## <u>INDEPENDENT AUDITORS' REPORT</u>

Honorable Mayor and City Council City of Rolla Rolla, Missouri

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit and each major fund of the City of Rolla, Missouri, as of and for the year ended September 30, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Rolla, Missouri's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, the discretely presented component unit and each major fund of the City of Rolla, Missouri, as of September 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Honorable Mayor and City Council City of Rolla Rolla, Missouri

In accordance with *Government Auditing Standards*, we have also issued our report dated January 31, 2011, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis, budgetary comparison information, and schedules of funding progress are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

The management's discussion and analysis of the City of Rolla's financial performance provides an overview of the City's financial activities for the fiscal year ended September 30, 2010. Please read it in conjunction with the City's financial statements, which begin on page 15.

#### Financial Highlights

- The net assets of the City's governmental activities increased by \$109,993 for the year as a result of current year activities. The net assets of the City's business activities increased \$549,253 for the year.
- The assets of the City exceeded its liabilities as of September 30, 2010, by \$95.4 million (net assets). Of this amount \$9.6 million was unrestricted and may be used to meet future obligations of the City.
- Total long-term liabilities of the City decreased by \$142,590.
- Total estimated construction costs for fiscal year 2010 were \$23,247,739 compared to \$16,701,266 in fiscal year 2009. Overall, 107 new housing units were added in fiscal year 2010. Residential housing is starting to rebound from the recent downturn in the national economy.
- Beginning in May 2010, various departments within the City of Rolla are participating in an Energy Efficiency Program. These departments include; City Hall Building Services, Police Department, Fire Department, Sewer Department and the Centre. The total project cost is \$2,032,435 with a projected annual savings of \$126,276. The lease purchase financing associated with this project is for a 15 year term at a fixed rate of 4.05%.
- The 2004 State Revolving Fund Cross-over Bond was completed in fiscal year 2009. In March 2009, the \$4.9 million payment was made and the last payment for the debt services obligation will be made in fiscal year 2012. As a result of the refunding, the City saved in excess of \$200,000 on interest and reduced the total payment term by two years.
- The Recreation Center completed its eighth full year of operations in 2010, achieving an 80% recapture rate. SplashZone ended the year with 112% recapture. Overall, revenues for the Center decreased by 2% while expenditures increased by 3%. Revenues for SplashZone increased 5% while expenditures increased 9%.

#### Using This Annual Report

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements tell how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds.

#### Government-Wide Financial Statements

One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the City's net assets and changes in them. The City's net assets – the difference between assets and liabilities – are one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net assets are one indicator of whether its financial health is improving or deteriorating.

In the Statement of Net Assets and the Statement of Activities, we divide the City into three kinds of activities:

- Governmental Activities Most of the City's basic services are reported here. Taxes are the primary source of financing for these activities.
- Business-Type Activities The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's sewer and sanitation services are provided here.
- Component Unit The City has one component unit, which is Rolla Municipal Utilities whose activities are presented in the Government-Wide financial statements.

#### Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds and not the City as a whole. Some funds are required to be established by state law and by bond covenants. However, the City Council establishes many other funds to help it control and manage money for a particular purpose or to show that it is meeting legal responsibilities for using certain taxes and grants.

• Governmental Funds – Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and the governmental funds are shown in a reconciliation following the fund financial statements.

Proprietary Funds – When the City charges customers for the services it provides – whether to
outside customers or to other units of the City – these services are generally reported in
proprietary funds. Proprietary funds are reported in the same way that all activities are reported
in the Statement of Net Assets and the Statement of Activities. The Internal Service Fund is used
to account for charges made to other units of government for health insurance premiums.

#### Notes to the Basic Financial Statements

The Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### **Governmental Activities**

Governmental activities increased the net assets of the City by \$109,993. Tax revenues for the City were \$13.8 million, which represents 78% of the financing of these activities. Program revenues for the functions totaled \$3.2 million or 18% of the funding. The following table shows the cost of the City's programs as well as each programs net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the taxpayers by each of these functions.

The Recreation Center Fund increased by \$242,675. The Park Fund increased by \$4,001. The Airport Fund decreased by \$848. The Cemetery Fund increased by \$5,450. The Park Land Reserve Fund increased by \$190.

The General Fund budgeted an operating surplus in fiscal year 2010 in the amount of \$454,168 and ended the year with a surplus of \$375,767. After a 0.15% increase in fiscal year 2009, sales tax receipts decreased by 1.01% in 2010. The General Fund receives approximately 40% of its revenues from sales tax.

City Council established a goal of a General Fund Reserve Balance equal to 25% of the annual General Fund operating expenditures. The fund balance in the General Fund was \$2,313,427 or 24% at fiscal year end.

From 2002 through September 30, 2010, the Fire Department received approval for a total of \$1,350,000 in Weapons of Mass Destruction Grants through the Homeland Security Department. Although the previous grants were awarded and expended within the year of award, the balance remaining in grant funds is estimated to be \$65,000 and will be expended in fiscal year 2011.

