaccessible and not usable for public purposes on account of its topographical condition, and on account of the obstruction of the St. Louis-San Francisco Railway Company. Also the commons adjacent thereto, lying south of said portion of said 5th Street, east of Rolla Street and west and north of the right-of-way of the St. Louis-San Francisco Railway Company; for the price and sum of Five Dollars (\$5.00) per year, payable in advance upon condition that the said Charles Line shall make, execute and deliver to the said City of Rolla his bond in the sum of One Hundred Dollars (\$100.00), conditioned for the payment of the rental price provided herein.

ORDINANCE NO. 266

A BILL FOR AN ORDINANCE FOR THE IMPROVEMENT OF 7th STREET FROM THE BRICK PAVEMENT ON THE EAST LINE OF PINE STREET TO THE WEST LINE OF THE RIGHT OF WAY OF THE ST. LOUIS & SAN-FRANCISCO RAILROAD COMPANY'S TRACKS, WHERE SAID 7th STREET CROSSES SAID RIGHT OF WAY, BY PAVING THE SAME WITH FIRST CLASS CONCRETE PAVEMENT.

Be it ordained by the Board of Aldermen of the City of Rolla as follows:

SECTION 1. That there is hereby ordered constructed with first class concrete pavement, on 7th Street, from brick pavement on the East line of Pine Street to the West line of the right of way of the St. Louis & San-Francisco Railroad Company, and from curb line to curb line on the said street, as is provided by resolution approved April 12, 1923, and published as required by law.

SECTION 2. The City Engineer is hereby directed to make an estimate of the cost of paving said street with first class concrete pavement, as provided for by said resolution, and the plans and specifications of the City engineer for doing the said work; and the City Clerk shall advertise for bids for the construction of said pavement, and a special tax will be levied, and special tax bills will be issued against the abutting property in payment for said improvement in proportion to the front foot thereof. And this Board of Aldermen finds and declares that the majority of the owners of the property on said street mentioned to be improved and liable to taxation, who also own a majority of the front feet owned by property owners along said street mentioned, have not filed with the City Clerk of said City a protest against said improvement.

SECTION 3. This ordinance shall be in force from and after its approval by the Mayor.

Approved 23 day of July, 1923.

ORDINANCE NO. 267

A BILL FOR AN ORDINANCE PROVIDING FOR LICENSING OF MOTOR VEHICLES, REGULATING OPERATION, USE AND SPEED OF THE SAME, PRESCRIBING PENALTIES FOR VIOLATION OF THIS ORDINANCE.

Be it ordained by the Board of Aldermen of the City of Rolla, Missouri, as follows:

Sec. 1. The term "motor vehicle", as used in this ordinance shall include all vehicles propelled by any power other than muscular power except traction engines, road rollers, fire wagons and engines, police wagons, ambulances and such vehicles as run upon rails or tracks, and shall be deemed to include motor cycles.

Sec. 2. No person shall operate or drive a motor vehicle on any public street, avenue, alley, parkway, or public place in this City after the first day of August, 1912, without first having obtained a license therefor. Any person desiring such a license shall apply to the City Clerk, giving the name and number of his machine, which shall be registered in a book to be kept by him for that purpose, and upon the payment of One Dollar such officer shall issue to him a license for the term ending January 31st, 1913, and thereafter for a term of one year. The City Clerk shall issue to such person so applying a distinctively numbered license, which shall be carried in, upon or about such motor vehicle while the same is in operation and shall be exhibited to any officer of the City upon demand. There is hereby levied a license tax of Two ^{and twenty-five cents (\$2.25)} Dollars per annum upon each and every motor vehicle. Provided, this section shall not apply to any person owning or operating a vehicle who may be passing through the City.

Sec. 3. It shall be unlawful for any person to operate or drive a motor vehicle at a speed in excess of ²⁰ ~~15~~ miles per hour upon any public street, avenue, alley, parkway or public place in this City. It shall be the duty of such person to sound his bell,

horn, or other device for signalling before approaching the crossing of any street, alley or avenue, which is to give notice and warning of his approach.

Sec. 4. It shall be unlawful for any person to operate or drive upon any public street, avenue, alley, parkway or public place in this City any motor vehicle unless the same shall be provided with adequate brakes and in good working order, and sufficient to control such vehicle at all times when same is in use, and a suitable and adequate bell, horn or other device for signalling, and shall during the period for one half hour after sunset to one half hour before sunrise display at least two lights on the front, and one red light to the rear, or one light which shall display the lighted lamp to the front and a red light visible to the rear.