Expenditures were budgeted to exceed revenues by \$519,057 in the Street Fund in 2010 but ended with a deficit of \$281,372. The Street Fund receives two ½ cent sales taxes (the Transportation Sales Tax and the Capital Improvement Sales Tax) and motor fuel taxes. Sales tax receipts declined 1.01% in fiscal year 2010.

The ½ cent Recreation Centre (Park) tax also decreased 1.01%. Total operating revenues equaled \$1,206,000 and total operating expenditures at the Recreation Centre equaled \$1,509,000. Fiscal year 2010 was the eighth full year of operations for the Recreation Centre. While management continues to strive to achieve the 100% recapture goal established by City Council the operating recapture rate for the Centre was 80%. SplashZone achieved a 112% recapture rate in fiscal year 2010.

## General Fund Budgetary Highlights

Differences between the original and the final amended budget can be summarized as follows:

- The original revenue budget of \$9,111,123 was decreased to \$9,086,260.
- The total original expenditures budget of \$9,419,027 was increased to \$9,687,668.

Budget adjustments were presented and approved by City Council. Actual revenues were \$131,988 under budget, while actual expenditures were \$111,587 under budget.

For fiscal year 2010, there were no year-end budget adjustments required.

#### Capital Asset and Debt Administration

## **Capital Assets**

Capital assets of the governmental activities were \$80.3 million (net of accumulated depreciation) as of September 30, 2010. This represents a \$732,234 decrease from the prior year due primarily to current year provisions for depreciation. Net capital assets for business-type activities was \$24 million as of September 30, 2010. This represents a decrease of \$161,528 from the prior year.

#### **Debt**

Total debt of the governmental activities as of September 30, 2010, was \$13 million, which is down by \$812,691 from the prior year due to current year principal payments.

Total debt of the business-type activities as of September 30, 2010, was \$10.1 million, which netted an increase of \$897,897 due to payments made on the City's capital leases and revenue bonds and the issuance of new capital leases for an energy project.

#### Economic Factors and Next Year's Budget

City spending patterns will continue to require a more conservative approach to help rebuild reserves and careful monitoring considering the sensitive local, state and national economies.

Economic Development – In fiscal year 2004 City Council entered into a five-year contract for services with Rolla Regional Economic Commission (RREC). That contract was extended for another five years in December, 2009 but contributions have been reduced from \$115,000 to \$105,000. In addition the City is working on the development of new commercial areas along I-44 including "Rolla West", Bryant Drive extension and Kingshighway improvements. In addition, the City entered into a TIF Redevelopment Agreement with Kohls to construct a new large retail center on North Highway 63.

Sales tax revenues decreased 1.01% in fiscal year 2010. Staff will continue to monitor the situation closely, but anticipates sales tax growth of 1% in fiscal year 2011. Rolla has a solid economic base with a low unemployment rate, solid tourism trends and sustained growth with healthcare, education (Missouri S&T) and Fort Leonard Wood. The loss of Briggs & Stratton continues to impact the local economy but new projects such as Walgreens, Kia Dealership, St. John's Medical facility, Colton's Steakhouse, Benton Square, other downtown revitalization projects and the MS&T Technology Park certainly pose significant strengths and opportunities.

The City's self-funded health insurance program ended calendar year 2010 with an employee contribution rate of 34.58%. This percentage is made up of premiums withheld from payroll, co-payments and deductibles paid by employees. Note: the employee contribution calculated from the internal service fund reported in this audit does not include the co-payments and deductibles paid by employees.

Planning for a new consolidated public services facility received only nominal effort in 2010. Property has been acquired behind the existing Recycling Center and a master plan has been completed. The plan for this facility is to one day house the departments of Environmental Services, Vehicle Maintenance, Park Maintenance, Street and Animal Control.

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES Year Ended September 30, 2010

| Net change in fund balances - total governmental funds   | \$<br>345,863            |
|--|--------------------------|
| Amounts reported for governmental activities in the statement of activities are different because:   |                          |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of these assets is allocated over their estimated useful lives on a straight line basis and reported as depreciation expense. The following is the detail of the amount by which depreciation exceeded capital outlays for the year.   |                          |
| Capital outlay Depreciation  | 2,630,658<br>(3,578,038) |
| Disposal of capital assets, net  | <br>(5,804) (953,184)    |
| Some revenues reported in the governmental funds represent current financial resources and were recognized in the statement of activities when earned  | (5,825)                  |
| The issuance of long-term debt provides current financial resources to governmental funds. The repayment of the principal of long-term debt is a use of current financial resources of governmental funds. Also, governmental funds report the effect of issuance costs and similar items when debt is issued, whereas these amounts are deferred and amortized in the statement of activities. In the statement of activities, interest is accrued on outstanding debt whereas in the governmental funds, an interest expenditure is reported when due. The following is the detail of the net effect of these differences. |                          |
| Lease proceeds   | (961,266)                |
| Repayment of principal on bonds, leases and loans  | 2,072,022                |
| Issuance cost amortization   | (13,928)                 |
| Change in accrued interest payable   | <br>(664)                |
|  | 1,096,164                |
| Some expenditures reported in the governmental funds represent the use of current financial resources and were recognized in the statement of activities when incurred.  | (298,065)                |
| Internal service funds are used by management to charge the costs of various activities internally to individual funds. The net expense of certain activities  |                          |
| of the Internal Service Fund is reported with governmental activities.   | <br>(74,960)             |
| Change in net assets of governmental activities  | \$<br>109,993            |

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Rolla, Missouri, (the City) was incorporated on January 25, 1861, under the provisions of the State of Missouri. The City operates under a City Council-Mayor form of government and provides the following services as authorized by its charter: public safety (police and fire), streets, culture-recreation, public improvements, planning, and general administrative services. Other services include sewer operations and sanitation services. Rolla Municipal Utilities provides water and electric services.

The accounting policies of the City conform to accounting principles generally accepted in the United States of America as applicable to governments. In accordance with GASB-20 (Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting), the proprietary funds and similar trust funds apply Financial Accounting Standards Board (FASB) pronouncements, Accounting Principles Board (APB) opinions and Accounting Research Bulletins (ARBs) issued on or before November 30, 1989, except those pronouncements that conflict with or contradict GASB pronouncements, in which case, GASB prevails. The following is a summary of the more significant policies.

## **Financial Reporting Entity**

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. Financially accountable means the primary government is accountable for the component unit and the primary government is able to impose its will or the component unit may provide financial benefits or impose a financial burden on the primary government. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The City is a primary government, which is governed by an elected board. As required by accounting principles generally accepted in the United States of America, the City has evaluated the above criteria to determine whether any other entity meets the definition of a component unit and must be included in these financial statements. The City has determined that the entity described in the following paragraph meets the above criteria and therefore, has been included as a component unit in the City's basic financial statements.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## Component Unit

Rolla Municipal Utilities was established by City Ordinance in 1944. Rolla Municipal Utilities is operated by a Board of Public Works, the members of which are appointed by the Mayor and approved by the City Council. In accordance with GASB Statement 14, after consideration of the financial benefits and other criteria, Rolla Municipal Utilities has been included as a component unit in the City's reporting entity. Rolla Municipal Utilities' audited component unit financial statements for the year ended September 30, 2010, are available in their entirety at Rolla Municipal Utilities.

After due consideration of each criteria, especially the substance of the City's relationship with organizations/entities and using professional judgment, an organization was excluded from the City's financial statements because significant financial accountability does not exist. This organization together with the reasons for its exclusion from the City's reporting entity is as follows:

The Phelps County Landfill Board is an independent organization that operates a county wide landfill. The board members are representatives of the cities within Phelps County, Missouri, and a representative of the Phelps County Commission. The City provides daily managerial and accounting services for a monthly fee. The Phelps County Landfill Board maintains oversight responsibility and holds title to its assets. The City does not have budgetary authority, has no control over selection of Board members, and is not responsible for funding deficits. The landfill has been closed and is no longer accepting refuse. However, the Phelps County Landfill Board operates a transfer station for the disposal of area solid waste.

#### Government-Wide and Fund Financial Statements

The basic financial statements include both the government-wide (the Statement of Net Assets and the Statement of Activities) and fund financial statements.

#### GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide statements display information about the government as a whole. Interfund activity has been eliminated from these statements to minimize the duplication of internal activities. Governmental activities, which are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely on fees and charges for services for support.

In the government-wide Statement of Net Assets, both the governmental and business-type activities are consolidated and presented on the full accrual, economic resources basis of accounting. The consolidated presentation incorporates long-term assets and receivables as well as long-term debt and obligations, and it provides information to improve analysis and comparability.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function of the City's governmental and business-type activities. Direct expenses are those that are specifically associated with a program or a function. Program revenues include charges for goods or services offered by the programs and grants and contributions that are restricted to meet operating and capital expenses of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

#### FUND FINANCIAL STATEMENTS

Separate fund financial statements report information on the City's governmental and proprietary funds. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. Consequently, the emphasis on near-term inflows and outflows of resources do not present the long-term impact of transactions. Conversely, the proprietary fund statements incorporate the accrual basis of accounting and focus on the change in total economic resources. This presentation records long-term assets and liabilities, and recognizes revenues and expenses when transactions occur, regardless of their impact on the flow of cash. Since the accounting differs significantly between the governmental funds and the proprietary funds, it is necessary to convert the governmental fund data to arrive at the government-wide financial statements. Therefore, reconciliations have been provided following the Governmental Funds Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balance identifying categories that required conversion from the fund statements.

The City reports the following major governmental funds:

<u>General Fund</u>: The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

<u>Street Fund</u>: The Street Fund of the City is used to account for resources restricted for the street department and certain other capital improvements within the City.

<u>Recreation Center Fund</u>: The Recreation Center Fund is used to account for tax revenues and charges for services related to the City's Recreation Center.

<u>Park Fund</u>: The Park Fund is used to account for tax revenues and charges for services related to the City's Park.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Airport Fund</u>: The Airport Fund is used to account for charges for services and expenditures of the City Airport.