Sec. 5. It is hereby made the duty of the City Clerk to make a monthly report to the Board of Aldermen the number of licenses issued, the person to whom issued, and the amount collected therefor. ✓

Sec. 6. Whenever a person operating a motor vehicle shall meet in any public street, avenue, alley, parkway or public place in this City any person riding or driving a horse or horses, or other animals, or any other vehicle, the person operating such motor vehicle shall reasonably turn the same to the right of the center of such highway so as to pass without interference. When any such person so operating a motor vehicle shall overtake any such horse, animal, or other vehicle the rider or driver of such horse, animal or other vehicle shall as soon as practicable turn to the right so as to allow free passage on the left hand side. Any such person so operating a motor vehicle shall at the intersection of streets, avenues, alleys, or other public places, keep to the right of the intersection thereof when turning to the right, and pass to the

right of such intersection in turning to the left.

There is hereby established at the center of the intersections of 6th, 7th, 8th and 9th Streets with Pine Street markers as now constructed or as may hereafter be constructed; and it shall be the duty of all persons operating motor vehicles ^{or having them} to drive at a suitable distance to the right of such marker. No motor vehicle shall be turned around in any block, but turns must be made in a careful and cautious manner at street ^{such} intersections ^{as in the Ord. Amended} and to the right of the center of such intersection. Any person so operating a motor vehicle shall use care and caution in meeting and passing horses. Any person violating any of the provisions of this Section shall be subject to the penalties hereinafter prescribed.

Sec. 7. Any person operating or driving a motor vehicle, shall, on signal by raising the hand from a person riding, leading or driving a horse or horses or other animals, bring such motor vehicle immediately to a stop, and if traveling in the opposite direction remain stationary so long as may be reasonable to allow such horse or animal to pass, and if traveling in the same direction use reasonable caution in passing such horse or animal; provided that in case such horse or animal appears badly frightened or the person operating such motor vehicle is so signalled to do, such person shall cause the motor of such vehicle to cease running so long as shall be reasonably necessary to prevent accident, and insure the safety of others. Upon approaching a pedestrian who is upon the traveled part of any highway, and not upon the side walk, and upon approaching an intersecting street, avenue, or alley, or a public place or a corner in or on a public street, avenue, alley, parkway or public place, where the operator's view is obstructed, every person operating a motor vehicle shall slow down, and give a timely signal with his bell, horn or other device for signaling. Any person violating any of the provisions of this Ordinance shall be subject to the penalties hereinafter prescribed.

Sec. 8. SPEEDING. Any person operating any motor vehicle within the corporate limits of the City of Rolla at a greater rate of speed than ²⁵ ~~15~~ miles per hour shall be guilty of speeding.

Sec. 9. INTERSECTIONS. When motor vehicles meet at any intersections of streets, the motor vehicle to the right of the driver shall have the right of way across said street intersection.

Resolution No. 17

Whereas a large number of citizens and tax payers of the City of Rolla, Missouri, have filed with the Mayor and Board of Alderman of the City of Rolla their petition requesting the Mayor and Board of Alderman to construct or caused to be constructed, a via duct or subway under the tracts of the St. Louis and San Francisco Railroad Company at the intersection of said tracts with Pine St. in the City of Rolla, Missouri, and whereas, the construction of said via duct or subway would in the opinion of the Mayor and Board of Alderman practically abolish the grade crossings at the intersection of Sixth Street and said St. Louis and San Francisco Railroad tracts and at the intersection of Rolla Street and said railroad tracts and would thereby greatly lessen the danger of accidents at said graded crossings and would afford a safe highway between that portion of the City lying North and West of said Railroad tracts, and that part of said City lying East and South of said Railroad tracts and would be a great convenience to all citizens of Rolla and elsewhere.

Be it resolved by the Board of Alderman of the City of Rolla, Missouri, that we hereby declare it a public necessity that said via duct or subway be constructed under the tracts of the St. Louis and San Francisco Railroad Co. at the intersection of said tracts with Pine Street in the City of Rolla, Mo.

further

Be it resolved that the Mayor be and is hereby empowered and authorized to appoint a suitable committee of three, ~~consisting of two members of the Board of Alderman and one citizen~~ to take up said matter with the proper officers and officials of said St. Louis and San Francisco Railroad Company and use all proper and legal means to cause said via duct or subway to be constructed and make all proper and suitable terms with said Railroad Company necessary to be made to cause said via duct or subway to be constructed, and to report same to the Mayor and Board of Alderman for their approval or rejection at the next regular meeting of the Board of Alderman.

ORDINANCE NO. 272