<u>Cemetery Fund</u>: The Cemetery Fund is used to account for resources restricted for the City Cemetery.

<u>Park Land Reserve Fund</u>: The Park Land Reserve Fund is used to account for proceeds from the sale of park land.

The City reports the following major proprietary funds:

<u>Sewer Fund</u>: The Sewer Fund accounts for the activities and capital improvements of the City's sewer system.

<u>Environmental Services Fund</u>: The Environmental Services Fund accounts for the activities and capital improvements of the City's sanitation department and recycling center.

<u>Internal Service Fund</u>: The Internal Service Fund accounts for the costs of self-insurance funds on a cost-reimbursement basis.

#### Capital Assets

Capital assets include land, buildings, improvements, equipment, and infrastructure assets (e.g., roads, bridges, storm sewers, and similar items) and are included in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, excluding land, are defined by the City as assets with a cost of \$5,000 or greater and an estimated useful life of at least one year. All land purchases are capitalized regardless of cost. All purchased fixed assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated fixed assets are valued at their estimated fair market value on the date received. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Historically, governmental infrastructure assets have not been capitalized and reported in the financial statements. In conformity with GASB 34, infrastructure, such as streets and storm sewers, completed in the current year has been capitalized. Additionally, the city elected to depreciate its infrastructure assets. Depreciation is provided in amounts sufficient to relate the cost of the depreciable assets to operations over their estimated service lives on the straight-line basis. The service lives by type of asset are as follows:

| Laboratory and general equipment        | 10 years     |

Expenditures for maintenance and repairs are charged to expense; renewals and betterments are capitalized.

## Pooled Cash and Cash Equivalents

The City pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash account is available to meet current operating requirements.

## <u>Unreserved Fund Equity</u>

The unreserved fund balances for governmental funds represent the amount available for budgeting future operations.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## <u>Inventories</u>

## **Primary Government**

Inventories are stated at the lower of cost or market. Cost is determined using the first-in, first-out method. Inventory usage is recognized on the consumption method.

#### **Rolla Municipal Utilities**

Inventories are state at the lower of cost or market. Cost is determined by the average cost method.

#### Compensated Absences

#### **Primary Government**

Annual vacation leave is earned by all full-time employees. Upon termination, employees are entitled to receive compensation for up to 6 weeks unused accrued vacation leave.

Effective October 1, 1990, the City adopted a sick leave policy whereby full-time employees with five years or more employment with the City can accumulate up to 18 weeks sick leave. Upon retirement or resignation in good faith, full-time employees are entitled to one-sixth (1/6) regular pay for the first nine weeks unused sick leave and one-third (1/3) regular pay for any unused sick leave above nine weeks to a maximum of 18 weeks in total.

Liabilities for compensated absences are determined at the end of the year based on current salary rates. Compensated absences are reported in the Statement of Net Assets for both the governmental and business-type activities. The accumulated annual leave of the Enterprise Funds is included as an accrued liability of such funds.

Liability for sick leave was recognized during the current year based on the following criteria:

- 1) The City's obligation relating to sick leave is attributable to employees' services already rendered.
- 2) The obligation relates to rights that vest or accumulate.
- 3) The amount can be reasonably estimated based on current pay rates.

Compensated absences are recorded as a liability in the Statement of Net Assets.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## **Rolla Municipal Utilities**

Annual vacation leave is earned by all full-time employees. Upon termination, employees are entitled to receive compensation for unused accrued vacation leave up to a maximum of 240 hours. Liabilities for compensated absences are determined at the end of the year based on current salary rates.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## **Interest Capitalization**

Interest expense that relates to the cost of acquiring or constructing fixed assets in the Enterprise Funds is capitalized. Interest expense incurred in connection with construction of capital assets has been reduced by interest earned on the investment of funds borrowed for construction in accordance with FASB Accounting Standards Codification (ASC) Topic No. 835-20-30 – *The Amount Interest Cost to be Capitalized in Situations Involving Certain Tax-Exempt Borrowings and Certain Gifts and Grants*. There was no interest capitalized during the current fiscal year.

## Revenue Recognition - Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and are due and payable at that time. All unpaid taxes levied November 1 become delinquent after December 31 of that year.

#### **Deposits and Investments**

#### **Primary Government**

For financial statement purposes, the City considers all accounts subject to withdrawal by check or on demand to be cash equivalents. All other deposits and certificates of deposit are considered to be investments.

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Rolla Municipal Utilities**

For purposes of the statement of cash flow, Rolla Municipal Utilities considers all accounts subject to withdrawal by check or on demand to be cash equivalents. All other deposits and certificates of deposit are considered to be investments. Investments are stated at fair value. Fair value for investments are determined by closing market prices at year-end as reported by custodian.

#### Net Assets

In the government-wide and proprietary fund financial statements, equity is displayed in three components as follows:

*Invested in Capital Assets, Net of Related Debt* – This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

*Restricted* – This consists of net assets that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation.

*Unrestricted* – This consists of net assets that do not meet the definition of restricted or invested in capital assets, net of related debt.

When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, the City first applies restricted net assets.

#### Post-Employment Health Care Benefits

Retiree Benefits – The City offers post-employment health care benefits to all eligible employees who retire from the City. Retirees are eligible until attainment of Medicare Eligibility Age. Retirees pay a rate less than 100% of the cost, determined by City Council as the City is self-insured.

#### NOTE B – CASH AND CASH EQUIVALENTS

#### **Primary Government**

State statutes require that the City's deposits be insured or collateralized in the name of the City by the trust department of a bank that does not hold the collateralized deposits. As of September 30, 2010, all bank balances on deposit are entirely insured or collateralized.

#### NOTE B – CASH AND CASH EQUIVALENTS (continued)

## **Rolla Municipal Utilities**

State statutes require that the Utility's deposits be insured or collateralized in the name of the Utility by the trust department of a bank that does not hold the collateralized deposits. As of September 30, 2010, all bank balances on deposit are entirely insured or collateralized with securities.

#### NOTE C - INVESTMENTS

During 2009, the City entered into a Development agreement with Batis Development Company ("Developer") and Walgreen Co. The Developer proposed to construct a new development, including a new building which, upon completion, will be purchased and operated as a retail pharmacy by Walgreens. The City proposed to complete various street improvements and the Developer has agreed to incur significant costs towards these improvements which will become public improvements belonging to the City. The City agreed to provide all engineering and construction services, necessary equipment and other services and construction materials necessary to complete the improvements with the exception of a flat contribution of \$150,000 to be contributed by the Developer. The agreement states the City will reimburse Walgreens for the Developer contribution, plus carried interest of 4% annually; however the total amount of the reimbursement shall not exceed \$170,000. The City's obligation to reimburse Walgreens shall not extend beyond five years from the closing date of the Walgreen acquisition of the property from the Developer. Revenues generated by the increased sales tax, property tax, and other tax revenue attributable to the development will be collected by the City to provide for retirement of the debt. The City will make quarterly payments, with the first payment to be calculated three months after Walgreens opens for business and payable to Walgreens within thirty days thereafter. Five year maturities for principal and interest are not presented since the future revenue from the incremental increase in revenues and principal payments will vary from year to year. As of September 30, 2010, the total outstanding balance on the loan is \$75,474.

### NOTE G – LONG-TERM DEBT – BUSINESS-TYPE ACTIVITIES

### **Primary Government**

Long-term debt in the Sewer Fund consists of two lease purchase agreements, and the 1996E and 2000A Wastewater System Revenue Bonds, and the 2006B Sewerage System Revenue Bonds.

### Capital Leases

On July 7, 2006, the City entered into a lease purchase agreement to finance the purchase of a backhoe. The agreement requires annual payments of \$13,874, including interest at 6.49%.

On July 12, 2010, the City entered into a lease purchase agreement to finance an energy savings project. The agreement requires semi-annual lease payments of \$59,298, which includes interest at 4.0%.

### NOTE G – LONG-TERM DEBT – BUSINESS-TYPE ACTIVITIES (continued)

The lease purchase agreements provide for cancellation of the leases on the annual renewal date if the City should fail to appropriate funds. However, the City does not foresee exercising its right to cancel. Therefore, the leases are accounted for as noncancellable capital leases in accordance with FASB ASC Topic No. 840-30-30 - Accounting for Capital Leases.

The total annual minimum lease payments required at September 30, 2010, are as follows:

### 1996E Wastewater System Revenue Bonds

In December 1996, the City entered into an agreement with the Missouri Leveraged State Water Pollution Control Revolving Fund Program to sell \$616,000 in Wastewater System Revenue Bonds, Series 1996E. The bonds bear interest at 3.8% to 6.0%. The interest paid is offset by an interest subsidy from the State of Missouri's 50% bond reserves, which earn interest at 5.20%. Interest payments are due semi-annually on January 1 and July 1 of each year with annual principal payments due January 1 of each year. The bonds also require an administrative fee payable annually on January 1 of each year at .714% of the outstanding principal balance.

The annual debt service requirements to amortize the principal on the 1996E revenue bonds outstanding at September 30, 2010, are as follows:

### 2000A Wastewater System Revenue Bonds

In March 2000, the City entered into an agreement with the Missouri Leveraged State Water Pollution Control Revolving Fund Program to sell \$5,000,000 in Wastewater System Revenue Bonds, Series 2000A. The bonds bear interest at 4.6% to 5.75%. The interest paid is offset by an interest subsidy from the State of Missouri's 50% bond reserves, which earn interest at 5.40%. Interest payments are due semi-annually on January 1 and July 1 of each year with annual principal payments due July 1 of each year. The bonds also require an administrative fee payable annually on January 1 of each year at .714% of the outstanding principal balance.

### **Rolla Municipal Utilities**

Rolla Municipal Utilities entered into a lease purchase agreement during the year ended September 30, 2005, for construction of water towers and other improvements. The lease agreement calls for varying semi-annual principal payments through 2023 with interest at 3.55%. Current maturity of lease principal is \$110,000.

Rolla Municipal Utilities entered into a lease purchase agreement during the year ended September 30, 2009, for construction of electric power substation, purchase transmission lines and related equipment. The lease agreement calls for varying monthly principal payments through fiscal 2029 with interest at 3.885%. Current maturity of lease principal is \$565,000.

These lease purchase agreements provide for cancellation of the leases if the Utility should fail to appropriate funds on the annual renewal dates. However, the Utility does not foresee exercising its right to cancel. Therefore, these leases are accounted for as noncancellable capital leases in accordance with FASB ASC Topic No. 840-30-30 - Accounting for Capital Leases.

### NOTE I – EMPLOYEE PENSION PLAN

### Plan Description

The City of Rolla participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan that provides retirement, disability, and death benefits to plan members and beneficiaries.

LAGERS was created and is governed by statute, section RSMo. 70.600 - 70.755. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and it is tax exempt.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, MO 65102 or by calling 1-800-447-4334.

### NOTE I – EMPLOYEE PENSION PLAN (continued)

### **Primary Government**

### **Funding Status**

Full-time employees of the City of Rolla do not contribute to the pension plan. The June 30<sup>th</sup> statutorily required contribution rates are 11.9% (General), 6.7% (Police) and 14.9% (Fire) of annual covered payroll. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute.

### Annual Pension Cost (APC) and Net Pension Obligation (NPO)

The subdivision's annual pension cost and net pension obligation for the current year were as follows:

| Annual required contribution               | \$<br>834,397 |
|--|---------------|

The annual required contribution (ARC) was determined as part of the February 28, 2007, and February 29, 2008, annual actuarial valuation using the entry age actuarial cost method. The actuarial assumptions included (a) a rate of return on the investment of present and future assets of 7.5% per year, compounded annually, (b) projected salary increases of 4.0% per year, compounded annually, attributable to inflation, (c) additional projected salary increases ranging from 0.0% to 6.0% per year, depending on age and division, attributable to seniority/merit, (d) pre-retirement mortality based on the RP-2000 Combined Healthy table set back 0 years for men and 0 years for women, and (e) post-retirement mortality based on the 1971 Group Annuity Mortality table projected to 2000 set back 1 year for men and 7 years for women. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The amortization period as of February 28, 2007, was 15 years for the General division, 15 years for the Police division, and 15 years for the Fire division. The amortization period as of February 29, 2008, was 15 years for the General division, 15 years for the Police division, and 15 years for the Fire division.

The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

### **Rolla Municipal Utilities**

### **Funding Status**

Full-time employees of Rolla Municipal Utilities do not contribute to the pension plan. The June 30<sup>th</sup> statutorily required contribution rate is 12.1% (General) of annual covered payroll. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute.

- (1) Under Article VI, Section 26(b) and (c), Missouri Constitution, the City, by a vote of its qualified electors voting therein, may incur an indebtedness for any purposes authorized in the charter of the City or by any general law of the State of Missouri. The borrowings authorized by this section shall not exceed ten percent of the value of the taxable tangible property in the City.
- (2) Under Article VI, Section 26(d) and (e), Missouri Constitution, the City, by a vote of its qualified electors voting therein, may become indebted not exceeding in the aggregate an additional ten percent for the purpose of acquiring rights of way, constructing, extending, and improving streets and avenues, and/or sanitary or storm sewer systems; and purchasing or constructing waterworks, electric or other light plants, provided that the total general obligation indebtedness of the City does not exceed twenty percent of the value of the taxable tangible property in the City.

### NOTE K – DEFERRED REVENUE

CENEDAL ELIND

Revenues from receivables not expected to be collected in time to pay current operating expenses are deferred until received in the governmental funds. These deferred revenues include special assessments to be collected over several years and other receivables. All of the deferred revenue at September 30, 2010, is accounted for as follows:

| GENERAL FUND        |               |

### NOTE L - COMMITMENTS

### **Primary Government**

At September 30, 2010, the City was committed to the following:

- Donald Maggi, Inc. in the amount of \$69,201 for street improvements.
- Siemens Industry, Inc. in the amount of \$1,422,703 for various energy improvement projects.
- DigIt Construction and Excavation, LLC in the amount of \$44,286 for demolition projects.

### **Landfill Closing Obligation**

In January 1995, the City, along with the five other Phelps County Landfill Board members, entered into a "Contract of Obligation" with the Missouri Department of Natural Resources (DNR) to satisfy the financial assurance requirement for landfill operations. The Landfill Board members are obligated to close the landfill in a manner that meets DNR's standards and to properly maintain the closed landfill for 20 years thereafter. If the closure and post-closure is not done properly, the "Contract of Obligation" authorizes DNR to collect \$166,344 from any funds due the members from the Missouri Department of Revenue and the State Treasurer to compensate the State for corrective procedures.

### **Rolla Municipal Utilities**

The City of Rolla (the City) is a member of the Missouri Joint Municipal Electric Utility Commission (MJMEUC). Rolla Municipal Utilities (RMU) represents the City with respect to MJMEUC matters. MJMEUC manages a power pool known as Missouri Public Energy Pool #1 ("MoPEP"). The City is a member of MoPEP. All MoPEP members (including the City) have an agreement (the "MoPEP Agreement") with MJMEUC for the purchase of electric capacity and energy from MJMEUC. The MoPEP Agreement requires MJMEUC to supply the full energy requirements of the City and includes a procedure for the City to dedicate its capacity to MoPEP.

### NOTE L – COMMITMENTS (continued)

MoPEP member and is currently comprised of 33 members. The Pool Committee is charged with setting rates for all services provided by MJMEUC to MoPEP members. These rates include recovery of all of MJMEUC's costs (the "Direct Costs") incurred in connection with acquiring, providing, arranging or financing the provision of full requirements service to MoPEP members. Such rates are based upon an annual budget and include, but are not limited to, all payments MJMEUC is required to make, or reserves or coverage MJMEUC is require to maintain, pursuant to any bond indenture, financing lease or loan agreement of other financial contract in order to procure, deliver, or finance resources intended to provide full requirements service, without regard to whether any particular resource is available to or used by any particular MoPEP member. Direct Costs also include amounts required to fund MoPEP capital and/or operating reserves as may be established from time to time by the Pool Committee.

The rates are established so as to charge each MoPEP member (including the City) its proportionate share of all costs associated with MJMEUC's performance under the MoPEP Agreement. Charges based on such rates are assessed and billed monthly. Rates are required to be established at least annually and adjusted to recognize variances between budgeted and actual costs at least every six months.

To meet the power and energy requirements of the City and the other MoPEP members, MJMEUC presently obtains power and energy from the following sources: (i) power purchased under long-term firm energy contracts, unit-contingent energy contracts and interruptible contracts; (ii) MJMEUC owned generation; (iii) member capacity; and (iv) spot market purchases. The City purchases its full energy requirements from MJMEUC pursuant to the MoPEP Agreement, but does not have any ownership interest in MJMEUC's resources.

In the event a MoPEP member would cancel the MoPEP Agreement, the member would remain responsible for its allocated share of MJMEUC's Direct Costs associated with all resource obligations entered into by MJMEUC for MoPEP prior to the notice of cancellation. MJMEUC would utilize or sell the member's allocated share of output in exchange for providing the member a credit or offset equal to the fair market value of the output up to the amount of the member's obligation. As a result, the member would have a financial obligation after cancellation in the event that the fair market value of the output is less than the member's allocated share of MJMEUC's Direct Cists with respect to the resource obligations at the time of cancellation. Since the amount of the cancelling member's obligation would depend on MJMEUC's Direct Costs after cancellation and the fair market value of the output at such times in the future, the amount of the obligation is not reasonably determinable. Currently, RMU has no plans or intentions to begin cancellation proceedings.

The net power cost charges by MoPEP to RMU for the year ended September 30, 2010, was \$18,688,509.

### NOTE M – RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has transferred its risk by obtaining coverage from a public self-insured insurance pool. In addition, it has effectively managed risk through various employee education and prevention programs. There has been no significant reduction in insurance coverage from the previous year.

### NOTE N – DEFERRED BOND ISSUE COSTS

During 2004, the City issued the General Obligation Capital Improvement Bonds and General Obligation Refunding Bonds. The issue costs will be amortized as an adjustment to interest expense using straight-line amortization over 15 years and 10 years, respectively.

During 2000, the City issued the Series 2000A Wastewater System Refunding Revenue Bonds. The issue costs will be amortized as an adjustment to interest expense using straight-line amortization over 20 years.

During 2006, the City issued the 2006B Sewerage System Revenue Bonds. The issue costs will be amortized as an adjustment to interest expense using straight-line amortization over 20 years.

These deferred bond issue costs are presented net of current amortization as follows:

|                          | Accumulated        |         |               |            |              |        |                   |         |

### NOTE O – SELF INSURANCE

In 1983, the City established a medical self-insurance plan for City employees and their covered dependents to minimize the total cost of medical health insurance to the City. This program is for the benefit of all City employees covered under the City of Rolla's Employee Medical Plan. Medical claims exceeding an individual participant limit of \$75,000 are covered through a private insurance carrier up to \$925,000 annually.

### NOTE O – SELF INSURANCE (continued)

The cash transactions of the health care plan are accounted for in the Self-Insurance Health Fund, and internal service fund. At September 30, 2010, the estimated obligation of health claims based on claims filed prior to, but not yet paid, as of year-end, claims incurred during the year but filed subsequent to year-end, and an additional amount for incurred but not reported claims based on prior experience was \$106,177. Changes in estimated benefit obligation during the past year are as follows:

| Estimated Benefit Obligation, beginning of year | \$<br>45,822  |
|---|---------------|
| Claims incurred                                 | 1,804,815     |
| Claims paid                                     | (1,744,460)   |
| Estimated Benefit Obligation, end of year       | \$<br>106,177 |

### NOTE P – INTERFUND TRANSFERS

Interfund transfers for the year ended September 30, 2010, consisted of the following:

|                             | Tr | ansfers In | Tr | ansfers Out |  |
|-----------------------------|----|------------|----|-------------|--|

Transfers are used to (1) move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to disburse them, and (2) use unrestricted receipts in the Enterprise Funds and General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

### NOTE Q – POSTEMPLOYMENT HEALTH CARE PLAN

Plan Description – The City's postemployment health care plan is a single-employer defined benefit medical plan. To be eligible for participation in the plan, retirees must meet certain retirements as set by the City and remains eligible until attainment of Medicare Eligibility Age. Eligible participants receive benefits in the form of an implicit rare subsidy where participants receive health insurance coverage by paying a blended retiree/active rate.

Funding Policy – The contribution requirements of plan members and the City are established and may be amended by City Council. Current contribution requirements require participants to pay the full blended premium. The City funds the plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation – The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC) of the City, an amount actuarially determined in accordance with the parameters of GASB-45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the City's annual OPEB cost for the year ended September 30, 2010:

| ARC                             | \$<br>237,100 |
|---------------------------------|---------------|
| Interest on net OPEB obligation | -             |
| Adjustment to ARC               | <br>          |
| Annual OPEB cost (expense)      | \$<br>237,100 |

The change in net OPEB obligation was as follows:

Actuarial Methods and Assumptions – The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities, consistent with the long-term perspective of the calculations. In the 2009 actuarial valuation, the projected unit credit cost method was used, and the interest rate used for discounting liabilities was 4.0%. The actuarial valuation assumed a medical premium inflation rate based on long term health care trends generated by the Getzen Model. The medical premium inflation rate was 7.10% for 2010, with annual rate reductions to an ultimate rate of 4.4% in 2060. The unfunded actuarial accrued liability is amortized over the maximum acceptable period of 30 years, and the valuation assumed that 40% of all future retirees will elect medical coverage.

### NOTE R – RELATED PARTY TRANSACTIONS

Rolla Municipal Utilities provides water and electric services to the City of Rolla. It also provides billing and collection services to the City for PILOT, sewer and sanitation services. The City of Rolla paid RMU a total of \$158,499 in FY 2010 for billing services. The City paid RMU \$792,816 in FY 2010 for water and electric services.

### NOTE S – RELATED ORGANIZATIONS

The Rolla Public Library is a political subdivision of the State of Missouri created under Chapter 182 of the Missouri Revised Statutes. The Library is governed by a Board of Directors appointed by the Mayor of the City of Rolla. The Board of Directors possesses its own contracting and budgetary authority, hires and fires personnel and does not depend on the City for operating subsidies. Although the City does serve as the taxing authority, its role is limited to a ministerial function. The determination to request approval of a tax, the tax rate and purpose are discretionary decisions made solely by the Board of Directors. Financial information may be obtained from Rolla Public Library at 900 Pine Street, Rolla, MO 65401.

### NOTE T - PLEDGED REVENUES

The City has pledged future water and sewer customer revenues to repay the Series 1996E, 2000A, and 2006B Water Pollution Control Revenue Bonds issued to improve and expand the sewer system. The bonds are payable solely from sewer customers net revenues and are payable through 2027. Net revenues are revenues of the system less expenses of the system with the exception of depreciation. The total principal and interest remaining to be paid on the bonds is \$8.5 million. Principal and interest paid for the current year and total customer net revenues were \$695,042 and \$1,072,005, respectively.

### NOTE U – RESTATEMENT

### CITY OF ROLLA, MISSOURI NOTE TO BUDGETARY COMPARISON SCHEDULES Year Ended September 30, 2010

### **Budgets and Budgetary Accounting**

The City utilizes the following procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to October, Administration submits to the City Council a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditure plans for all fund types and the proposed means of financing them.
- 2. One public hearing is conducted by the City Council in late August or early September to obtain taxpayers' comments on the proposed budget and tax levy.
- 3. Prior to October 1, ordinances are passed by Council, which provide for legally adopted budgets for all funds of the City.
- 4. The City operates on a program performance budget system, with legally adopted budgets prepared by fund, program and department. The level of budgetary control is at the department level. The City's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of City Council.
- 5. Formal budgetary integration is employed as a management control device for all funds of the City.
- 6. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with GAAP. Budgeted amounts may be amended during the year by City Council on approved budget adjustment forms.

### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and City Council City of Rolla Rolla, Missouri

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit and each major fund of the City of Rolla, Missouri as of and for the year ended September 30, 2010, and have issued our report thereon dated January 31, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Internal Control over Financial Reporting

In planning and performing our audit, we considered the City of Rolla, Missouri's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Honorable Mayor and City Council City of Rolla Rolla, Missouri

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we considered to be material weaknesses, as defined above.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Rolla, Missouri's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we have reported to the management of the City of Rolla, Missouri in a separate letter dated January 31, 2011.

This report is intended solely for the information and use of the Honorable Mayor, City Council, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
